A MESSAGE FROM DR. STRATTON

Thank you for considering Clearwater Christian College as a viable choice for your college training! We offer a quality liberal arts educational package that is centered on God's Word. While our professors are experts in their respective fields, they provide you with more than just academics. They weave the truths of the Bible throughout their course material so that under their tutelage, you would more clearly understand the proper world view.

The academic requirements are rigorous but not overwhelming. The value of your diploma will be strongly related to the level of challenge in the curriculum. We maintain high academic standards so that your entry into the various professions and ministries of life will be as smooth as possible. In addition, our curriculum is accredited by the Commission on Colleges of the Southern Association. This designation can break down barriers to entry into graduate schools and professions across the country.

It is our desire to utilize the college setting to provide opportunities for growth into Christlikeness. Classes, chapels, ballgames, fine arts programs, Greek meetings, and all other activities of the college family are designed to direct your attention toward the eternal and away from the temporal. Although your academic training will be thorough, this is only one aspect of the total package that you will receive as a student at Clearwater Christian College. The lessons learned and experiences gained outside of the classroom are vitally important to prepare you for the ultimate opportunity to impact eternity for the Lord Jesus Christ.

Sincerely yours,

A handwritten signature in cursive script that reads "Rick Stratton".

A MESSAGE FROM DR. STEELE

Whatever course of study they choose or profession they enter, we at Clearwater Christian College desire that our students and alumni be effective witnesses for the Lord. While some may train to minister in churches, in Christian schools, or on mission fields, and others for fields of activity considered secular, we want them to be concerned about lost souls and have a love for their Christian brethren. During their study here, our students are equipped to share the basic solution to the problems of humankind: “. . . the Lamb of God that taketh away the sin of the world” (John 1:29).

A major emphasis in the total program of the college is the academic, spiritual, and character development of students. We equip them for the discernment of unbelief and sin, which creep into our churches, institutions, and homes. Clearwater students, as true soldiers of the Gospel, are trained to oppose the world and those who reject the authority and inerrancy of God’s Word.

As we ask for prayer and support for the work here, we commend the college, its board, administration, faculty, staff, and student body to pastors, parents, and friends. We invite prospective students to consider whether or not becoming a part of the unique program of Clearwater Christian College might be God’s direction for them.

Yours in His Faithfulness,

MISSION, PURPOSE AND GOALS

MISSION

Clearwater Christian College has a two-fold mission: to deliver a quality education based on sound academic instruction in the context of the historic Christian faith and to help students develop the qualities of character that will enable them to lead fulfilling lives pleasing to both God and man (Proverbs 3:4).

PURPOSE

Clearwater Christian College is a fundamental, Christian, liberal arts, coeducational college which is denominationally unaffiliated and dedicated to sound academic instruction while propagating the historic Christian faith. The College is committed to a program of instruction which will cause its scholars to maintain personal allegiance to the whole counsel of God. Through its educational programs and the administrative and educational support services, the College attempts to provide the kind of atmosphere which will promote the intellectual, spiritual, social, and character development of students. Clearwater Christian College is committed to provide programs which will develop in the student godly character and a desire to achieve academic integrity and excellence. As a liberal arts institution, the College prepares students for many avenues of service, including the church, business, education, and the arts. Areas of study may be developed which are within the liberal arts tradition and consistent with the College's founding purpose.

GOALS

1. Provide programs which develop in the students godly character and a desire to know God and His Word so that they become more and more conformed to the image of Christ.
2. Provide programs which will develop the students' communicative and quantitative skills to prepare them to function effectively in society.

MISSION, PURPOSE, AND GOALS

3. Provide programs which will prepare students for their chosen ministry or profession or to pursue graduate or professional studies.
4. Provide students with the opportunity for cultural enrichment, assisting them in developing personal standards for evaluating the arts (music, drama, visual art, and literature).
5. Provide programs which will encourage the students to recognize and to fulfill their responsibility to serve Christ and to witness to others.
6. Inform students of modern religious movements which have deviated from orthodox Christian theological positions.
7. Help the students understand the foundations which have made our nation great so that they will conduct themselves as responsible citizens.
8. Help students understand the Biblical account of special creation and be able to answer non-Biblical theories of origins.
9. Attract and retain a competent faculty dedicated to the College's purpose and the ministry of teaching while expecting high standards of student performance.
10. Maintain fiscal stability and financial solvency within a balanced operating budget.
11. Broaden the College's base of financial support and advance its reputation through fund raising, alumni, and community relations.
12. Provide services, facilities, and equipment adequate to support the educational program.
13. Attract and retain a growing number of predominately traditional college-aged, full-time residential Christian men and women capable of pursuing and benefiting from the academic offerings of the College.
14. Provide a healthy, safe, and secure environment for the entire College family.
15. Attract and retain personnel who have appropriate skills, interests, and experience in support of the College's mission to assist the College in fulfilling its purpose.

HISTORY OF THE COLLEGE

Clearwater Christian College began with a burden in the hearts of the founders concerning the trends in colleges away from standards of morality and from the historic Biblical fundamentals. The founders also perceived a growing casual attitude toward doctrine and discernment. They were burdened about the general apathy in Christian colleges toward unbelief as expressed in such activities as the ecumenical movement, new evangelicalism, and ecumenical evangelism. They desired to start a college which would uphold the historic Christian faith while emphasizing evangelism, patriotism, and scholarship.

MISSION, PURPOSE, AND GOALS

From its inception, the need of informing others of the causes for the decline in doctrinal soundness has been a consistent emphasis of Clearwater Christian College. Evangelism as a Christian responsibility has also been stressed from its inception. Patriotism and gratitude to God for our cherished freedoms as American citizens is another emphasis. Support for the free enterprise system, including a belief in human and property rights, are included among these freedoms. Scholarship and academic excellence are also special values shared by the College board, administration, and faculty. These distinctive emphases are a part of the history of Clearwater Christian College.

In July, 1965, the possibility of establishing a Christian college on the west coast of Florida came closer to reality after an exploratory trip to Florida by Dr. Arthur E. Steele. This trip was followed by a year of calling on pastors in the area and surveying the possibilities of and the need for a Christian college. The area appeared to be ideal because of the great number of fundamental churches and opportunities for student Christian service, employment, and graduate study. Dr. Steele then moved his family to this area. Many friends made themselves available to help with the founding of this College. Through church contacts, the Lord supplied the architect, the general contractor, the building superintendent, and the owner of the land. The College acquired 50 beautiful waterfront acres at the eastern entrance to the city of Clearwater.

The Lord's hand was evident in every phase of the beginning of the College, which was incorporated on January 18, 1966. In April 1966, the I.R.S. approved the College as a tax-exempt institution. Construction began on the first two buildings in the summer of 1966, with completion at the end of the year. The Clearwater Bible Church graciously invited the College to begin classes in its buildings until the College buildings were completed.

On September 17, 1966, fifteen students enrolled as the first class of Clearwater Christian College. The Lord providentially supplied funds, friends, faculty, facilities, and a promising student body. The great enthusiasm and sense of expectancy during that first year have continued through the years of our history.

In the years that followed, the College board, administration, and faculty were persuaded to consider the possibility of regional accreditation. After much prayer and preparation, Clearwater Christian College received full accreditation from the Commission on Colleges of the Southern Association of Colleges and Schools (SACS) in December, 1984. This recognition by a secular, non-governmental agency signified the College's commitment to basic educational standards as compared with other accredited colleges and universities without compromising its historic position on doctrinal issues or its high standards of personal conduct.

In 1986, the College celebrated twenty years of operation under the leadership of Dr. Steele. In January, 1987, after an extensive search for a successor, the Board

MISSION, PURPOSE, AND GOALS

of Directors named Dr. George D. Youstra as president of Clearwater Christian College. Dr. Youstra brought an impressive record of accomplishment in Christian education and government to his leadership role at CCC. He had held responsible positions at several Christian colleges and in the U.S. Department of Education under Secretaries Bell and Bennett as Director of the Office of Regional Liaison and as a Special Assistant for Private Education. Under Dr. Youstra's leadership, CCC tripled in student enrollment, received state approval for ten programs in teacher education leading to state certification, and in 1998 gained re-affirmation of SACS accreditation.

