CLEARWATER CHRISTIAN COLLEGE LIBRARY

Attendance at Clearwater Christian College is a privilege made possible by gifts from Bible-believing churches and sacrificial giving of individuals. Students should be grateful always for those who have provided for most of the cost of their education and realize that attendance is a privilege and not a right.

Philosophy and Objectives

A Message From The President

Clearwater Christian College is a college with a purpose. It is a college with a commission from the Lord. It is a college which is truly Biblical and truly American, dedicated to propagating and conserving the historic Christian faith and the conservative ideals that made our nation great.

The liberal arts education provided at Clearwater Christian College is founded upon and constantly tested by the absolute authority of God's Holy Word, the Bible. We believe that an understanding of God's special revelation is absolutely essential to valid knowledge of His creation. "The fear of the Lord is the beginning of knowledge." (Proverbs 1:7).

At Clearwater Christian College we stress academic excellence since our desire is that our graduates be effective witnesses for the Lord at every level of life, including the sciences, the professions, education, etc. We regard so-called secular fields of work not as secular at all, but as fields for witness and service. Every graduate from Clearwater Christian College should be a soul-winner. The basic solution to the basic problems in our nation and in our world is "the Lamb of God that taketh away the sin of the world."

We firmly believe that parents and pastors have a responsibility before the Lord to do all within their power to insure that their young people not enroll in colleges and universities which undermine the historic Christian faith and discredit the Bible. Clearwater Christian College in addition to its standard of academic excellence and its Biblical foundation, maintains an uncompromising stand against worldly sins, the apostasy and the liberal forces that are undermining our American heritage.

We urge everyone to pray for Clearwater Christian College and support it financially.

"Through thy precepts I get understanding, therefore I hate every false way." Psalms 119:104

HISTORY OF THE COLLEGE

On September 17, 1966 fifteen students enrolled at Clearwater Christian College. The fifteen months preceding that date were months of hard work, great preparation but, most importantly, months of much prayer. The Organizing Committee, meeting in the home of Dr. Jack Murray in July 1965, consisted of concerned Christians, many of whom were college professors. These men had a deep concern in their hearts about the trends in evangelical colleges away from Biblical standards of morality, away from the historic Biblical fundamentals of the faith, a lack of emphasis on personal soul winning and a general apathy towards apostasy and worldliness. As these matters were discussed, followed by sessions in prayer, everyone was agreed that the Lord was leading and that we should step out in faith. All agreed that it was in the will of the Lord to start a new college and that the Lord would surely direct and He would provide.

An unexpected telephone call from Florida to the President resulted in an exploratory trip to Florida followed by an intensive year of calling, studying and surveying the possibility of establishing the college on the west coast of Florida. The President moved his family to St. Petersburg in August 1965 and joined the Central Bible Church of St. Petersburg. Out of that church the Lord supplied many of the members of the founding corporation together with other professional personnel from Pinellas County. Out of that church also came the general contractor, the architect, and the building superintendent responsible for the erection of our buildings. In the providence of the Lord, Dr. Jack Murray and Mr. George Reynolds, the architect, met with Derwin B. Smith, who owned the property on which the college is located. Derwin Smith who became a board member, went to be with the Lord on January 3, 1972. The college was able to acquire 50 beautiful waterfront acres located on the main highway, Route 60, between Tampa and Clearwater. The college campus stands at the entrance to the City of Clearwater approaching from the east.

The college was incorporated on January 18, 1967 and approval was received from the IRS in April 1967 listing the college as a tax-deductible institution. The City Commission of Clearwater not only quickly granted zoning approval, but issued a letter signed by the City Manager commending Clearwater Christian College for choosing the City for its location.

Work began early in 1966 on drawings for the first two buildings. The Lord marvelously supplied both funds and financing to make this possible. Construction actually began in the summer of 1966 with completion by the end of the year. The Clearwater Bible Church graciously invited the college to begin classes in its own buildings for which the college is grateful. The library building was completed in April 1970. Groundbreaking services

were held in February, 1973 for a new collegiate size gymnasium and also for a 56-bed men's dormitory.

