Attendance at Clearwater Christian College is made possible by gifts from Bible-believing churches and sacrificial giving of individuals. Students should be grateful always for those who have provided most of the cost of their education and realize that attendance is a privilege and not a right.

Philosophy and Objectives

**A Message From
The President**

Clearwater Christian College is a college with a purpose. It is a college with a commission from the Lord. It is a college which is truly Biblical and truly American, dedicated to propagating and conserving the historic Christian faith and the conservative ideals that made our nation great.

The liberal arts education provided at Clearwater Christian College is founded upon and constantly tested by the absolute authority of God's Holy Word, the Bible. We believe that an understanding of God's special revelation is absolutely essential to valid knowledge of His creation. "The fear of the Lord is the beginning of knowledge." (Proverbs 1:7).

At Clearwater Christian College we stress academic excellence since our desire is that our graduates be effective witnesses for the Lord at every level of life, including the sciences, the professions, education, etc. We regard so-called secular fields of work not as secular at all, but as fields for witness and service. Every graduate from Clearwater Christian College should be a soul-winner. The basic solution to the basic problems in our nation and in our world is "the Lamb of God that taketh away the sin of the world."

We firmly believe that parents and pastors have a responsibility before the Lord to do all within their power to insure that their young people not enroll in colleges and universities which undermine the historic Christian faith and discredit the Bible. Clearwater Christian College in addition to its standard of academic excellence and its Biblical foundation, maintains an uncompromising stand against worldly sins, the apostasy and the liberal forces that are undermining our American heritage.

We urge everyone to pray for Clearwater Christian College and support it financially.

"Through thy precepts I get understanding, therefore I hate every false way." Psalms 119:104

Arthur E. Starn

HISTORY OF THE COLLEGE

On September 17, 1966 fifteen students enrolled as the first class at Clearwater Christian College. The months preceding that date were months of hard work and great preparation but, most importantly, months of much prayer. The Lord miraculously supplied funds, friends, faculty, facilities and a promising student body. The great enthusiasm and sense of expectancy during that first year has continued through the years of the college's history. The growth of the college has been sound and steady both academically and financially. The greatest growth, however, has been in the lives of the young people committed to the trusteeship of the college.

Great concern was in the hearts of the founders of the college about the trends in evangelical colleges away from Biblical standards of morality, away from the historic Biblical fundamentals of the faith including a growing casual attitude about doctrine, a lack of emphasis on personal soul-winning. Seen also was the general apathy in colleges toward unbelief as expressed in such activities as the ecumenical movement, new evangelicalism, and ecumenical evangelism. As these matters were discussed in the early days followed by sessions in prayer, everyone was agreed that the Lord was leading and that a step should be taken to start a new college which would fulfill the burdens on the hearts of the founders.

An unexpected telephone call from Florida to the President of the college resulted in an exploratory trip to Florida in July 1965. This was followed by an intense year of calling, studying and surveying the possibility of establishing the college on the west coast of Florida. This area appeared to be ideal because of the great number of fundamental churches in the area, opportunities for Christian service, opportunities for employment and opportunities for graduate study. Shortly after the President moved his family to St. Petersburg in August, 1965 many friends made themselves available to help in the founding of the new college. The Lord brought to us through our church contacts the architect, the general contractor, the building superintendent and the owner of the land. The college acquired 50 beautiful waterfront acres located on the main highway, Route 60, between Tampa and Clearwater. The college campus stands at the entrance to the city of Clearwater approaching from the east.

The Lord's hand was evidenced in the great facility with which the college was incorporated on January 18, 1966 as result of the efforts of a Christian attorney. Approval was received from the IRS in April 1966 listing the college as a tax-deductible institution. The City Commission of Clearwater quickly granted zoning approval and issued a letter signed by the City Manager commending Clearwater Christian College for choosing the city for its location.

Work began early in 1966 in drawings for the first two buildings. The Lord marvelously supplied both funds and financing to make this possible. Construction actually began in the summer of 1966 with completion at the end of the year. The Clearwater Bible Church graciously invited the college to begin classes in its own buildings for which the college is grateful. The library building was completed in April 1970. The new men's dormitory was completed in October 1974. The multipurpose building housing the much needed auditorium and gymnasium is nearing completion.

The college was approved for veterans' benefits on a credit-hour basis and also by the Social Security Administration. The college itself does not seek nor receive any state or federal aid. In 1971 under a new Florida law the college was licensed by the State Board of Independent Colleges and Universities.

Clearwater Christian College has maintained firmly the policy of not seeking nor receiving any state or federal aid. The college was begun in the will of the Lord through much prayer. The college will continue to be operated this way and will continue to seek the Lord's guidance and the Lord's provision. Increasing numbers of sound, fundamental Bible-believing churches recognizing the high standards of the college academically, its high standards of morality, personal character development and its excellent up-to-date training on vital Christian issues have decided to support Clearwater.