In 1998, the College acquired 88 acres adjacent to the existing campus, resulting from the generosity of the Easter family, expanding the campus to almost 140 acres. The addition of this land to our campus plant will secure the long-term future of the campus on the same location and should provide sufficient room for additional growth in student enrollment. Through the years, the College "family" has seen the Lord provide miraculously for the continuance of the ministry. Campus facilities have increased from the two original buildings to meet the needs of a growing student body. Student enrollment has increased steadily over the years. We believe this provision is due to the position the College has taken against doctrinal extremes and its full commitment to the fundamentals of the historic Christian faith. The College began through much prayer and commitment of its founders, donors, administration, and faculty; it will continue to operate seeking His guidance, protection, and provision.

On the north side of Governor William Bradford's tombstone on burial hill, Plymouth, Massachusetts, is the following Latin inscription:

Qua Patres Difficillime
Adepti Sunt Nolite Turpiter
Relinquere

What our fathers with so much difficulty attained, do not basely relinquish.

DOCTRINAL STATEMENT

We believe and maintain the following:

- The plenary, divine inspiration of the Scriptures in the original languages; their consequent inerrancy and infallibility; and as the Word of God, their supreme and final authority in faith and life.
- The triune God: Father, Son, and Holy Spirit.
- The essential, absolute, eternal Deity; and the real and proper, but sinless, humanity of our Lord Jesus Christ.
- His birth of the Virgin Mary.

MISSION, PURPOSE, AND GOALS

- His substitutionary, expiatory death, in that He gave His life “a ransom for many.”
- His resurrection from among the dead in the same body in which He was crucified, and the imminent, premillennial bodily return of Jesus Christ in glory to this earth.
- The total depravity of man through the Fall.
- Salvation, the effect of regeneration by the Spirit and the Word, not by works but by grace through faith.
- The everlasting bliss of the saved and the everlasting suffering of the lost.
- The real spiritual unity in Christ of all redeemed by His precious blood.
- The necessity of maintaining, according to the Word of God, the purity of the church in doctrine and life.

PHILOSOPHY OF EDUCATION

Clearwater Christian College is founded on the belief in the inerrant, inspired Word of God, the Bible, which is the only infallible rule of faith and practice. The College seeks to integrate Biblical principles into the liberal arts in order to equip students to establish priorities and develop discernment for making decisions which will be glorifying to God.

We believe God is the Author of creation and the Source of all truth. Scripture teaches us that truth is revealed by God through Christ, “in whom are hid all the treasures of wisdom and knowledge” (Colossians 2:3). True Christian education is based on the principle that no dichotomy exists between the secular and sacred. There should be no disjunction between piety and scholarship, faith and reason, religion and science, or theology and philosophy.

INSTITUTIONAL EFFECTIVENESS

Virtually every phase of operation at Clearwater Christian College is affected by the growing institutional commitment to developing reliable measures of effectiveness. Student surveys measuring the learning environment, library services and resources, and understanding of the overall college purpose and objectives are conducted annually by the College. Student opinions of instruction are solicited systematically. Each academic division has developed instructional objectives and prepared strategies to implement and evaluate these objectives. The faculty perform self-evaluations and are evaluated by their division chair each year. As a result of these activities, college personnel are familiar with what their intended outcomes are and are able to assess progress toward the established goals.

MISSION, PURPOSE, AND GOALS

HONOR STANDARDS

It is the College's belief that an individual's commitment to the Word of God will affect his day-to-day conduct. Realizing that our students come from differing backgrounds and levels of spiritual maturity, the College has formulated a basic standard of conduct that it will expect students to conform to while they are in attendance. Rules and regulations are formulated on the basis of Biblical principles, individual safety, and Christian testimony. Specific expectations, and the penalties associated with a failure to adhere to them are given in the student handbook. The College reserves the right to refuse admission, place on disciplinary probation, or dismiss any student whose personal conduct and/or attitude in the judgment of the administration is not consistent with the Christian spirit and standards which the College seeks to maintain.

LOCATION

Clearwater, Florida, is located halfway down the Florida peninsula on the west coast. It is north of St. Petersburg and just across Tampa Bay from the city of Tampa. The entrance to the College is on Route 60, the main highway between Tampa and Clearwater. This is also known as the Courtney Campbell Causeway. The College is within sight of the Tampa International Airport. Our 138-acre campus is situated on Tampa Bay, the eastern boundary of the city of Clearwater. The western boundary of the city is the Gulf of Mexico.

The College is ideally located for a Christian liberal arts college in a cluster of towns which provide opportunities for Christian service in fundamental, separated, soul-winning churches. There are also many employment opportunities for students in small industries and shopping centers. The greater metropolitan area also provides access to faculty and alumni for graduate studies.

CAMPUS FACILITIES

Cathcart Hall

This multi-purpose building borders beautiful Tampa Bay. The College cafeteria is on the first floor and the second floor houses administrative offices. The observation deck on the second floor gives a picturesque view of Tampa Bay, while the lobby of Cathcart Hall serves as the reception area for visitors. This building was provided through the generous gift of Mr. and Mrs. Harold Paden of Arlington, Virginia, in memory of her parents, Mr. and Mrs. Arthur W. Cathcart.

Dambach Hall

Named in honor of William L. Dambach, a longtime friend and supporter of the College, Dambach Hall was one of the first buildings on campus. In 1990, the building was renovated and enlarged to become our main classroom building. In addition to classrooms, the east wing houses the Gospel Center Memorial Chapel, an auditorium that can seat over 500.

Easter Library

The Easter Library was built in 1970 and expanded in 1989 with gracious gifts from Dr. and Mrs. Lowell Easter and several other donors. The collection includes over 110,000 volumes; 2,293 regularly received paper and electronic periodical titles; and thousands of music scores and multimedia materials. The library also contains collections of children's literature, curriculum materials, pamphlets, and the College archives. The collections were provided, in part, by a timely gift from Mr. and Mrs. Raymond Murray.

The Library is recognized for outstanding holdings in creationism, Bible commentaries, practical theology, Native Americans, American Presidents, and wives of the Presidents. The main reading room features individual study carrels, tables, reference collection, and a current periodical display. The service-oriented staff is dedicated to providing quality research and instructional support through information sources and changing technologies. The library's collections are accessed through the online catalog which contains the records of 12 local public and college libraries. It can be viewed on the library's homepage along with many reference and research tools for the preparation of course assignments.

The Easter Library is a member of three professional networks: the Tampa Bay Library Consortium (TBLC), Online Computer Library Center (OCLC) and the Christian Library Association Network (CLAN). These networks enable the sharing of valuable resources of over 41,000 libraries in 82 countries with over 48 million records.

MISSION, PURPOSE, AND GOALS

Emmons Hall

Emmons Hall is one of two residence halls on campus for women. The residence hall is designed for family-style living. Each unit has a furnished living room, four bedrooms, and a bathroom. The entire suite has central air conditioning and heating. Coin-operated laundry facilities and vending machines are conveniently located. Emmons Hall was named on behalf of Mrs. Anna Emmons, a long-time supporter of the College.

Gymnasium/Centre Court Café/Rehearsal Hall

This 12,000 square foot athletic facility is home for all indoor intercollegiate and intramural sports activities. The gymnasium is equipped with six backboards enabling two full-court competitions at one time if necessary. The stage on the east end is utilized for drama productions as well as the platform for activities requiring a large auditorium area.

Major expansion of this facility in 1997 included the addition of a large rehearsal facility (Rehearsal Hall) for the College orchestra and choirs, and a student lounge, snack shop (Centre Court Café), bookstore, and post office. Funds for this project were provided in large part by an anonymous donor.