In late 1971 a law was passed in the state of Florida making all private colleges subject to the jurisdiction of the State Department of Education unless letters could be produced showing that at least three regionally accredited colleges would accept all of the credits in transfer from Clearwater Christian College. The college submitted three such letters, but the law was amended to remove this exception. After examination the college was licensed by the State Department of Education. Clearwater Christian College has maintained firmly its policy of not seeking nor receiving any state or federal aid. The college was begun in the will of the Lord through much prayer. The college will continue to be operated this way and will continue to seek the Lord's guidance and the Lord's provision. Increasing numbers of sound, fundamental, Bible-believing churches recognizing the high standards of the college academically, its high standards of morality, personal character development, and its excellent up-to-date training on vital Christian issues, has resulted in considerable increased support.

DOCTRINAL BASIS

As stated in the Constitution

Among other equally Biblical truths, we believe and maintain the following:

- a. The plenary Divine inspiration of the Scriptures in the original languages, their consequent inerrancy and infallibility, and as the Word of God, their supreme and final authority in faith and life.
- b. The Triune God, Father, Son, and Holy Spirit.
- c. The essential, absolute, eternal Deity, and the real and proper, but sinless, humanity of our Lord Jesus Christ.
- d. His birth of the virgin Mary.
- e. His substitutionary, expiatory death, in that He gave His life "a ransom for many."
- f. His resurrection from among the dead in the same body in which He was crucified and the imminent and premillennial bodily return of Jesus Christ in glory to this earth.
- g. The total depravity of man through the fall.
- h. Salvation, the effect of regeneration by the Spirit and the Word, not by works but by grace through faith.

- i. The everlasting bliss of the saved, and the everlasting suffering of the lost.
- j. The real spiritual unity in Christ of all redeemed by His precious blood.
- k. The necessity of maintaining, according to the Word of God, the purity of the Church in doctrine and life.
- l. And still believing the Apostle's Creed to be a statement of Scriptural truth, we therefore incorporate it in these articles of faith.

PURPOSE OF THE COLLEGE CORPORATION

As stated in the Charter

The object and purpose of this corporation is to establish and operate a Christian liberal arts college, founded upon and tested by the Holy Scriptures and consequently conservative in philosophy. It will grant the Associate of Arts, Bachelor of Arts and such other degrees that its program of instruction may provide and will engage in other related educational activities including the publication and dissemination of educational information.

PURPOSE AND OBJECTIVES

There are many liberal arts colleges in our nation, some purely secular and some Christian, either church-related or denominationally unaffiliated. Nearly all of the Christian colleges in their founding days held to "fundamental beliefs". Today, however, the number of colleges which hold to the fundamentals are few. Many others are making serious concessions to unbeliefs. Along with the de-emphasis of the fundamentals there has been a declining emphasis on character building and personal morality. Personal soul winning is being replaced by group social action. Convinced of the immutability of a righteous God, the Creator of our universe, and the immutability of His Word, the Bible, the founders of Clearwater Christian College felt a sense of commission in establishing a liberal arts college in our day on the basis of the historic Christian faith.

The College is sensitive in its program to the real needs of the world in which we live. While Christians are citizens of heaven they are also citizens on earth and have a responsibility in and to the society in which they live. A student who is in the right relationship with God will be in the right relationship with his fellowman. Sincere and consistent concern for our neighbors can only be achieved when man's deepest attitudes are changed. This occurs only when the individual comes into the right relationship with

God through a personal knowledge of Jesus Christ. Knowing Christ involves more than just being acquainted with Him intellectually as a person in history. It means recognizing God's love for himself as a condemned sinner and receiving Christ personally. An expression of that love will be reflected in a concern for one's neighbor whether he is disadvantaged or a member of the affluent society, yet lacking the most priceless of all possessions, eternal life.

Believing that the historic blessings of God on our nation are attributable to the honored place the Bible and the preaching and teaching of the Bible had in our national life, Clearwater Christian College encourages and supports the form of government given to us by our forebears. The competitive free enterprise system and the right of the individual to his own property is supported by the teachings of Scripture. In our day of "liberal" thought the college affirms that it is "conservative" theologically and politically although the college is not political and does not engage in political action. The Bible is fundamental to the Christian, and the Constitution and its Bill of Rights are fundamental to the American citizen.

The College believes that academic excellence is important to a more effective Christian witness. A slothful servant will not serve his master well. A well trained diligent graduate will command greater attention as he witnesses for Christ. The issues of the day are becoming increasingly complex, and the pressures on the individual are becoming greater and at the same time more subtle. While the student is taught to think he is taught also to evaluate and analyze according to specific unchanging precepts he has learned. It is hoped therefore that the Lord may be pleased to use graduates in places of Christian leadership.