The college maintains high standards academically, spiritually and morally, but beyond that the college sees a real need to train students in understanding the vital issues facing graduates today. We believe that it is not enough for students to receive good academic training, to increase their knowledge of the Bible and to become proficient in Christian witnessing excellent as these goals are. We feel that it is vital that they understand the subtleties of Satan and his objectives and methods as they are expressed today in so many ways. One of these is the casual attitude toward the translations of the Bible, toward music, toward personal standards

and even toward promotion. There are also real issues in academic areas such as in the field of education, history, literature, psychology, and philosophy. We feel that elementary and secondary education majors should know firmly the Biblical basis and mandate for Christian education.

Clearwater Christian College prefers to grow as the Lord provides born again, academically qualified faculty who are soul-winners and who understand the real problem which students face. We believe that the Lord in His way then will provide the students, the facilities and the friends.

DOCTRINAL BASIS

As stated in the Constitution

We believe and maintain the following:

- a. The plenary Divine inspiration of the Scriptures in the original languages, their consequent inerrancy and infallibility and as the Word of God, their supreme and final authority in faith and life.
- b. The Triune God: Father, Son, and Holy Spirit.
- c. The essential, absolute, eternal Deity, and the real and proper, but sinless, humanity of our Lord Jesus Christ.
- d. His birth of the virgin Mary.
- e. His substitutionary, expiatory death, in that He gave His life "a ransom for many."
- f. His resurrection from among the dead in the same body in which He was crucified and the imminent and premillennial bodily return of Jesus Christ in glory to this earth.
- g. The total depravity of man through the fall.
- h. Salvation, the effect of regeneration by the Spirit and the Word, not by works but by grace through faith.
- i. The everlasting bliss of the saved, and the everlasting suffering of the lost.
- j. The real spiritual unity in Christ of all redeemed by His precious blood.
- k. The necessity of maintaining, according to the Word of God, the purity of the Church in doctrine and life.
- l. And still believing the Apostle's Creed to be a statement of Scriptural truth, we therefore incorporate it in these articles of faith.

PURPOSE OF THE COLLEGE CORPORATION

As stated in the Charter

The object and purpose of this corporation is to establish and operate a Christian liberal arts college, founded upon and tested by the Holy Scriptures and consequently conservative in philosophy. It will grant the Associate of Arts, Bachelor of Arts and such other degrees that its program of instruction may provide and will engage in other related educational activities including the publication and dissemination of educational information.

PURPOSE AND OBJECTIVES

There are many liberal arts colleges in our nation, some purely secular and some Christian, either church-related or denominationally unaffiliated. Nearly all of the Christian colleges in their founding days held to "fundamental beliefs". Today, however, the number of colleges which hold to the fundamentals are few. Many others are making serious concessions to unbeliefs. Along with the de-emphasis of the fundamentals there has been a declining emphasis on character building and personal morality. Personal soul winning is being replaced by group social action. Convinced of the immutability of a righteous God, the Creator of our universe, and the immutability of His Word, the Bible, the founders of Clearwater Christian College felt a sense of commission in establishing the college.

The College is sensitive in its program to the real needs of the world in which we live. While Christians are citizens of heaven they are also citizens on earth and have a responsibility in and to the society in which they live. A student who is in the right relationship with God will be in the right relationship with his fellowman. Sincere and consistent concern for our neighbors can only be achieved when man's deepest attitudes are changed. This occurs only when the individual comes into the right relationship with God through a personal knowledge of Jesus Christ. Knowing Christ involves more than just being acquainted with Him intellectually as a person in history. It means recognizing God's love for himself as a condemned sinner and receiving Christ personally. An expression of that love will be reflected in a concern for one's neighbor whether he is disadvantaged or a member of the affluent society, yet lacking the most priceless of all possessions, eternal life.

Believing that the historic blessings of God on our nation are attributable to the honored place the Bible and the preaching and teaching of the Bible had in our national life, Clearwater Christian College encourages and supports the form of government given to us given to us by our forebears. The competitive free enterprise system and the right of the individual to his own property is supported by the teachings of Scripture. In our day of "liberal" thought the college affirms that it is "conservative" theologically and politically although the college is not political and does not engage in political action. The Bible is fundamental to the Christian, and the Constitution and its Bill of Rights are fundamental to the American citizen.

The College believes that academic excellence is important to a more effective Christian witness. A slothful servant will not serve his master well. A well trained diligent graduate will command greater attention as he witnesses for Christ. The issues of the day are becoming increasingly complex, and the pressures on the individual are becoming greater and at the same time more subtle. While the student is taught to think he is taught also to evaluate and analyze according to specific unchanging precepts he has learned. It is hoped therefore that the Lord may be pleased to use graduates in places of Christian leadership.

In summary, it is the aim and objective of this institution to create in each student a desire to know God as revealed in His Holy Word, to permit each student to see himself as God sees him, to see and understand creation as the handiwork of God, to understand the responsibility each has to all other men, and to support the conservative ideals which have made our country great and which have provided the framework of freedom wherein this form of education can be successfully consummated.