Merritts Hall

This men's residence hall is adjacent to the College gymnasium. The residence hall resembles a hotel-style arrangement where the individual rooms open to an interior hallway. The rooms are carpeted and have an individual air conditioning/heating unit, small vanity, and walk-in closets. Restrooms and showers are centrally located on each floor. A large, second-floor study lounge overlooks one of the campus lakes. A major remodeling and a wing addition were provided by the gracious gift of Rev. and Mrs. Paul Merritts in 1995.

Paden Hall

This women's residence hall was built along the same concept as its earlier counterpart, Emmons Hall. The building was provided in part by the gracious gift of Mr. and Mrs. Harold Paden of Alexandria, Virginia, in honor of his parents. A major addition to this building was dedicated in February, 1997, and more than doubled the housing capacity of this residence hall.

Steele Hall

This residence hall/science classroom building is named in honor of Dr. Arthur E. Steele, founding president of the College. The building, dedicated in September 1999, provides housing for up to 100 men on the second and third floors. The first

MISSION, PURPOSE, AND GOALS

floor space is used for faculty offices, two science labs, a lecture hall, and a classroom. Faculty offices are also located on the third floor, conveniently accessed by an elevator.

STUDENT LIFE

a

lthough the classroom is an important arena for learning and receiving the distinctives of a Clearwater Christian College education, the College realizes that appropriate out-of-the classroom experiences can enhance the educational process, provide a means of service to the student body and community, and help develop leadership skills. For this reason, avenues are provided for spiritual ministry, social interaction, cultural enrichment, and athletic competition.

SPIRITUAL

One objective of the College is to cultivate in the student a desire to know God and His Word. The required minor/concentration in Bible provides an excellent academic foundation. Daily chapel services provide a regular means of spiritual edification and refreshment. Each semester begins with a Christian Life Conference. The emphasis is on spiritual preparation for the challenges facing the student during the upcoming term of study. A Day of Prayer is set aside during both the fall and spring semesters to provide opportunities for large and small group prayer sessions and directed services on this vital area of the Christian walk. Each spring, the student's attention is directed to the need of world-wide missions through a week-long missions conference.

The entire College family is expected to attend a Bible-believing church in the community during regularly held services. Through this practice, students not only receive additional spiritual encouragement, but also find an avenue for Christian service and a group of Christian friends outside of the College family from whom they can receive continuing support while in school. On Wednesday evenings, students attend their church's mid-week service, participate in Christian service activities (usually in conjunction with their church), or are involved in the mid-week prayer service on campus.

Each full-time student is expected to participate in one Christian Service opportunity each week. The Christian Service program provides avenues for developing the habit of regular ministry. It is the desire of the College to have our

STUDENT LIFE

graduates leave with a commitment to serve the Lord in full-time Christian ministry or in other occupations.

SOCIAL

The College has established thirteen organizations known collectively as The Greeks. These student-led groups are actively involved in providing social and service opportunities for the student body as well as organizing teams for the intramural sports program. Students have opportunity to join one of the organizations during Greek Rush held at the beginning of their first semester. Initiation into any student organization does not involve physical hazing of any kind.

Along with the activities sponsored by The Greeks, the College provides other opportunities for the student body. During the opening week of school, the College sponsors get-acquainted activities such as ice skating and bowling. At Christmas, the College family participates in a school-wide banquet, which traditionally concludes the first semester. Class organizations and clubs sponsor member- and all-college activities throughout the year. Graduating seniors are honored by a banquet sponsored by the junior class.

In addition to The Greeks, the following clubs and academic-related organizations enhance learning or provide social interaction:

Alpha Chi (Honor Society)	Drama Club	Political Club
Art Club	History Club	Science Club
Business Club	Music Club	Student Missionary Fellowship

One of the purposes of student groups is to provide the opportunity for the development of leadership. Planning and overseeing social, academic, spiritual, and sports activities give concrete experience in working with people and leading groups.

In addition to the opportunities afforded through the above mentioned, the Student Senate provides additional avenues for leadership development. The Student Senate is comprised of the presidents and vice presidents of the thirteen Greek organizations. This group meets regularly and is responsible for the oversight of the Greek intramural sports programs and community service projects.

Students are also given opportunity to participate on a variety of faculty/administrative committees. These include the Food Service, Honor Court, Library, Social, Student Affairs, and Teacher Education Program Assessment committees.

CULTURAL

Opportunities for cultural enrichment are available on and off-campus through the four major performing arts centers in the Tampa Bay area. Students are able to be-

come involved in fine arts through participation in the College's music and drama departments. Music groups perform regularly for both the College family and the local community. Each spring or summer, the choir tours a selected area of the United States. The drama and music departments are responsible for major productions each school year and often participate in annual Christmas productions. The Commencement Contest allows students to compete in designated categories for recognition at Commencement. The *Causeway*, the College's award winning yearbook, enables students who have journalistic and photographic interests to use their skills.

In order for students to receive exposure to appropriate cultural experiences, the College requires students to attend a minimal number of fine arts activities each semester. Students can choose from the frequent on-campus student, faculty, or guest concerts or ones held in performing arts centers or art museums in the Tampa Bay area.

ATHLETICS

All students have an opportunity to become involved in athletic competition through the Greek intramural program. Students participate in flag football (men only), volleyball, basketball, and soccer. Awards are presented to the Greek organizations for their success in the individual sports.

The intercollegiate athletic program of the College provides competition in soccer, basketball, and baseball for the men, and volleyball, basketball, and soccer for the women. Golf is open to all college students. The College is a member of the Florida Christian College Conference and the National Christian College Athletic Association. Our official mascot is the cougar. Recent team accomplishments include the following:

Men's Soccer	1992, 1995, 1997-2000 NCCAA Regional Champions
Volleyball	1991, 1992, 1994-2002 NCCAA Regional Champions 1995-1997, 2000 NCCAA National Champions
Men's Basketball	1992-1999 FCCC League Champions 1992-1996 NCCAA Regional Champions
Women's Basketball	1997-1999, 2001, 2002 NCCAA Regional Champions
Baseball	1994, 1997-1999 NCCAA Regional Champions 1997 NCCAA National Invitational Champions
Golf	2002 NCCAA Regional Champions 2002 NCCAA National Champions

STUDENT LIFE

HOUSING

Clearwater Christian College provides a great living experience through its campus-operated and supervised residence halls. Because it provides a wonderful opportunity to learn responsibility, to develop a spirit of cooperation, to help others, and to obtain encouragement from peers, the residence hall experience is recommended for all eligible students. The residence halls are supervised by the Office of Student Affairs. Residence hall supervisors as well as select upper-class students aid this office with supervision. All single, degree-seeking students are required to live in the residence halls. Students who are 23 years old by the opening of College, who live with their family, or who are veterans of two years active military service and are 20 years old, may live off campus. Students who have been married or who have children are required to live off campus.

CAMPUS SECURITY

A major concern across our nation is the matter of campus security. Clearwater Christian College has taken aggressive steps in the prevention of crime on campus. High intensity lights throughout the campus illuminate the buildings, parking areas, and pathways. All-night campus security, providing both stationary protection at the campus entrance and mobile patrols, serves as a visual deterrent as well as accessible assistance in the case of an emergency. Residence students are informed on crime prevention and safety techniques for both on and off campus. Information about campus security policies and procedures, crime prevention programs, and on-campus crime statistics are available upon request from the Office of Student Affairs. The CCC campus has been remarkably free from problems often found on other college campuses.

RECOGNITION

It is the desire of the College to provide appropriate recognition of our students as a means of encouragement or preparation for future opportunities. Besides the recognitions described in the Academic Information section of the Catalog, the College currently provides the following:

Academic Achievement - Each year, graduating seniors from each academic division are selected for recognition in their specific field for outstanding achievement and Christian example. Nominations are made by the faculty.

Arthur E. Steele Founder's Award - This recognition is given to the graduating senior who exemplifies Christian leadership, testimony, and loyalty to the ideals, spirit, and purposes of the College as witnessed in the life of the school's founder and first president, Arthur E. Steele.

Athletic Recognitions - Individual members from the College's intercollegiate athletic teams are given special recognition for their participation and outstanding achievement.