In summary, it is the aim and objective of this institution to create in each student a desire to know God as revealed in His Holy Word, to permit each student to see himself as God sees him, to see and understand creation as the handiwork of God, to understand the responsibility each has to all other men, and to support the conservative ideals which have made our country great and which have provided the framework of freedom wherein this form of education can be successfully consummated.

Student Life

Christian Service

It is the prayer of the founders of Clearwater Christian College that each student during his college years will grow not only academically but spiritually. An important part of a Christian's growth is his own personal testimony for Christ in his outreach to the world around him.

There will be continuous stress on evangelism and personal soul winning while the student is at Clearwater. The student will be reminded frequently that the areas of his life's work are in fact his mission fields. It is the prayer of the board and the faculty that many students will feel led to the pastorate or the foreign mission field while at the College. The Christian student must realize that the primary mission, wherever the Lord leads, is to witness to the saving knowledge of Jesus Christ. We are His ambassadors.

To help to stimulate such an outreach, Clearwater Christian College arranges and sponsors various Christian Service assignments in the surrounding communities. Each student is required to participate in some activity during each semester at the college. There are opportunities for youth work, Bible clubs, Sunday school work, music, visitation, tract distribution, preaching services, beach evangelism, and week-end visitation opportunities. There are opportunities for gospel teams in nearby missions, nursing homes, trailer parks, and churches. In addition there are many, excellent fundamental churches in the Clearwater-Tampa-St. Petersburg area which offer Christian service opportunities.

Extra Curricular Activities

Students are encouraged to participate in extra curricular activities for their own development, mentally, socially, and physically. The Athletic Director encourages participation in intramural sports in addition to the regular athletic program within the league of Christian Colleges in this area. The Director of Student Activities seeks to stimulate and encourage student participation in the social activities of the college such as fishing, boating, swimming, bowling parties, banquets, etc. Most of the student activities are student-organized, under faculty guidance. Procedures for formation and operation of student organizations and activities are detailed in the Student Handbook.

Membership participation, or other identification with local organizations, including religious, musical, athletic groups, etc., is subject to the approval of the dean of students office.

Chapel

The daily chapels are an important part of the college program. Students participate in the musical portions of these services with the President of the college and members of the faculty presenting Bible messages that bear on the issues and concerns of the day.

The college is also fortunate in being able to invite to chapel capable and spiritual area pastors as well as visiting evangelists and Bible conference speakers.

The chapel period on Mondays is devoted to prayer and student testimonies. Chapel attendance is required. A mid-week prayer service is also conducted by the students.

Residence Halls

The men's residence offers accommodations for 56 men and the women's residence for 78 women. At the end of each residence are two apartments for faculty members and house parents. All out-of-town students are expected to live on campus. All single students under the age of 25 are required to live on campus unless they live with their parents, grandparents or guardians. In the event that space is not available in the student residence, outside housing may be arranged by upper classmen with permission.

The residences employ a unique design for family-style living. Each unit has a carpeted living room and tiled bath. Four bedrooms, each with bureau, desks and closets, and twin beds are contained in each air-conditioned unit.

The bedrooms are painted in pastel color, and are provided with a window shade and window rods for drapes or curtains. The student and his roommate are required to furnish drapes or curtains and bedspreads for the room. Small rugs may be brought if desired. Students should also bring a desk lamp, blankets and a pillow.

A \$50 pre-registration room deposit, which is applied against rental, is necessary to secure a room until the day of registration for each semester. This should be paid as soon after acceptance as possible, but not later than August 15. Rooms not occupied by the day of registration will be reassigned and the deposit will be forfeited. Payment of room rent does not cover vacation periods within the school year.

The college has no accommodations for married students at present. The business office will assist in obtaining off-campus housing if requested.

Linen service is supplied and is compulsory for all dormitory students. The service includes bed linen, pillow cases and bath towels. A coin operated laundry is available on the first floor of the residence hall.

Dormitory Living

Students are permitted to live in residence halls only after agreeing to the provisions governing dormitory living as stated in the Student Handbook. In both the women's and men's residence halls are two apartments where faculty or staff members live. In addition proctors in the dormitories are assigned by the Dean of Students. For the safety and privacy of the students and their property, visitors are not permitted in the dormitory suites unless prior permission has been granted by the Dean of Students office.