Student Life

Christian Service

It is the prayer of the founders of Clearwater Christian College that each student during his college years will grow not only academically but spiritually. An important part of a Christian's growth is his own personal testimony for Christ in his outreach to the world around him.

There will be continuous stress on evangelism and personal soul winning while the student is at Clearwater. The student will be reminded frequently that the areas of his life's work are in fact his mission fields. It is the prayer of the board and the faculty that many students will feel led to the pastorate or the foreign mission field while at the College. The Christian student must realize that the primary mission, wherever the Lord leads, is to witness to the saving knowledge of Jesus Christ. We are His ambassadors.

To help to stimulate such an outreach, Clearwater Christian College arranges and sponsors various Christian Service assignments in the surrounding communities. Each student is required to participate in some activity during each semester at the college. There are opportunities for youth work, Bible clubs, Sunday school work, music, visitation, tract distribution, preaching services, beach evangelism, and weekend visitation opportunities. There are opportunities for gospel teams in nearby missions, nursing homes, trailer parks, and churches. In addition there are many, excellent fundamental churches in the Clearwater-Tampa-St. Petersburg area which offer Christian service opportunities.

Extracurricular Activities

Students are encouraged to participate in extracurricular activities for their own development, mentally, socially, and physically. The Athletic Director encourages participation in intramural sports in addition to the regular athletic program within the league of Christian Colleges in the area. The Director of Student Activities seeks to stimulate and encourage student participation in the social activities of the college such as fishing, boating, swimming, bowling parties, banquets, etc. Most of the student activities are student-organized, under faculty guidance. Procedures for formation and operation of student organizations and activities are detailed in the Student Handbook.

Membership participation, or other identification with local organizations, including religious, musical, athletic groups, etc., is subject to the approval of the dean of students office.

Chapel

The daily chapels are an important part of the college program. Students participate in the musical portions of these services with the President of the college and members of the faculty presenting Bible messages that bear on the issues and concerns of the day.

The college is also fortunate in being able to invite to chapel capable and spiritual area pastors as well as visiting evangelists and Bible conference speakers.

The chapel period on Mondays is devoted to prayer and student testimonies. Chapel attendance is required. A mid-week prayer service is also conducted by the students.

Residence Halls

Accommodations for students are provided on campus in separate modern, well-equipped women's and men's residence halls. Four apartments for dorm parents are located in the women's residence and two apartments for dorm parents in the men's residence.

All out-of-town students are expected to live on campus. All single students under the age of 25 are required to live on campus unless they live with their parents, grandparents or guardians. In the event that space is not available in the student residence, outside housing may be arranged by upper classmen with permission.

The Women's residence employs a unique design for family-style living. Each unit has a carpeted living room and tiled bath. Four bedrooms, each with bureaus, desks and closets, and twin beds are contained in each air conditioned unit.

The bedrooms are painted in pastel color, and are provided with a window shade and window rods for drapes or curtains. The student and his roommate are required to furnish drapes or curtains and bedspreads for the room. Small rugs may be brought if desired. Students should also bring a desk lamp, blankets and a pillow.

A \$50 pre-registration room deposit, which is applied against rental, is necessary to secure a room until the day of registration for each semester. This should be paid as soon after acceptance as possible, but not later than August 15. Rooms not occupied by the day of registration will be reassigned and the deposit will be forfeited. Payment of room rent does not cover vacation periods within the school year.

The college has no accommodations for married students at present. The business office will assist in obtaining off-campus housing if requested.

Linen service is supplied and is compulsory for all dormitory students. The service includes bed linen, pillow cases and bath towels. A coin operated laundry is available on the first floor of the residence hall.

Dormitory Living

Students are permitted to live in residence halls only after agreeing to the provisions governing dormitory living as stated in the Student Handbook. In both the women's and men's residence halls are two apartments where faculty or staff members live. In addition proctors in the dormitories are assigned by the dean of students. For the safety and privacy of the students and their property, visitors are not permitted in the dormitory suites unless prior permission has been granted by the dean of students office.

Standard of Conduct

It is the God-given duty of every Christian to bear witness daily for Christ to the world. The Bible admonishes "that ye present your bodies a living sacrifice, holy, acceptable unto God ..." It is, then every believer's "reasonable service" to examine carefully his public and private conduct that in all points, by God's grace, he may be found faithful in his Christian testimony. In keeping with these Biblical commands, students are required to agree with the "Standard of Conduct" which is signed at the time of application.

A student whose personal conduct is a poor testimony for Christ and who fails to live in accordance with the Scriptural ideals of the College will be spiritually counseled and will be disciplined to such extent as the Discipline Committee deems advisable. The College reserves the right to dismiss or refuse to admit any student whose personal conduct and/or attitude in the judgment of the administration are not consistent with the Christian spirit and standards which the College seeks to maintain.