Christian Service Award - Recognition of students who exemplify the purposes of the Christian Service program is given during chapel.

Communication Arts Award - This award is given to the outstanding student communicator of the year by the Communication Arts Department.

Greek Awards - One men's Greek and one women's Greek are recognized for sports victories and involvement in school and community service.

College Sports Hall of Fame - Student athletes who have excelled in character and in an intercollegiate athletic sport throughout their four-year attendance at the College are recognized by induction into the school's Sports Hall of Fame. Nominations are made by the Athletic Committee.

Music Award - The outstanding student musician of the year is given an award annually by the Music Department.

School Spirit - One male student and one female student are selected by the student body as examples of school spirit.

Who's Who Among Students in American Universities and Colleges - The College recognizes seniors who demonstrate overall qualities of Christian character, scholarship, school and community service, leadership in extracurricular activities, and potential for future achievement.

ADMISSIONS

Submitting an application for admission is an important step for any prospective student. Careful examination of the offerings of the College, the institutional profile, and its expectations should help in determining one's "fit" with the institution. A well-written application and timely submission of admissions data should minimize the processing time. Prospective students should apply early in order to meet important enrollment and financial aid deadlines. Campus visits are highly encouraged because of the value of seeing firsthand what is advertised in the literature and for obtaining face-to-face answers to specific admissions concerns. Clearwater Christian College is committed to non-discriminatory admission practices, regardless of age, race, color, gender, or national or ethnic origin.

ENTRANCE REQUIREMENTS

Certain admissions data are collected on each applicant by the Office of Enrollment Services and are evaluated by the admissions committee. The General Application for Admission packet, containing required forms, can be obtained from the Office of Enrollment Service or on our website. The admissions process includes the submission of the application for admission, a written statement of personal faith, at least two letters of recommendation, appropriate high school and college transcripts, SAT or ACT results, and a non-refundable \$35 processing fee. GED results are accepted in lieu of a high school transcript. SAT or ACT results may be waived for some transfer applicants. International students are required to submit a completed CCC International Student Data Form and scores from a recent administration of the TOEFL if they reside in a country where English is not the native language (see International Students). Before applying, the prospective student should thoroughly examine the purpose and objectives of the College.

Several factors, including Christian character, academic background, motivation, and personal testimony can influence the acceptance of applicants. Academically, applicants must have a minimum ACT composite score of 18 or a combined

ADMISSIONS

SAT score of 870 *and* high school or college GPA of 2.00 for unconditional acceptance. Individuals who miss either or both of these standards may be offered admission on the basis of academic probation. The restrictions associated with this admissions status are described in the Academic Information section of the catalog.

In considering one's academic background, the College recommends that applicants have a minimum of 15 high school credits in English (4), math (3), science (3), social science/humanities (3), and foreign language (2). Mathematics courses should include geometry. English courses should emphasize grammar and writing skills.

International Students

Students whose citizenship is in a country other than the United States are required to submit an International Student Data Form, along with the General Application for Admission at least 90-120 days prior to the start of the intended semester of enrollment. The purpose of this form is to verify the applicant's ability to meet expenses incurred while attending the College. Verification of support requires affidavits of support from each source. Once this verification is accomplished, an I-20 form required for entrance into the United States will be issued. International students must consult their own embassies for visas and travel information to the United States.

In addition, international students for whom English is a second language are required to provide a minimum score of 500 (paper-based) or 173 (computer-based) on the Test of English as a Foreign Language or TOEFL.

Home School Students

Individuals who will graduate from a home school program are required to meet the same requirements as new freshmen and transfer applicants. An official transcript indicating courses taken by academic term, credit and grades earned, and date of graduation is required. Applicants who cannot provide such information must pass the General Education Diploma (GED) exam in order to be accepted as a degree-seeking student.

Special Students

Individuals desiring to enroll for courses as a non-degree-seeking student may apply as a special student. Special students may enroll for courses for the purposes of earning academic credit or auditing the course. All applicants are required to complete the General Application for Admission, write a statement of personal faith, provide at least one letter of recommendation (pastoral recommendation form preferred) and submit academic transcripts to prove satisfactory completion of course prerequisites unless waived by the Dean of Enrollment Services. Non-

degree-seeking students should be aware that priority is given to degree-seeking students in the admissions process, and approval must be obtained from the dean of enrollment services to continue taking classes during subsequent terms. Since most federal, state, and institutional financial aid programs require the student to be degree seeking, special students should anticipate satisfying registration costs through use of personal funds. Unless permitted by the vice president for student affairs, special students are ineligible to reside on campus because of limited available space. Special students who wish to become degree-seeking students should contact the Office of Enrollment Services for further requirements.

Dual Enrollment

High school students may be eligible to register for classes prior to high school graduation under our Dual Enrollment programs. Dual Enrollment permits students to take courses at CCC concurrent with their regular high school or home school program. Dual Enrollment applicants are required to submit the same documentation as a new freshman applicant. Applicants accepted under this admission category are awarded a tuition discount and may be eligible for a scholarship should they continue at the College as a degree-seeking student. Specific information regarding this enrollment opportunity can be obtained from the Office of Enrollment Services.

ADMISSIONS

Former Students

Students in good standing who interrupt their studies for no more than one academic term (not including summer sessions) are eligible to re-enroll without completing an application for admission. These students should notify the Office of Enrollment Services in writing of their intention to register for classes. Students who have been out for two academic terms (not including summer sessions) are required to reapply.

Students who have been dismissed from the College are eligible to apply for readmission upon completion of their suspension period. The admissions committee reviews all requests for readmission. Readmission is not automatic.

All former students who are accepted after having to reapply will be required to meet the course requirements of their intended degree program as stated in the catalog in effect at their return.

Veterans

Clearwater Christian College is approved for veterans' training programs such as the GI Bill Education Benefit, Vocational Rehabilitation Program, War Orphans Educational Assistance Act, and Education Assistance to Children of Disabled Veterans. The Financial Aid Office should be contacted for assistance regarding these programs.

MATRICULATION PROCESS

The objective of the Office of Enrollment Services is to assist each applicant from the time his or her application is received until the time of course registration. Each applicant is assigned an admissions counselor who assists the applicant throughout the process. The first step for accepted applicants is to confirm their intention to accept our offer of admission. This is done by submitting a confirmation form with the required non-refundable deposit by the deadline given. The confirmation deposit also secures housing reservations for resident students. The confirmation form is mailed to students soon after acceptance.

Once accepted applicants have confirmed, they will receive an arrival manual that outlines pre-arrival concerns, arrival dates and deadlines, student orientation schedules, and appropriate enrollment forms. A copy of *The Guide*, or student handbook, is also included in this packet. Confirmed students are given an opportunity to select classes through a registration opportunity called Early Selection. Early Selection appointments are scheduled with a representative of the registrar's office on campus or over the telephone. Confirmed students may participate in Early Selection once they have submitted their medical report forms and copies of their final high school transcripts.

CAMPUS VISITS

When is it a good time to visit Clearwater Christian College? ANYTIME! We hope that every applicant will make an effort to see the campus firsthand before enrolling. Those who visit during a time when classes are in session have the best experience. Appointments for campus visits and tours should be made through the Office of Enrollment Services by calling 1-800-348-4463.

FINANCIAL INFORMATION

he College's tuition and fee structure and related information for the 2003-2004 school year are set forth on the following pages. We invite our prospective and returning students to examine carefully the information presented. The cost of higher education seems to be always on the rise. Many institutions, facing shrinking endowments created by a less than robust economy, are implementing double-digit percentage increases. While our own rates could have justifiably increased in similar proportions, they have been moderated by one simple truth—our commitment to ministry! We do not view lightly our responsibility to provide a quality education in the context of our mission at affordable prices. We believe this is what the Lord has called us to do.

In light of that, we challenge our students and their families to examine our institution and the cost of attendance in terms of value received. Put another way, what is an excellent academic education that is distinctively Christian worth? If your interest lies in having an impact on eternity, we believe you will share our view. It's a value too good to pass up!