Standard of Conduct

It is the God-given duty of every Christian to bear witness daily for Christ to the world. The Bible admonishes "that ye present your bodies a living sacrifice, holy, acceptable unto God . . ." It is, then every believer's "reasonable service" to examine carefully his public and private conduct that in all points, by God's grace, he may be found faithful in his Christian testimony. In keeping with these Biblical commands, students are required to agree with the "Standard of Conduct" which is signed at the time of application.

A student whose personal conduct is a poor testimony for Christ and who fails to live in accordance with the Scriptural ideals of the College will be spiritually counseled and will be disciplined to such extent as the Discipline Committee deems advisable. The College reserves the right to dismiss or refuse to admit any student whose personal conduct and/or attitude in the judgment of the administration are not consistent with the Christian spirit and standards which the College seeks to maintain.

Before enrolling, each student is required to familiarize himself with the rules and regulations set forth in the Student Handbook in order to know what will be required during the school year concerning the dress code, campus living, personal relationships, etc.

The *Student Handbook*, which is distributed to all students at the beginning of the year, includes the rules and regulations governing student life. It is understood that each student is subject to the discipline of the College for the duration of his residence.

The Administration Building

Dambach Hall is the main administration building of the college. It houses the office of the President, admissions office, registrar's office, business office, and the college bookstore. The building was named for Mr. and Mrs. William L. Dambach of Cape May, New Jersey. Mr. Dambach is Vice President of the Board of Directors.

The building was designed primarily to house the administrative offices of the college. Until additional buildings are erected, the chapel, cafeteria, science laboratory, and one classroom are also located in Dambach Hall. The cafeteria includes a completely equipped stainless steel kitchen. The college is looking forward to the day when funds are available to construct a cafeteria-student union building on the campus waterfront. The chapel is located in the east wing of Dambach Hall. A large room in the west wing is used for the science laboratory. A well-equipped science building including a chemistry, biology and physics lab is essential before majors can be offered in the sciences.

The College Library

The library is the latest addition to the campus buildings. The library was dedicated April, 1970. It is modern and well-equipped. It was designed to house 30,000 volumes. The library currently houses over 15,000 volumes and receives 125 periodicals regularly. The library was built with careful attention to standards for lighting, seating area and space for stacks and periodicals. Books are cataloged according to the Library of Congress system.

The Library also houses two large classrooms, one of which is particularly suited to film projection. Also one room is provided in the library for taping, typing and for student discussions. The faculty lounge, which is equipped with a kitchenette, is located in the library. A photographic darkroom for use by the yearbook staff is located in the library.

ADMISSIONS

Standards of Acceptance

Academic requirements for admission (outlined below) are similar to those in many secular colleges and universities. Clearwater Christian College, however, is also interested in providing for the student a Christian atmosphere in which he can study, relax and fellowship with young people of like precious faith. In order to assure this atmosphere, it is necessary that the Christian experience and personal testimony of each applicant be considered before he is accepted for enrollment. Each applicant is asked to write a short personal testimony which contains a statement of faith and acceptance of basic doctrinal beliefs.

The applicant must willingly subscribe to the "Standard of Conduct" as printed on the application as well as to the rules and regulations of the college as stated in the catalogue and student handbook. Consistent with the educational objectives of the college, and in order to advance those aims, Clearwater Christian College will admit students who represent the various racial and cultural groups of the world, who in turn, will be prepared to propagate the Gospel to those peoples.

Admission Procedure

An application form with procedural information may be secured by writing to:

Office of Admissions
Clearwater Christian College
3400 Gulf-to-Bay Boulevard
Clearwater, FL 33519

In brief, the applicant will carry out the following steps:

- (1) Complete the form in full and return it with the \$10.00 non-refundable application fee.
- (2) Request the pastor to write a letter of recommendation giving his evaluation of the applicant's character and spiritual maturity.
- (3) Request the registrar or principal of every secondary school and/or institution of higher education which you have attended to send a complete official transcript of your work directly to the Office of Admissions at the above address.
- (4) Scores received on the Scholastic Aptitude Test (SAT) of the College Entrance Examination Board, the American College Test (ACT), the

Florida Twelfth Grade Placement Test (FTG), or other similar examinations should be submitted to the Office of Admissions as a part of the high school transcript or directly from the headquarters of the examining organization. Information concerning these tests may be secured by contacting the high school guidance office.

- (5) Have any additional test scored (achievement, aptitude, etc.) sent to the Office of Admissions to supplement the previous information.