Before enrolling, each student is required to familiarize himself with the rules and regulations set forth in the Student Handbook in order to know what will be required during the school year

concerning the dress code, campus living, personal relationships, etc.

The **Student Handbook**, which is distributed to all students at the beginning of the year, includes the rules and regulations governing student life. It is understood that each student is subject to the discipline of the College for the duration of his residence.

The Administration Building

Dambach Hall is the main administration building of the college. It houses the office of the President, admissions office, registrar's office, business office, and the college bookstore. The building was named for Mr. and Mrs. William L. Dambach of Cape May, New Jersey. Mr. Dambach is Vice President of the Board of Directors.

The building was designed primarily to house the administrative offices of the college. Until additional buildings are erected, the chapel, cafeteria, science laboratory, and one classroom are also located in Dambach Hall. The cafeteria includes a completely equipped stainless steel kitchen. The college is looking forward to the day when funds are available to construct a cafeteria-student union building on the campus waterfront. The chapel is located in the east wing of Damach Hall. A large room in the west wing is used for the science laboratory. A well-equipped science building including a chemistry, biology and physics lab is essential before majors can be offered in the sciences.

The College Library

The modern and well equipped library was dedicated April, 1970 and was designed to house 30,000 volumes. The library currently houses over 23,000 volumes and receives 125 periodicals regularly. The library was built with careful attention to standards for lighting, seating area and space for stacks and periodicals. Books are cataloged according to the Library of Congress system.

The Library also houses two large classrooms, one of which is particularly suited to film projection. Also one room is provided in the library for taping, typing and for student discussions. The faculty lounge, which is equipped with a kitchenette, is located in the library. A photographic darkroom for use by the yearbook staff is located in the library.

Academic Information

ADMISSIONS

Standards of Acceptance

Academic requirements for admission (outlined below) are similar to those in many secular colleges and universities. Clearwater Christian College, however, is also interested in providing for the student a Christian atmosphere in which he can study, relax and fellowship with young people of like precious faith. In order to assure this atmosphere, it is necessary that the Christian experience and personal testimony of each applicant be considered before he is accepted for enrollment. Each applicant is asked to write a short personal testimony which contains a statement of faith and acceptance of basic doctrinal beliefs.

The applicant must willingly subscribe to the "Standard of Conduct" as printed on the application as well as to the rules and regulations of the college as stated in the catalogue and student handbook. Consistent with the educational objectives of the college, and in order to advance those aims, Clearwater Christian College will admit students who represent the various racial and cultural groups of the world, who in turn, will be prepared to propagate the Gospel to those peoples.

Admission Procedure

An application form with procedural information may be secured by writing to:

Office of Admissions
Clearwater Christian College
3400 Gulf-to-Bay Boulevard
Clearwater, FL 33519

In brief, the applicant will carry out the following steps:

- (1) Complete the application form in full and return it with the \$15.00 non-refundable application fee.
- (2) Request the pastor to complete the "Pastor's Recommendation" form and send it directly to the Office of Admissions at the above address.
- (3) Request the registrar or principal of every secondary school and/or institution of higher education which you have attended to send a complete official transcript of your work directly to the Office of Admissions at the above address.
- (4) Scores received on the American College Test (ACT) should be

- submitted to the Office of Admissions as part of the high school transcript or directly from the headquarters of the testing agency. Information concerning the ACT may be secured by contacting the high school guidance office or the college admissions office.
- (5) Have any additional test scores (achievement, aptitude, etc.) sent to the Office of Admissions to supplement the previous information.

After all of the above documents have been placed in the applicant's folder, it will be submitted to the admissions committee for action. The applicant will be notified as soon as action has been taken upon his application. Complete processing of an application normally takes at least three weeks from the date of receipt of the application and the accompanying documents.

After receiving notification of acceptance, the student will be asked to inform the college as to his intention to complete registration in September or January. Commuting students are required to send a \$25.00 pre-registration deposit, and dormitory students must send a \$50.00 room reservation deposit to the Office of Admissions. A medical form must be completed prior to enrollment.

Total units	16 units
-------------	----------

Students who have received a State High School Equivalency Diploma with credits distributed as above or with satisfactory scores on the General Educational Development Test will also be considered for admission.

In order to be granted full acceptance, the applicant must have a grade average of C in 16 high school units (see above), rank in the upper half of his high school graduating class, and receive a satisfac-

tory score on the American College Test (ACT). One academic area may be omitted, with the exception of English, provided the total number of academic units is twelve. An applicant with an additional deficiency in his entrance requirements may be admitted provided he limit his academic load while making up the deficiencies. The admissions committee will also limit the activities of students who fail to meet academic standards. Deficiencies must be removed before the student may register for his sophomore year.

In special cases the admissions committee may grant permission for a student to attend classes on a non-matriculating basis. Such special students are not candidates for a degree and are subject to probationary regulations.