Finally, when assessing affordability, please consider the financial aid offerings that are available to most of our students. We believe you will discover opportunities to make your investment in higher education even more attainable as you review the Financial Aid section of our Catalog.

Notes:

- If a student elects to change from audit to credit status during the course of the semester, the student must enroll for the course in a credit status by using the “Drop-Add Form” available in the Office of the Registrar. This procedure must be completed no later than the end of the designated “drop-add period.”
- No transcript may be issued to a student with an outstanding financial obligation to the College.
- Immediate service for transcripts may require an extra fee.
- The College provides a secondary accident insurance policy covering all students enrolled for six or more hours to a maximum of \$5,000. There is no incremental charge for this provision. The fee shown is for an additional and optional health insurance policy, which is available for students enrolled for more than six hours. Information concerning both of these programs is available from Student Services.

FINANCIAL INFORMATION

REGISTRATION DEPOSIT

Students are required to pay a \$100 Registration Deposit if they desire to hold a space in their classes. This deposit will be applied to the student's account as a credit toward upcoming registration charges. It is non-refundable in the event the student fails to matriculate.

TERMS OF PAYMENT

In general, **all accounts for each term are due and payable in full at registration.** The College offers extended payment plan options for the student who qualifies and is unable to make full payment on his account at the start of a given term. Additional details about the plans may be obtained by contacting the College Business Office.

Payment Plan Options

Advance Payment Plan: A four-percent discount may be taken if payment of tuition and fees, minus the financial aid award, is received in the College Business Office by July 1 (December 1 for the spring semester). For payment of the total tuition and fees, minus the financial aid award, by August 1 (January 1) the discount is two percent. There is no discount for payments made after August 1 (January 1). Likewise, there is no discount for winterim or summer sessions as these fees are already significantly reduced.

Notes:

- The student is responsible for any financial aid adjustments or additional fees.
- Financial Aid awards not finalized by the above payment dates may be estimated as necessary. Adjustments to amounts due will be made when awards are finalized.

CCC Installment Plan: While all accounts for each term are due and payable in full at registration, the College realizes that managing the cost of education still remains a challenge for most families. With that concern in mind, the College offers a five-month payment plan for those who know that they will not be able to satisfy their obligations (i.e. the amount due *after* the application of any financial aid and/or student loans) to the school by registration. For students attending *either* fall or spring semester, enrollment in the plan *must be made* by July 20 or December 20, respectively, with the first installment of 20 percent of the unsatisfied portion of the bill due at that time. Any student who has not satisfied school obligations by the day of registration will be automatically enrolled, and **40 percent of the unsatisfied obligation must be paid when he or she registers in order to attend classes.** Subsequent payments are due by the 20th of each month with November

20 and April 20 being the last payment dates for the fall and spring semesters, respectively. **Any account must be settled in order for a student to take exams at the end of each semester.**

A \$25 sign-up fee will be applied to the student's account for enrollment in the plan. There is no interest applied to the account as long as payments remain current. However, there will be a penalty fee equal to 1.5 percent of the entire outstanding account balance for payments received *after* the 20th of the month. Because the College does not otherwise charge interest on its payment plan, **the terms and application of the penalty fee will be adhered to strictly.** In addition, a student who plans to attend both fall and spring semesters may avoid the spring semester sign-up fee by contacting the Business Office before December 20. In this case, the student will be automatically enrolled in the five-month plan with the first payment due December 20. Since school bills for a full-time student can be generally comparable from semester to semester, this arrangement allows the student to create, in effect, a 10-month payment plan for the school year.

Tuition and fees for the winterim session can be included in the second semester payment program.

FINANCIAL INFORMATION

NON-PAYMENT OF CHARGES

A student is not officially registered or entitled to enroll in any class until satisfactory financial arrangements have been completed with the Business Office. No transcript is issued and no degree is granted for any student with an outstanding financial obligation to the College. The student's financial account must be in good standing with the College in order to register for subsequent semesters.

ACCOUNT ADJUSTMENTS AND REFUNDS

Fall or Spring Semester

The student who withdraws from school in either semester will receive an adjustment of his or her account and be eligible for refunds according to the following schedule. **Note:** A withdrawal or drop must be made on the appropriate form obtained from the Office of the Registrar. Unless otherwise required by federal regulations, all refunds are based on the 15-week enrollment period.

An applicant who withdraws prior to the first day of class will receive a refund of all monies paid for tuition and fees with the exception of the \$100 registration deposit and any meals.

Tuition Adjustments Upon Withdrawal

Tuition, course fees, and other non-consumed special fees will be adjusted as follows:

- A withdrawal during the first class day receives a 100 percent adjustment.
- Beginning the second class day through the first 10 percent of the 15-week period, a withdrawal receives a 90 percent adjustment minus an administration fee of \$100.
- A withdrawal following the first 10 percent period of enrollment through the first 25 percent of the period receives an adjustment of 50 percent.
- A withdrawal following the first 25 percent of the period of enrollment through the first 50 percent of the period receives an adjustment of 25 percent.
- A withdrawal following the first 50 percent of the period will receive no adjustment unless required by federal regulations.
- For a recipient of Title IV Federal aid, see *Federal Refund Policy*.

Adjustment of Other Fees Upon Withdrawal

Meal charges are prorated and adjustments calculated based on the last day of residency. No adjustment is made to the Room Fee, General Fee, Insurance Fee and certain class fees if the student withdraws after the end of the Drop/Add period.

Reduction of Course Load

No adjustments are made when students drop individual courses after the end of drop-add week. To drop a course, a student must fill out the appropriate form obtained from the Office of the Registrar.

Federal Refund Policy

Federal regulations require that refund calculations be made for all students receiving Title IV Federal Student Aid who fail to complete a semester for which they enroll.

When a recipient of a Title IV grant or loan assistance withdraws from an institution during a payment period or period of enrollment in which the recipient began attendance, the institution must determine both the date of withdrawal and the amount of Title IV grant or loan assistance the student earned as of that date in accordance with the calculations prescribed by the regulations.

If the total amount of Title IV grant or loan assistance, or both, that the student earned is less than the amount of Title IV grant or loan assistance that was disbursed to the student or on behalf of the student in the case of a PLUS loan, the following applies:

- The difference between these amounts must be returned to the Title IV programs in the order specified in the regulations.
- No additional disbursements may be made to the student for the payment period or period of enrollment.

If the total amount of Title IV grant or loan assistance, or both, that the student earned is greater than the total amount of Title IV grant or loan assistance, or both that was disbursed to the student or on behalf of the student in the case of a PLUS loan, the following applies:

- The difference between these amounts must be treated as a post-withdrawal disbursement.
- If outstanding charges exist on the student's account, the institution may credit that account in accordance with all or a portion of the post-withdrawal disbursement up to the amount of the outstanding charges.

General

The above is intended to give an overview of the policies that govern adjustments to student accounts in the event of withdrawal. Federal and state regulations are complex, and specific circumstances should be considered when calculating adjustments for individual students. Examples of common refund calculations are available in the Office of Financial Aid or in the Business Office.

FINANCIAL INFORMATION

Medical Withdrawal

A student withdrawing from school for medical reasons or conditions verified by a physician's written statement may, upon request, receive a proration of tuition and other fees as appropriate and as determined by the College, for the remaining part of the school term. A withdrawal or drop must be made on the appropriate form obtained from the Office of the Registrar.

Military Service Withdrawal

A student withdrawing from school due to military service activation may receive a proration of tuition and other fees as appropriate and as determined by the College for the remaining part of the school year. Room and board expenses will be pro-rated based upon the actual period of enrollment. The student will be required to provide a copy of activation orders upon request.

Involuntary Administrative Withdrawal

A student who is withdrawn, suspended, or expelled from the College for administrative reasons receives no refund or credit for any tuition or fees paid, except for meal charges, unless required by federal regulations. The charges for meals are prorated and refunds made on the basis of the number of weeks involved.