After all of the above documents have been placed in the applicant's folder, it will be submitted to the Admissions Committee for action. The applicant will be notified as soon as action has been taken upon his application. Complete processing of an application normally takes at least three weeks from the date of receipt of the application and the accompanying documents.

After receiving notification of acceptance, the student will be asked to inform the college as to his intention to complete registration in September or January. Commuting students are required to send a \$25.00 pre-registration deposit, and dormitory students must send a \$50.00 room reservation deposit to the Office of Admissions. A medical form must be completed not more than six weeks prior to enrollment.

Academic Prerequisites

The following courses taken in an accredited high school or equivalent institution are recommended for students planning to enter Clearwater Christian College.

English (may include speech and journalism)	4 units
Foreign language (2 years of one lang.)	2 units
Science (1 year laboratory science)	2 units
Mathematics (algebra and geometry preferred)	2 units
Social Studies (history, geography, etc.)	<u>2 units</u>
Total academic courses	12 units
Elective courses	<u>4 units</u>
Total units	16 units

Students who have received a State High School Equivalency Diploma with credits distributed as above or with satisfactory scores on the General Educational Development Test will also be considered for admission.

In order to be granted full acceptance, the applicant must have a grade average of C in 16 high school units (see above), and rank in the upper half of his high school graduating class. One academic area may be omitted, with the exception of English, provided the total number of academic units is twelve. An applicant with a deficiency in his entrance requirements of

not more than two high school units may be admitted provided that he limit his academic load while making up the deficiencies. Deficiencies must be removed before the student may register for his sophomore year. Students who fail to meet academic standards may be placed on academic probation at the discretion of the Academic Affairs Committee. Students on academic probation are expected to achieve a satisfactory grade point average by the end of the following semester, and will be subject to probationary regulations until such status has been altered.

In special cases the Admissions Committee may grant permission for a student to attend classes on a non-matriculating basis. Such special students are not candidates for a degree and are subject to probationary regulations.

Admission of Transfer Students

Transfer applicants who are in good standing with the institution previously attended will be considered for admission. Standard admission procedure should be followed. Credits for courses taken at non-accredited institutions may be granted provisional transfer credit until validated by at least one semester of satisfactory work at Clearwater Christian College. No credits will be transferred for courses in which a grade lower than C is recorded.

MATRICULATION

Registration

Registration is held at the beginning of each semester during which time the student is expected to choose his courses and properly arrange his class schedule with the approval and aid of his faculty advisor. In order to complete registration and receive class admittance cards, each student must remit full payment for tuition, room, board and fees, or have made the first installment as outlined on page 33.

Academic Load

Minimum academic load for full time students is 12 credit hours. Students desiring to register for credits in excess of 17 credit hours must obtain approval from the registrar. Students should seek to maintain a balance between extra-curricular activities (athletics, work hours, etc.) and academic pursuits. If there is evidence that such a balance does not exist, the student may be required to limit his academic load to 12 hours, and/or withdraw from excessive extra-curricular responsibilities (see academic probation).

Late Course Additions

Students who desire to add a course to their class schedule after registration may do so with permission of the registrar within the time prescribed in the college calendar.

Late Registration

New students enrolling in Clearwater Christian College who are late registrants will be subject to the late registration fee. Returning students are required to be present on registration day unless granted prior written permission. No student will be permitted to register later than the date prescribed in the college calendar.

Withdrawal From a Course

A student who wishes to withdraw from a course must secure the proper form and permission from the registrar. A designation of W "withdrawn" will be recorded on the student's record regardless of grade level if such withdrawal occurs before the mid-term warning date. If the withdrawal occurs after the mid-term warning date, a grade of WP "withdrawn passing" will be recorded if work has been satisfactory, and a grade of WF "withdrawn failing" will be recorded on the student's record if work has been unsatisfactory. In either case, the grade will be based upon the instructor's evaluation of the student's performance. When a WF is assigned, a grade of F is figured in the student's grade point average.

Courses which are dropped before the last day for registration as stated in the college calendar will not be recorded.

Withdrawal From the College

A student who wishes to withdraw from the college must complete the proper form received from the registrar. A statement of reasons for the withdrawal must be submitted in writing by the student. Students who withdraw without prior administrative approval or who are dismissed for disciplinary reasons, will automatically receive the grade WF in all courses and will forfeit financial refund. The effective date of withdrawal shall be the date signatures are affixed by college officials. Calculation of any refunds due is based on that date.