Admission of Transfer Students

Transfer applicants who are in good standing with the institution previously attended will be considered for admission. Standard admission procedure as specified above for high school graduates should be followed. Transfer students are also required to submit official transcripts from every post-secondary institution which has been attended. Failure to report attendance and furnish transcripts cancels a student's enrollment privilege. Credits will not be transferred for courses in which a grade lower than C has been recorded. Credits for courses taken at non-accredited institutions may be granted provisional transfer credit until validated by at least one semester of satisfactory work at Clearwater Christian College.

MATRICULATION

Registration

Registration is held at the beginning of each semester during which time the student is expected to choose his courses and properly arrange his class schedule with the approval and aid of his faculty advisor. In order to complete registration and receive class admittance cards, each student must remit full payment for tuition, room, board and fees, or have made the first installment as outlined on page 31.

Academic Load

Minimum academic load for full time students is 12 credit hours. Students desiring to register for credits in excess of 17 credit hours must obtain approval from the registrar. Students should seek to

maintain a balance between extra-curricular activities (athletics, work hours, etc.) and academic pursuits. If there is evidence that such a balance does not exist, the student may be required to limit his academic load to 12 hours, and/or withdraw from excessive extra-curricular responsibilities (see academic probation).

Late Course Additions

Students who desire to add a course to their class schedule after registration may do so with permission of the registrar within the time prescribed in the college calendar.

Late Registration

New students enrolling in Clearwater Christian College who are late registrants will be subject to the late registration fee. Returning students are required to be present on registration day unless granted prior written permission. No student will be permitted to register later than the date prescribed in the college calendar.

Withdrawal From a Course

A student who wishes to withdraw from a course must secure the proper form permission from the registrar. A designation of W "withdrawn" will be recorded on the student's record regardless of grade level if such withdrawal occurs before the mid-term warning date. If the withdrawal occurs after the mid-term warning date, a grade of WP "withdrawn passing" will be recorded if work has been satisfactory, and a grade of WF "withdrawn failing" will be recorded on the student's record if work has been unsatisfactory. In either case, the grade will be based upon the instructor's evaluation of the student's performance. When a WF is assigned, a grade of F is figured in the student's grade point average.

Courses which are dropped before the last day for registration as stated in the college calendar will not be recorded.

Withdrawal From the College

A student who wishes to withdraw from the college must complete the proper form received from the registrar. A statement of reasons for the withdrawal must be submitted in writing by the student. Students who withdraw without prior administrative approval or

who are dismissed for disciplinary reasons, will automatically receive the grade WF in all courses and will forfeit financial refund. The effective date of withdrawal shall be the date signatures are affixed by college officials. Calculation of any refunds due is based on that date. For information concerning refunds see page 32.

Class Attendance

Students are expected to attend every class session unless ill or especially excused by prior administrative approval. Since attendance is occasionally impossible, the following guidelines have been established. Students are allowed the number of class absences per semester equal to the number of times the class meets each week. The maximum, however, is three absences during any semester. Three tardinesses are counted as one absence, and tardiness beyond the first fifteen minutes of the class is counted as one full absence. Instructors are required to submit to the registrar the names of students with absences in excess of those allowed. Students unable to present legitimate excuse for excessive absence may be dropped from the course with the grade of F, "Failing".

Attendance at the daily chapel services is required for all students unless ill or excused in advance by the dean of students. Three absences per semester are allowed in accord with the class attendance policy stated above.

Graduation Activities

All students of Clearwater Christian College are required to attend the annual Baccalaureate and Commencement services of the college to honor graduating seniors.

Testing Program

In order to provide a yardstick for comparison of academic ability of the students among themselves and with students of other colleges and universities, as well as to provide a measurement of progress made during the college career, the following testing program will be employed at Clearwater Christian College.

- (1) The Survey of College Achievement (SCA) will be administered during orientation to all freshman and transfer students and again in the spring of the sophomore year.
- (2) The Graduate Record Examination (GRE) Aptitude Test is required of all seniors early in the second semester of the senior year. Achievement of a satisfactory score on this test is a requirement for graduation.

Major Programs

Clearwater Christian College offers the baccalaureate degree after the completion of the graduation requirements listed in this catalogue. The liberal arts program leads to the Bachelor of arts degree or the Bachelor of Science degree which normally requires four years of college study.

A student may receive the Bachelor or Arts degree upon the successful completion of departmental requirements in the areas of Bible, Biblical Literature, English, History, Social Studies, Elementary or Secondary Education, Physical Education, Psychology, and Music.

The Bachelor of Science degree is awarded to students who successfully complete departmental requirements in the areas of Elementary Education, Secondary Education, and Physical Education.

The college offers the Associate of Science degree in its two year career oriented programs. The A.S. degree is granted to students who successfully complete departmental requirements in the areas of Police Administration, and Teacher-Aide or Pre-school Programs.