Refunds from Student Account

Students are encouraged to leave credit balances on their student account to cover future charges. However, in the event a refund is needed, the College will provide it in accordance to the following policies:

1. Request for refund must be made in person.
2. The Business Office requires three working days to process a request.
3. Refunds will be issued no earlier than the first day after the drop/add period of each term (after first full week of classes).

Bookstore Purchases

The College operates a campus bookstore where textbooks, classroom supplies, and other college-related items may be obtained. The bookstore accepts cash, personal checks, and VISA/MASTERCARD/DISCOVER for payments of any purchases. Bookstore purchases are not charged to the student's account in the Business Office unless a sufficient credit exists on his or her student account. In that case, bookstore charge vouchers are required and may be picked up in the Business Office.

Banking

Students are encouraged to open checking or savings accounts with local banks to assist them with appropriate banking services such as check cashing. The Business Office cannot cash personal checks or third-party checks for students.

Board of Trustee Action

The Board of Trustees, in an effort to do what it can to help limit the uncertainty that often prevails in the financial pursuit of higher education, has approved the basic fee structure for 2004-2005 as well. These rates are available from the Business Office upon request.

FINANCIAL AID

he cost of attending college continues to rise steadily at nearly every institution of higher learning in America. **Clearwater Christian College believes that the final responsibility for bearing these costs rests with the student and his family.** We recognize the difficulty rising college costs have had on the family's limited resources. For this reason, we have developed a diversified financial aid program to assist the student in meeting his obligations.

GENERAL INFORMATION

Financial aid includes scholarships, grants, loans, veterans' benefits, and employment opportunities. Sources include government agencies, private foundations, organizations, and the College itself. Scholarships and grants are usually considered "gift" assistance, and repayment is not required. Both on-campus and off-campus work opportunities also help to defray College expenses. Low-interest loans are offered at competitive interest rates, and in most cases, are repayable over a period of time upon the student's departure from college.

GENERAL QUALIFICATIONS FOR FINANCIAL AID

To qualify for federal and state grant and loan programs, a student must

1. be a U.S. citizen or an eligible non-citizen;
2. be enrolled for the minimum number of required credit hours (e.g. at least 12 semester hours are required to be eligible for state assistance);
3. be enrolled for the purpose of obtaining a degree;
4. be registered for the Selective Service, if applicable;
5. be maintaining satisfactory academic progress;
6. not be in default on a federal student loan or owe a refund on a federal grant received at any postsecondary institution; and
7. demonstrate financial need (for need-based aid).

FINANCIAL AID

Clearwater Christian College is committed to non-discriminatory financial aid practices regardless of age, race, color, gender, or national and ethnic origin. Most state and federal financial aid programs determine need through the following equation:

$$\begin{array}{|c|} \hline \text{COST OF} \\ \text{ATTENDANCE} \\ \hline \end{array} - \begin{array}{|c|} \hline \text{EFFECTIVE} \\ \text{FAMILY} \\ \text{CONTRIBUTION} \\ \hline \end{array} = \begin{array}{|c|} \hline \text{FINANCIAL} \\ \text{AID} \\ \text{NEED} \\ \hline \end{array}$$

Each institution defines and publishes its Cost of Attendance using its schedule of fees. The Effective Family Contribution is determined from information provided on the Free Application For Federal Student Aid. The difference between the Cost of Attendance and the Effective Family Contribution is the Financial Aid Need.

APPLICATION PROCEDURE

Applicants should obtain the Clearwater Christian College Financial Aid package, which contains applications for the financial aid programs available to students at CCC. The Free Application For Federal Student Aid (FAFSA) is the basic need analysis form used to determine the student's eligibility for the Pell Grant, Supplemental Equal Opportunity Grant (SEOG), Florida Student Assistance Grant (FSAG), and federal loan programs. There are separate applications for college-funded scholarships, campus work programs, and the Florida Resident Access Grant (FRAG). Some applications for programs available to students attending CCC may have to be obtained through local guidance counselors' offices or state agencies. College-funded scholarships, campus work, and the FRAG applications should be mailed to the Financial Aid Office of Clearwater Christian College.

Once the FAFSA application has been completed, it should be mailed to the federal processor. The processor will return a Student Aid Report (SAR) to the student. It should be reviewed for accuracy. The Financial Aid Office will use the information on the SAR to determine the student's eligibility for federal/state programs. The Financial Aid Office will release a Financial Aid Award Letter to the student indicating his complete financial aid "package". Once the award letter is signed and returned by the student, grants and scholarship amounts will be posted on the student's account in the Business Office. Students accepting Stafford and PLUS loans are given applications for further processing. Loan checks are disbursed to the student's account beginning with the first day of classes.

Each program has a deadline for application. It is recommended that students apply for all financial aid programs under consideration shortly after January 1

preceding the year of entry. STUDENTS MUST REAPPLY FOR ALL FORMS OF FINANCIAL AID EACH ACADEMIC YEAR.

INTERNATIONAL STUDENTS

In order to qualify for financial aid as an eligible non-citizen, students must be permanent residents with an alien registration card (Form I-551 or Form I-551C) with a valid expiration date. Students may also present a “Temporary Resident Card” (Form I-688) with a valid expiration date to qualify as eligible non-citizens. The I-688A and the I-688B DO NOT qualify the students as an eligible non-citizen. No federal or state financial aid is available to international students other than these above.

SOURCES OF FINANCIAL ASSISTANCE

External Grants and Scholarships

Federal Pell Grant (PELL)

This grant is provided by the U.S. Department of Education and is based on need. It is considered the “foundation” of the financial aid package and may be combined with other sources of aid to meet the total cost of attendance. Awards are determined by the student’s enrollment status. For the academic year 2003-2004, awards range from \$400 to \$4,000. The deadline to file the FAFSA for consideration for Pell is June 30, 2004.

Federal Supplemental Educational Opportunity Grant (SEOG)

This need-based grant is provided by the U.S. Department of Education and is available to eligible exceptionally needy Pell recipients. For the academic year 2003-2004, awards range from \$100 to \$1,500. The deadline to file the FAFSA for consideration for SEOG is April 1, 2003.

Reserved Office Training Corps (ROTC) Scholarship

Students participating in Air Force and Army ROTC through the College’s arrangement with detachments at the University of South Florida may qualify for four-, three-, or two-year scholarships from that branch of the United States Military. Specific information and qualifying details are available through the specific ROTC detachment or Clearwater Christian College. Scholarships usually cover the cost of tuition at Clearwater Christian College, fees, textbooks, and a monthly stipend for personal expenses. See College-Funded Scholarships for possible matching scholarship program for room and board expenses.

FINANCIAL AID

Veterans Benefit

Veterans may qualify for educational assistance according to their length of military service. Widows and children of veterans who died or were disabled as a result of service-connected injury or disease may also be eligible for educational benefits. Information may be obtained from the Veterans Administration or from the College's Financial Aid Office.

Veterans enrolled under the federal GI Bills PL 358 and PL 634 receive their allowances directly from the government and pay the fees and charges in the same way as other students.

WARNING: Students who drop or withdraw from a course may not be paid for the course unless the circumstances for having to drop the course are considered to be mitigating circumstances by the Veterans Administration (i.e., circumstances beyond the control of the student).

Vocational Rehabilitation

Physically disabled students may be approved to receive financial assistance to attend college for the purpose of vocational rehabilitation. Those who wish to consult with a representative regarding vocational rehabilitation should contact their local district office of the Division of Vocational Rehabilitation, Department of Health and Rehabilitative Services. **NOTE:** The Business Office coordinates the process.

Florida Student Assistance Grant (FSAG)

This grant is provided by the State of Florida and is available to eligible Florida residents. The annual awards for this need-based assistance range from \$200 to \$1,300. Florida residents must complete the FAFSA, including all questions regarding state residency.

Florida Resident Access Grant (FRAG)

The Florida Resident Access Grant is a non-need based award and is provided to eligible Florida residents. Florida residents must complete the FRAG application and return it to the College no later than the end of the first week of classes for the fall or spring terms.