Class Attendance

Students are expected to attend every class session unless ill or especially excused by prior administrative approval. Since attendance is occasionally impossible, the following guidelines have been established. Students are allowed the number of class absences per semester equal to the number of times the class meets each week. The maximum, however, is three absences during any semester. Three tardinesses are counted as one absence, and tardiness beyond the first fifteen minutes of the class is counted as one full absence. Instructors are required to submit to the registrar the names of students with absences in excess of those allowed. Students unable to present legitimate excuse for excessive absence may be dropped from the course with a grade of F, "Failing"

Attendance at the daily chapel services is required for all students unless ill or excused in advance by the dean of students. Three absences per semester are allowed in accord with the class attendance policy stated above.

Testing Program

In order to provide a yardstick for comparison of academic ability of the students among themselves and with students of other colleges and universities, as well as to provide a measurement of progress made during the college career, the following testing program will be employed at Clearwater Christian College.

- (1) The Survey of College Achievement (SCA) will be administered during orientation to all freshman and transfer students and again in the spring of the sophomore year.
- (2) The Graduates Record Examination (GRE) Aptitude Test is required of all seniors early in the second semester of the senior year. Achievement of a satisfactory score on this test is a requirement for graduation.

Major Programs

Clearwater Christian College offers the baccalaureate degree after the completion of the graduation requirements listed in this catalogue. The liberal arts program leads to the Bachelor of Arts degree which normally requires four years of college study.

A student may receive the Bachelor of Arts degree upon the successful completion of departmental requirements in the areas of Bible, English, History or Social Studies, Elementary or Secondary Education, Physical Education, and Psychology.

Correspondence Credit

A total of ten credits may be accepted to meet degree requirements. All such courses must be approved in advance by the registrar. The academic affairs committee reserves the right to approve all correspondence courses accepted for credit in the department of Bible.

ACADEMIC STANDING

System of Grades and Credits

Courses completed satisfactorily are applied toward the graduation requirements on the basis of credit hours. One credit, or one credit hour, represents fifty minutes of class instruction per week for one semester. One semester consists of fifteen weeks of instruction exclusive of examinations.

The student's work is evaluated in terms of a letter grade which is translated into quality points for the tabulation of a cumulative average as follows:

- A — Excellent. 4 quality points. Indicates superior achievement in every aspect of course work—mastery of materials presented, initiative in research, and insight into the total perspective.
- B — Good. 3 quality points. Indicates above average achievement and good grasp of course content.
- C — Satisfactory. 2 quality points. Indicates average achievement and good grasp of course content.
- D — Unsatisfactory but passing. 1 quality point. Indicates minimal effort and lack of understanding and insight expected from a student on the college level. This grade will not be accepted for courses in the student's major field.
- F — Failure. 0 quality points.
- WF — Withdrawn failing. 0 quality points. Indicates withdrawal from a course after the mid-term warning date by a student doing unsatisfactory work based upon instructor's evaluation; or, a course in which a student is dropped by action of the faculty.
- WP — Withdrawn passing. Indicates withdrawal from a course after the mid-term warning date. Proper permission must be secured and work must be satisfactory based upon instructor's evaluation. This grade is not included in the grade point average.

- P — Passing. Indicates passing work in certain non-academic courses. This grade is not included in the grade point average.
- W — Withdrawn. Indicates withdrawal from a course before the mid-term warning date and with proper permission. This grade is not included in the grade point average.
- Inc. — Incomplete. Indicates that the student has presented valid reasons for incomplete course work. Necessary work must be made up within time specified by the instructor (maximum time is one semester) or a grade of F will be given automatically.

Probation

ACADEMIC

A student may be placed on academic probation at the end of any semester for which his grade point average has fallen below 2.00. A student is required to rectify his probationary status by the end of the following semester. A student whose grade point average has not risen to 2.00 or better within two semesters will be subject to dismissal from the College. The course load will be restricted during this time to 14 hours.

DISCIPLINARY

A student who repeatedly evidences behavior which is not in harmony with the Scriptural ideals of the College and whose personal conduct is a poor testimony for Christ may be placed on disciplinary probation for a period of time determined by the Dean of Students or the Discipline Committee. In cases of serious misconduct, disciplinary suspension or dismissal may result.

RESTRICTIONS

A student on academic or disciplinary probation will not be permitted to participate in extra-curricular activities, hold student office, or be part of activities in which the college is officially represented.