Correspondence Credit

A total of ten credits may be accepted to meet degree requirements. All such courses must be approved in advance by the registrar. The academic affairs committee reserves the right to approve all correspondence courses accepted for credit in the department of Bible.

ACADEMIC STANDING

System of Grades and Credits

Courses completed satisfactorily are applied toward the graduation requirements on the basis of credit hours. One credit, or one credit hour, represents fifty minutes of class instruction per week for one semester. One semester consists of fifteen weeks of instruction exclusive of examinations.

The student's work is evaluated in terms of a letter grade which is translated into quality points for the tabulation of a cumulative average as follows:

- A—Excellent. 4 quality points. Indicates superior achievement in every aspect of course work-mastery of materials presented initiative in research, and insight into the total perspective.

- B—Good. 3 quality points. Indicates above average achievement and good grasp of course content.
- C—Satisfactory. 2 quality points. Indicates average achievement and good grasp of course content.
- D—Unsatisfactory but passing. 1 quality point. Indicates minimal effort and lack of understanding and insight expected from a student on the college level. This grade will not be accepted for courses in the student's major field.
- F—Failure. 0 quality points.
- WF—Withdrawn failing. 0 quality points. Indicates withdrawal from a course after the mid-term warning date by a student doing unsatisfactory work based upon instructor's evaluation; or, a course in which a student is dropped by action of the faculty.
- WP—Withdrawn passing. Indicates withdrawal from a course after the mid-term warning date. Proper permission must be secured and work must be satisfactory based upon instructor's evaluation. This grade is not included in the grade point average.
- P—Passing. Indicates passing work in certain non-academic courses. This grade is not included in the grade point average.
- W—Withdrawn. Indicates withdrawal from a course before the mid-term warning date and with proper permission. This grade is not included in the grade point average.
- Inc.—Incomplete. Indicates that the student has presented valid reasons for incomplete course work. Necessary work must be made up within time specified by the instructor (maximum time is one semester) or a grade of F will be given automatically.

Probation

ACADEMIC

A student may be placed on academic probation at the end of any semester for which his grade point average has fallen below 2.00. A student is required to rectify his probationary status by the end of the following semester. A student whose grade point average has not risen to 2.00 or better within two semesters will be subject to dismissal from the College. The course load will be restricted during this time to 14 hours.

DISCIPLINARY

A student who repeatedly evidences behavior which is not in harmony with the Scriptural ideals of the College and whose personal conduct is a poor testimony for Christ may be placed on disciplinary probation for a period of time determined by the Dean of Students or the Discipline Committee. In cases of serious misconduct, disciplinary suspension or dismissal may result.

RESTRICTIONS

A student on academic or disciplinary probation will not be permitted to participate in extra-curricular activities, hold student office, or be part of activities in which the college is officially represented.

Academic Classification of Students

FRESHMAN—At least 16 acceptable units of high school credit, or equivalent.

SOPHOMORE—First semester, at least 26 credit hours. Second semester, at least 42 credit hours.

JUNIOR—First semester, at least 58 credit hours. Second semester at least 74 credit hours.

SENIOR—First semester, at least 90 credit hours with reasonable assurance of completion of graduation requirements by the following August, Second semester, at least 106 credit hours.

SPECIAL—A student who may be permitted to register for classes for various reasons but who is not a candidate for graduation. He is subject to the same restrictions as is the student on probation.

Graduation Honors

Students having earned a grade point average of 3.50 or better may be graduated with one of the following honors:

cum laude	3.50-3.74
magna cum laude	3.75-3.89
summa cum laude	3.90-4.00

The Dean's List

The Dean's List Award is a scholastic honor given each semester to those full-time students who have earned a grade point average of 3.50 or better during the previous semester.

Seniors who have received the Dean's List Award continuously since their freshman year, may be permitted to carry a total of six credit hours of independent study in their major field in lieu of regular courses, but not in material covered by regular courses in those fields.

Seniors who have been on the Dean's List continuously since their freshman year may be excused, with the approval of the professors involved, from second semester final examination in their major fields.

Requirements for Graduation

Full-time students with normal course loads should expect to complete their requirements for graduation within four years. Students who extend their course work over a period longer than five years will be expected to fulfill the graduation requirements of the catalogue then current. Students who extend their course work over a period longer than eight years may be required to take examinations in their major field to assure their ability to continue.

All degrees, without exception, are awarded at the annual spring commencement. Graduates must be present in order to receive their diplomas. No student will be permitted to participate in the commencement exercises until he has met every requirement for graduation, including payment of all financial obligations.

Specific requirements for graduation in the major field are listed under the departmental headings in the section describing the program of instruction. Candidates for graduation from Clearwater Christian College must have earned 128 credits with a grade point average of at least 2.00 and with no grade lower than a C in major course requirements or required in his chosen major. Satisfactory performance on Graduate Record Examination (GRE) Aptitude Test is a prerequisite to graduation (see page 24).