Florida Minority Teachers Scholarship

This scholarship is available to a Florida resident who intends to teach in Florida public schools. The student must be enrolled full-time and have been accepted into the Teacher Education Program (TEP) at the junior level in a state-approved teacher education program. The student must be a member of one of the following ethnic groups: African American/Black, Hispanic, Asian American/Pacific Islander, American Indian/Alaskan Native, or dislocated military personnel or dislo-

cated defense contractor employee. The annual renewable award for this scholarship is \$4,000. The award may be renewed for the senior year.

Florida Bright Future Scholarships Program

The Florida Bright Future Scholarship Program is the umbrella program for three state-funded scholarships based on academic achievement in high school. Eligibility requirements are

- Be a Florida resident
- Earn a Florida standard high school diploma or its equivalent from a public or private high school, or complete a state-approved home education program
- Be accepted by and enrolled in an eligible Florida public or independent postsecondary education institution
- Be enrolled for at least six semester credit hours or the equivalent
- Not have been found guilty of or pled guilty to a felony charge

Florida Academic Scholars

Student must complete 75 hours of community service. Apply online at www.floridastudentfinancialaid.org.

Florida Medallion Scholars

A Florida high school graduate will need a cumulative high school GPA of 3.0 in college prep courses and a SAT score of 970 or an ACT of 20 (SAT score of 1070 and an ACT score of 23 for homeschooled). Apply online at www.floridastudentfinancialaid.org.

Florida Gold Seal Vocation Scholars

A Florida high school graduate will need a cumulative GPA of 3.00 in the required 15 courses for high school graduation, complete a program of studies that requires a 3.50 GPA in three secondary school vocational credits, pass a College Placement Test or its equivalent, and meet general eligibility requirements for the Florida Bright Futures Scholarship Program. Apply online at www.floridastudentfinancialaid.org.

FINANCIAL AID

Florida Independent College Fund

The Florida Independent College Fund is a not-for-profit foundation for program and resource development for the Independent Colleges and Universities of Florida. It is dedicated to providing financial assistance to students attending these institutions. The following scholarships are provided by this fund:

United Postal Service Foundation Scholars

A scholarship up to \$3,000 for a senior student. Students must complete the college-funded scholarship application. One scholarship awarded.

The Coca-Cola First Generation Scholarship

A scholarship up to \$5,000 for an entering freshman student in good standing who is the first person in his or her immediate family to graduate from college. Students must complete the college funded scholarship application. One scholarship awarded. Not available in 2003-2004.

Florida Bankers Association

A scholarship for \$3,000 open to Florida residents who are senior business majors. Students must complete the college-funded scholarship application. One scholarship awarded.

Florida Rock Scholarship

A scholarship up to \$3,000 open to senior business majors who reside in the state of Florida. Students must complete the college-funded scholarship application. One scholarship awarded.

College-Funded Scholarships

Clearwater Christian College scholarships are designed to help students pay their tuition and fees. Off-campus living and transportation costs are excluded. Beyond individual scholarship requirements, **each applicant must have a valid Student Aid Report on file with the CCC Financial Aid Office. To apply for these programs, the student must submit a completed CCC College-Funded Application to the Financial Aid Office.** For renewal purposes, the student must continue to meet the provisions of the scholarship program and maintain satisfactory academic progress. The amount of the scholarship may be reduced if the awards would result in a credit balance. This scholarship does not cover the cost of books. Students who qualify for this award will receive aid for fall and spring terms only.

Honors Scholarship

Entering freshmen who enroll as full-time students and who have either a minimum ACT composite score of 28 or a combined SAT I score of 1270 are eligible for consideration. Up to five awards in the amount of \$4,000 annually will be awarded to those entering freshmen who qualify. Students must have an eligible ACT/SAT score and a valid SAR on file in the Financial Aid Office by April 1, 2003. Students must earn at least a 3.75 GPA each academic year to renew this scholarship.

President's Scholarship

Entering freshmen who enroll as full-time students and who have either a minimum ACT composite score of 25 or a combined SAT I score of 1140 are eligible for consideration. Students may receive up to \$1,000 each semester. Up to 50 awards will be given annually. An eligible ACT/SAT score and valid SAR must be on file in the Financial Aid Office by April 1, 2003. Students must earn at least a 3.500 GPA with **no incomplete grades** for each academic year in order to maintain eligibility.

Transfer Academic Scholarship

This scholarship is available to eligible first-time CCC students transferring in as full-time students with at least a sophomore status. Students must have a minimum ACT composite score of 25 or a combined SAT I score of 1140 and have earned at least a 3.250 on a 4.000 scale for all postsecondary work attempted. Eligible students may receive up to \$750 each semester. Students must earn at least a 3.500 GPA with **no incomplete grades** for each academic year in order to maintain eligibility.

Christian Workers Scholarship

Full-time Christian workers or the dependents of a full-time Christian worker whose income is the major source of support for the family are eligible for consideration. Qualified students who enroll full-time may receive up to \$500 each semester. Qualified students who enroll part-time may receive up to \$40 per semester hour enrolled.

Christian Teacher Scholarship

This award is designed to assist individuals who are currently teaching or who have temporarily interrupted their teaching career to further their training in the field of education. Qualified students who enroll full-time may receive up to \$300 each semester. Qualified students who enroll part-time may receive up to \$25 per semester hour enrolled.

This scholarship is available to eligible first-time CCC students whose sole citizenship is the country of Canada, provided they are full-time and degree-seeking. Eligible students may receive up to \$1,000 a semester. Students must earn at least a 2.00 GPA for each academic year in order to maintain eligibility.

Music Scholarship

This scholarship is available to eligible vocal and instrumental musicians based on musical ability and financial aid need. Auditions in person or by video or audio tapes are required. In accepting the scholarship, the student agrees to enroll in appropriate applied lessons and participate in musical groups or performances as identified by the music department. Multiple scholarships ranging between \$1,000 and \$4,000 annually have been awarded. These scholarships may be renewed for subsequent years. **Priority will be given to students majoring in music.**

Reserved Office Training Corps (ROTC) Matching Scholarship

Students who qualify for Air Force and Army ROTC tuition scholarships may be eligible to receive a matching scholarship to cover room and board expenses. Scholarship amounts will not exceed the cost of room and board for one academic year less the amount of other federal and state grants the student may qualify to receive. A limited number of awards will be offered each academic year.

Donor and Memorial Scholarships

The following scholarships have been made available through continuing gifts of donors. To be eligible for consideration, the applicant must enroll as a full-time, degree-seeking student, have a valid SAR on file with the Financial Aid Office, and pursue the specific major or interest designed by the scholarship unless designated otherwise. The deadline for applications and supporting documents to be received by the Financial Aid Office is April 1, 2003, unless noted otherwise.

Awards are made annually, divided over appropriate fall and spring term enrollments. Qualified applicants are selected by the Financial Aid Committee. The number of awards and the amount of the awards are determined by the Committee and may vary from year to year.

Alumni Scholarship

This scholarship is open to all students who are children of active Clearwater Christian College alumni. Contact Steve Morken in Alumni Services to apply for this scholarship. One award will be considered for \$1,000 per academic year.

Jim and Jan Avery Medical Scholarship

This scholarship is provided by Dr. & Mrs. James Avery. It is intended to assist students enrolled in the pre-med program. The scholarship is open to all enrollment classifications of students in the pre-med program. One award will be considered for \$500 per academic year.

Muriel Hall Scholarship

This scholarship is provided in honor of Mrs. Muriel B. Hall who recognized the need for business students to receive a sound, fundamental, Christian education. Eligible students must be enrolled in a major in the Division of Business Studies and have at least a junior status for the intended academic year. Multiple awards will be considered for \$750 to \$1,500 per academic year.

Dr. Harry W. Hunter Memorial Scholarship

This scholarship is provided in memory of Dr. Harry W. Hunter, a former member of the Clearwater Christian College Board of Directors and an outstanding Christian educator. This scholarship is available to eligible sophomore students majoring in physical education. One scholarship for \$1,000 will be awarded.