Academic Classification of Students

- FRESHMAN — At least 16 acceptable units of high school credit, or equivalent.
- SOPHOMORE — First semester, at least 26 credit hours. Second semester, at least 42 credit hours.
- JUNIOR — First semester, at least 58 credit hours. Second semester, at least 74 credit hours.
- SENIOR — First semester, at least 90 credit hours with reasonable assurance of completion of graduation requirements by the following August, Second semester, at least 106 credit hours.

SPECIAL — A student who may be permitted to register for classes for various reasons but who is not a candidate for graduation. He is subject to the same instructions as is the student on probation.

Graduation Honors

Students having earned a grade point average of 3.50 or better may be graduated with one of the following honors:

cum laude.....	3.50 - 3.74
magna cum laude.....	3.75 - 3.89
summa cum laude	3.90 - 4.00

The Dean's List

The Dean's List Award is a scholastic honor given each semester to those full-time students who have earned a grade point average of 3.50 or better during the previous semester.

Seniors who have received the Dean's List Award continuously since their freshman year, may be permitted to carry a total of six credit hours of independent study in their major field in lieu of regular courses, but not in material covered by regular courses in those fields.

Seniors who have been on the Dean's List continuously since their freshman year may be excused, with the approval of the professors involved, from second semester final examination in their major fields.

Requirements for Graduation

Full-time students with normal course loads should expect to complete their requirements for graduation within four years. Students who extend their course work over a period longer than five years will be expected to fulfill the graduation requirements of the catalogue then current. Students who extend their course work over a period longer than eight years may be required to take examinations in their major field to assure their ability to continue.

All degrees, without exception, are awarded at the annual spring commencement. Graduates must be present in order to receive their diplomas. No student will be permitted to participate in the commencement exercises until he has met every requirement for graduation, including payment of all financial obligations.

Specific requirements for graduation in the major field are listed under the departmental headings in the section describing the program of instruction. Candidates for graduation from Clearwater Christian College must have earned 128 credits with a grade point average of at least 2.00 and with no grade lower than a C in his major field. Satisfactory performance on Graduate Record Examination (GRE) Aptitude Test is a prerequisite to graduation (see page 22).

The last year of work or the final 24 hours of credit must be taken in full-time study at Clearwater Christian College.

Financial Information

GENERAL FINANCIAL INFORMATION

Mr. Clarence W. Olson, Business Manager

A substantial portion (more than 50%) of the actual cost of providing a college education at Clearwater Christian College is provided by friends and organizations who agree with the unique purposes of the college. Many of these contributions are made at considerable personal sacrifice. They are made out of love to the Lord Jesus Christ. Contributors consider their gifts as investments in the lives and ministries of the students who enroll. Charges to students in some of the categories listed below therefore do not nearly cover actual costs. All charges are kept as low as possible. Annual cost including room, board, tuition, and fees is about \$1900. Because of economic conditions, the charges are necessarily subject to change at the beginning of a new semester.

Except for the cooperative program in education with the University of Tampa, the curricula of the college are approved by the State Department of Education for the training of veterans. Approval is on a credit-hour basis. Students in attendance may also receive Social Security benefits where eligible.

Tuition

Tuition — per semester (\$23.00 cr. hr., 16 hrs.)	368.00
Full time student (12 cr. hrs. or more)	\$23.00 cr. hr.
Part time student, (1 — 11 credit hours)	\$29.00 cr. hr.

Room and Board

Room, per semester	170.00
Meals, per semester (includes Florida sales tax)	<u>380.00</u>
Total, Tuition, Room, Meals	918.00

Fees

Activities Fee per semester (proportionately less for part-time students)	45.00
Linen Fee (required of all resident students), per semester	16.00
Late Registration Fee	15.00
Late Exam Fee	2.00

Graduate Record Examination Fee (required of all seniors)	10.00
Graduation Fee (diploma, cap and gown rental)	15.00
Transcript Fee	2.00
Accident Insurance Fee, per year (required of all students)	18.00
Breakage — Cleaning Fee (refundable)	10.00
Orientation Week Fee, resident	30.00
commuter	15.00

Payments

Students are urged to make arrangements for payment in full for semester charges at the beginning of the semester in order to be free from financial concern during the semester. Students who are unable to make payment in full at the beginning of the semester may pay on the installment plan according to the following schedule: Because of the heavy expense in beginning a semester, \$400 down payment must be made at Registration, *no exceptions*.