The last year of work or the final 24 hours of credit must be taken in full-time study at Clearwater Christian College.

Financial Information

GENERAL FINANCIAL INFORMATION

A substantial portion (more than 50%) of the actual cost of providing a college education at Clearwater Christian College is provided by friends and organizations who agree with the unique purposes of the college. Many of these contributions are made at considerable personal sacrifice. They are made out of love to the Lord Jesus Christ. Contributors consider their gifts as investments in the lives and ministries of the students who enroll. Charges to students in some of the categories listed below therefore do not nearly cover actual costs. All charges are kept as low as possible. Assuming a course load of 16 credit hours, the annual cost is \$2562.00 for resident students and \$1112.00 for commuting students. Depending upon the courses which a student takes, books may add an additional \$50.00 to \$100.00 to these yearly totals. Because of economic conditions, the charges are necessarily subject to change at the beginning of a new semester.

The curricula of the college are approved by the State Department of Education for the training of veterans. Approval is on a credit-hour basis. Students in attendance may also receive Social Security benefits where eligible.

TUITION

Tuition - per semester (\$31.00 cr. hr., 16 hrs.)	\$496.00
Full time student, (12 cr. hrs. or more)	\$31.00 cr. hr.
Part time student, (1-11 credit hours)	\$34.00 cr. hr.

ROOM AND BOARD

Room and meals - per semester (Includes Florida Sales Tax)	700.00

SPECIAL FEES

Graduate Record Examination Fee (required of all seniors)	13.00
Graduation Fee (required of all seniors)	20.00
Orientation Fee - Resident	40.00
- Commuter	25.00
Late Registration Fee	15.00
Transcript Fee	2.00

FINE ARTS FEES

Full time students are granted credit for college choir without charge. Fees for applied music are determined at registration by the half-hour lesson rate plus a nominal credit-hour charge. Part time students must pay the normal credit-hour tuition in addition to the fees for applied music.

PAYMENTS

Students are urged to make arrangements for payment in full for semester charges at the beginning of the semester in order to be free from financial concern during the semester. Students who are unable to make payment in full at the beginning of the semester may pay on the installment plan according to the following schedule.

First Semester	Resident Students	Commuting Students
Registration	\$500.00	\$300.00
October 14	250.00	100.00
November 18	250.00	100.00
January 6	Balance	Balance
Second Semester		
Registration	\$500.00	\$300.00
March 3	250.00	100.00
April 7	250.00	100.00
May 12	Balance	Balance

Students who elect to pay on the installment plan must so notify the business office at the time of registration and agree to pay the installment charge of \$15.00 per semester. A \$5.00 penalty charge is assessed for late payment on any installment; however, installment payments may not be more than 30 days late. Students with delinquent accounts will be asked to leave school, with no credit available financially or academically. Grades are withheld until accounts are settled in any semester.

CAFETERIA

The cafeteria serves meals during school sessions, and by special

arrangement during vacation periods. All dormitory students are required to eat their meals in the cafeteria. No meals may be cooked in dormitories. Meal charges for the semester are paid in advance at registration. No refunds can be made for meals for which the student is not present. Prices for room and board are reviewed and subject to change at the end of the semester.

Commuting students may pay cash for any individual meals in the cafeteria or may make arrangements with the business office to eat lunch on a regular basis.

The College is required to collect Florida Sales Tax on all meals served in the cafeteria.

Refund Policy

Both parent and student should be aware of the financial inadvisability of withdrawing from college before the end of any semester. If a student withdraws from college any time after registration, no refunds are given on the room, matriculation, or insurance fees. If the student withdraws before the end of the eighth full week of classes, the following percentages of only the tuition, meals and linen fees are refunded:

First Week - 90%	Fifth Week - 50%
Second Week - 80%	Sixth Week - 40%
Third Week - 70%	Seventh Week - 30%
Fourth Week - 60%	Eighth Week - 20%

After eight full weeks - no refund.

Students attending under one of the Public Laws will have refunds made in accord with Veterans Administration regulations.

Refunds cannot be granted if (1) the student has attended eight weeks or more; (2) the student unofficially withdraws; (3) the student is dismissed as a result of disciplinary action; (4) the student drops a course after the last day for changes in the schedule; (5) the student fails to submit to exit interviews required by the college.

Programs of Instruction

BACHELOR OF ARTS DEGREE

A minimum of 128 credits with a quality point average of 2.00 must be earned for the Bachelor of Arts degree. These do not include propaedeutic credits. Students are responsible for accounting of credits earned and those remaining at any time to complete the requirements for a degree. Students are urged to consult faculty advisors or the registrar if any question arises as to possible deficiencies.

The following general requirements must be met by all candidates for the Bachelor of Arts degree except as modified for particular majors.