First Semester	Resident Students	Commuting Students
Registration	\$400.00	\$200.00
October 18	200.00	100.00
November 22	200.00	100.00
January 10	Balance	Balance
Second Semester		
Registration	\$400.00	\$200.00
March 7	200.00	100.00
April 11	200.00	100.00
May 16	Balance	Balance

Students who elect to pay on the installment plan must so notify the business office at the time of registration and agree to pay the installment charge of \$15.00 per semester. A \$3.00 penalty charge is assessed for late payment on any installment. Students are not permitted to take final examinations in any semester if an account is in arrears.

Cafeteria

The cafeteria serves meals during school sessions, and by special arrangement during vacation periods. All dormitory students are required to eat their meals in the cafeteria. No meals may be cooked in dormitories. Meal charges for the semester are paid in advance at registration. No refunds can be made for meals for which the student is not present. Prices for board are reviewed and subject to change at the end of semester.

Commuting students may pay cash for any individual meals in the cafeteria or may make arrangements with the business office to eat lunch on a regular basis.

The College is required to collect Florida Sales Tax on all meals served in the cafeteria.

REFUNDS

If a student withdraws from college before the end of the 8th full week, refunds will be given on a percentage basis.

First Week — 90%	Fourth Week — 60%
Second Week — 80%	Sixth Week — 50%
Third Week — 70%	Eighth Week — 25%
Over 8 full weeks — no refund	

The above schedule applies to meals — tuition — certain fees.

No refund allowed for room — insurance fee — activities fee. Students attending under one of the Public Laws will have refunds made in accord with Veterans Administration regulations.

Refunds cannot be granted if (1) the student has attended eight weeks or more; (2) the student unofficially withdraws; (3) the student is dismissed as a result of disciplinary action; (4) the student drops a course after the last day for changes in the schedule.

Programs of Instruction

BACHELOR OF ARTS DEGREE

A total of 128 credits with a quality point average of 2.00 must be earned for the Bachelor of Arts degree. These do not include propaedeutic credits. Students are responsible for accounting of credits earned and those remaining at any time to complete the requirements for a degree. Students are urged to consult faculty advisors or the Academic Dean if any question arises as to possible deficiencies. This is particularly important in the junior year since not all courses are offered each year.

The following general requirements must be met by all candidates for the Bachelor of Arts degree except as modified for particular majors.

DEPARTMENT OF EDUCATION

Dr. Rosenberger Mrs. Priest

The rapid growth currently being experienced by the Christian school movement has created a critical need for teachers with a philosophy of education that is distinctively Christian, and at the same time equipped with a knowledge of the most up-to-date techniques available to the teaching profession. To help fill this need Clearwater Christian College is developing a teacher training program that has both of these objectives in mind.

Clearwater Christian College has established a cooperative program with the University of Tampa and the University of South Florida so that students may take methods of teaching courses and certain other professional education courses as transient students at the University of Tampa and the University of South Florida. Students taking such courses will not go through the formalities of registration at the University of Tampa and the University of South Florida but will be subject to their fees and to their regulations governing commuting students. All credits earned at the University of Tampa and the University of South Florida will be credited toward the 128 hours needed at Clearwater Christian College for graduation. Resident students will continue to live on campus and most likely will be taking courses concurrently at both schools.

While the courses offered in this major are designed according to the published requirements for teachers certification by the State of Florida, certification is not guaranteed. With the exception of method courses, most of the Professional Course Requirements and all of the General Requirements listed below will be taught at Clearwater Christian College. Students will take courses not offered at the college as transient students at the University of Tampa or the University of South Florida.

The majors offered in the Education Department are:

Elementary Education

Secondary Education with a proficiency in an area of the student's choice.

DEPARTMENT OF LANGUAGE AND LITERATURE

Mrs. Macfarlane Miss Lister Mr. Costanzo Mrs. Starratt

The Language and Literature Department seeks to develop in the student the ability to think, write and speak clearly and effectively, and to understand, enjoy, and evaluate literature by becoming acquainted with the works of the world's major writers and their social and intellectual backgrounds.

The major in English will be found especially profitable for students who expect to enter the Christian ministry, or who wish to become teachers or librarians, or for those who choose it for a general humanities background for many business careers.

Instruction is offered at the elementary and intermediate levels of French and Spanish, with attention to the culture and literature of the respective peoples represented. Students presenting high school credit toward advanced status in a modern language are required to complete satisfactorily a placement test before such status will be granted.

Requirements for a major in English:

For general requirements for the Bachelor of Arts see page 32.