BACHELOR OF SCIENCE DEGREE

A minimum of 128 credits with a quality point average of 2.00 must be earned for the Bachelor of Science degree. These do not include propaedeutic credits. Students are responsible for accounting of credits earned and those remaining at any time to complete the requirements for a degree. Students are urged to consult faculty advisors or the registrar if any question arises as to possible deficiencies.

The Bachelor of Science degree is offered in Elementary and Secondary Education and Physical Education. Each Secondary Education major will take a concentration of courses in his chosen field in addition to the program listed on the next pages. Concurrently with the student's chosen field, he will also have a minor in Bible.

It is hoped that by giving the education majors a choice between a Bachelor of Science degree and a Bachelor of Arts degree, the college will better meet the needs of our students.

Both the Elementary and Secondary programs are shown on the following pages and they meet all of the Professional Education requirements needed for teacher certification in Florida, as well as courses required by the college. Most of the courses shown are only offered the semester in which they are listed and should be taken only at that time. By taking courses in the proper year and semester, and in the proper sequence, the student will be assured of graduation within four years.

The following general requirements must be met by all candidates for the Bachelor of Science degree except as modified for particular majors.

ASSOCIATE OF SCIENCE DEGREE

Clearwater Christian College has developed two year career oriented programs for students who do not choose to pursue the four year degree programs.

The Teacher-Aide or Pre-School programs will enable the student to be employed in either the Elementary School as an assistant to the teacher (Teacher Aide) or in Kindergartens, Nursery Schools, or Day Care Centers, guiding and supervising the activities in the Pre-School area.

Because of the demand of the Christian community, Clearwater Christian College has developed a two year program in Police Administration for its students. This is a cooperative program with St.

Petersburg Junior College in which all courses are taken at Clearwater Christian College except the Police Administration courses which are taken at St. Petersburg Junior College. An interview prior to enrollment in this program is required and is necessary before registration.

A total of 68 semester hours are needed to receive an Associate of Science degree (A.S.).

*Students interested in Pre-school Education should take Education 111, Pre-school Programming I, (in lieu of: History and Philosophy of Education, 201), and Education 112, Pre-school Programming II, (in lieu of: Curriculum and Instruction, 302).

POLICE ADMINISTRATION

The program offers the student a broad background in the organization, management, and operation of law enforcement agencies. Special emphasis is placed on the role of the police in the process of social control, and in the legal and philosophical issues involved.

The program provides a professional background for a career in law enforcement and an opportunity for employed police officers to enhance their professional development.

The two year degree prepares the student: (1) to pursue a four year program, (2) to attend the police academy, or (3) to seek immediate employment in various police offices in fingerprinting, records control, criminalistics, etc.

In order to secure a position as a police officer, the student will need preparation beyond that provided by the program outlined in this catalogue.

DEPARTMENT OF EDUCATION

Mr. Calnan

Mr. Roberts

The rapid growth currently being experienced by the Christian school movement has created a critical need for teachers with a philosophy of education that is distinctively Christian, and at the same time, those who are equipped with a knowledge of the most up-to-date techniques available to the teaching profession. In order to meet this need Clearwater Christian College has developed teacher training programs that achieve these objectives.

The Bachelor of Arts, Bachelor of Science, and Associate of Science degrees are available in the education department. Students should consult the appropriate sections of this catalogue in order to ascertain the specific requirements for each degree. Complete programs which are suggested for the baccalaureate degree in education and for the associate degree are listed earlier in this publication.

The majors in elementary and secondary education are designed to meet the published requirements for teacher certification by the State of Florida. Upon completion of degree requirements, the student is eligible to apply for temporary teacher certification. Certificates are issued only by the Teacher Certification Section, Department of Education, Tallahassee, Florida, 32304.

EVENING BIBLE INSTITUTE

Jerry R. Lancaster, B.B.A., M. Div.
Director of Evening Bible Institute
Associate Pastor of Calvary Baptist
Church, Gulfport, Fla.

Sensing the need in the Tampa Bay area for an evening school to provide opportunity for church laymen to expand their Bible knowledge, the evening institute opened in September, 1976. Forty to fifty students attended classes during each of the first two semesters.

Classes are fifty minutes per period (10 minute breaks). All classes are held on Monday or Tuesday nights; three classes per evening, starting at 6:30 p.m., 7:30 p.m., 8:30 p.m. respectively. A class that meets on Monday does not meet on Tuesday. A one-year certificate is issued after the completion of eleven hours. Students completing the three-year program graduate along with the Clearwater Christian College.

There are no pre-educational requirements; transcripts, physical and college entrance exams are also not required. Students who audit courses are not required to read the textbook, take the exams, etc., but also receive no credit toward either certificate. Arrangements can be made for transfer of credits from other schools.

There is a one time enrollment fee of \$7.50 per student. If only one class hour is taken, the cost is only \$20.00 per semester. If more than one course is taken, the cost is an economical \$17.50 per semester. These fees are designed to meet the layman's budget. Auditing is permitted, but at regular charges. Cost of textbooks is extra.