Johnson Family Scholarship

This scholarship is provided in memory of Elsie Johnson. Eligible students must be enrolled in Bible, church ministries, or pastoral studies. Open to all enrollment classifications. A single award between \$200 and \$300 will be made each year. Not available in 2003-2004.

Mabel Haines Luethy and Paul Leewood Luethy Scholarship

This scholarship is available to eligible students preparing for pastoral ministry, youth ministry, or missions. The scholarship is based on financial need. One scholarship for \$300 will be awarded.

Macfarlane Scholarship

This scholarship is provided in honor of Dr. Jean Macfarlane, who for many years served as Chair of the Department of English and the Division of Arts and Science at Clearwater Christian College. Open to all student classifications who major in English. A single award for \$900 will be made each year. Not available in 2003-2004.

Motter Memorial Scholarship

This scholarship is provided in memory of James R. Motter, who served in the area of elementary education as a teacher and principal for 31 years. Eligible students must be enrolled in a degree program in teacher education. One scholarship will be awarded to one individual in the amount of \$500.

FINANCIAL AID

Ohio Bible Fellowship Scholarship

This scholarship is open to entering freshmen who are members or whose parents are members of the Ohio Bible Fellowship. The student must enroll as a full-time, degree-seeking student and must complete a Federal Application for Student Financial Aid (FASFA). Need is considered when awarding this scholarship. A \$1,000 award will be awarded to three students for the 2003-2004 academic year.

Peterson Memorial Scholarship for Musical Ministry

This scholarship is available to eligible vocal and instrumental musicians majoring in music. The scholarship is based on musical ability and financial need. In order to receive this scholarship, students must ascribe to personal standards in the area of music, which agrees with the College's traditional, conservative, and Biblical music standards. One scholarship for \$600 will be awarded.

Procacci Memorial Scholarship

This scholarship is provided in memory of Guiseppe and Rosa Procacci by their daughter Esther Procacci Pavlides. Eligible students must be entering freshmen who intend either to pursue a vocation in elementary or secondary education or are enrolled in the pre-med major. One award for \$4,000 is awarded annually.

Schmidt Memorial Scholarships

The following three scholarships are provided in memory of Miss Elsie Schmidt, who spent her career as a secretary and was a long-time friend of the College. These will not be awarded in 2003-2004.

Students must commit to participating in Christian service in Spanish speaking churches in the greater Tampa Bay area. Open to all enrollment classifications. Multiple awards will be considered for \$500 to \$2,000 per year.

Shaffer Scholarship

In honor of Rev. and Mrs. Reiman J. Shaffer, true ambassadors for Christ, both in their prior years of ministry and in the present as they share in the educational process of students preparing for a preaching ministry. For Division of Biblical Studies students entering college as beginning freshmen. Multiple awards will be considered for \$500 to \$1,000 per academic year.

Sturm-Prince Memorial Scholarship

A scholarship will be awarded each semester to one full-time student meeting the following criteria: must be a Pennsylvania resident who attends an independent fundamental church in the Waynesboro, Franklin County area of Pennsylvania. This is a need-based scholarship open to all student classifications. One award will be considered for \$1,000 per semester. This scholarship may be renewed.

Van Ostenberg Memorial Scholarship

This scholarship is provided in memory of Mr. Don H. Van Ostenberg, noted businessman and former member of the College's Board of Directors. Eligible students must be enrolled in a major in the Division of Business Studies and have at least a sophomore status. A single award for \$1,000 will be made each year.

FINANCIAL AID

Loans

Although loans are a common source of financing a college education, students should enter into them carefully. The Financial Aid Office recommends that students discuss each loan program with them prior to initial application. *Federal law requires all borrowers to participate in an Entrance Interview prior to receiving the first loan and an Exit Interview prior to leaving the College to discuss their obligation to the lenders. Requests for academic transcripts and diplomas will be held until the interview has been conducted.*

Federal Stafford Loan - Subsidized

The Subsidized Stafford Loan program is a need-based program and is available to qualified students who enroll for at least half-time. Each loan is granted for a period of one academic year and is usually disbursed in two installments. The Stafford Loan is a deferred-loan program. While the student is enrolled at least half-time, repayment is deferred until either six months after graduation, the student drops below half-time, or withdraws from college. In addition, as long as the borrower is enrolled at least half-time, the federal government is paying the accrued interest to the lender on the borrower's behalf. Loan amounts are limited by classification: first year students, \$2,625; second year students, \$3,500; third through fifth year students, \$5,500 each year (maximum of \$23,000 for five years). Loans disbursed after July 1, 1998, have a variable interest rate tied to the 91-day T-bill plus 1.7% that is adjusted every July 1 with a cap of 8.25%. There is a 3% origination fee with each loan. These fees are subtracted from the loan amount at the time of disbursement.

Federal Stafford Loan - Unsubsidized

The Unsubsidized Stafford Loan program is available to qualified students who are not eligible for the maximum available loan amount for their classification through the Subsidized Stafford Loan program. The rate of interest remains the same as the subsidized program; however, the borrower is responsible for the interest accrued during his or her enrollment. Freshmen and sophomores are eligible for \$4,000; juniors and seniors are eligible for \$5,000.

Federal PLUS Loan

Whereas the Stafford Loan program is a student loan program, the PLUS loan is for parents who borrow to finance their child's education. Payments begin within 60 days after the loan is disbursed unless the lender approves a deferment request from the parent. Loan disbursements cannot exceed the cost of attendance figure determined by the College for each dependent child enrolled at least half-time, minus all other financial aid. This includes Stafford Loans received by the student for the academic year. There is a 3% origination fee and a 1% insurance premium

with each loan. These fees are deducted from the loan amount at the time of disbursement. Loans have a variable interest rate based on a 52-week T-Bill plus 3.10% capped at 9.00%.

Work-Study Programs

Clearwater Christian College encourages students to consider some form of employment during their time of enrollment. Work not only provides a possible means of income for paying off a school obligation or income for personal expenses but also serves as a possible means of exercise, social interaction, and ministry. The greater Tampa Bay area provides a number of off-campus employment opportunities due to its retirement population and local tourism. Additionally, the College employs its own students to assist in various capacities through two different programs described below. Applications for campus work are included in the financial aid packet. Clearwater Christian College adheres to the 1986 Immigration Reform Act, which requires verification of identity and work eligibility of all workers on their first day of employment. Verification is completed by producing either a valid passport or photo identification (driver's license, College ID, etc.), and an original social security card or original birth certificate. Participating students can work up to 20 hours per week and earn up to approximately \$1,000 per semester. Students are paid on a biweekly basis. Campus work opportunities are considered a privilege, and the students' work performance must be satisfactory for continued participation.

Federal Work-Study Program

This program is made available to financially needy students by the U.S. Department of Education. Qualified students must complete the FAFSA. Priority is given to needy students that apply for admission and financial aid by May 1. Hourly wages begin at the current federal minimum wage.

College Work Study Program

Limited positions are available to qualified full-time students through this program. Although applications are accepted anytime, it should be understood that returning students are given first priority on available jobs each academic year; then new applicants are hired on a first-come, first-serve basis.

MISCELLANEOUS INFORMATION AND POLICIES

1. Students receiving financial aid should thank the Lord for each source of assistance and must take care to see that all monies received are used to meet legitimate college-related expenses.
2. Students are encouraged to investigate financial aid offerings other than those available through the College's program. These include the student's home church or denomination; parents' and students' employers and unions, community civic organizations, bank trusts, libraries; and high school guidance offices. There are computerized data services available through local school systems or from private sources.
3. Requests for financial aid can be considered only after the appropriate application forms and requested documentation have been submitted to the College Financial Aid Office.
4. Students desiring to participate in any College-funded financial aid programs are expected to apply for the Pell Grant. In addition, Florida residents are expected to apply for the FSAG and FRAG programs.
5. Students must meet the College's standard of satisfactory academic progress as described in this section for continued financial aid eligibility.

SATISFACTORY ACADEMIC PROGRESS STANDARDS

Many financial aid programs are renewable from year-to-year. Since student needs may vary from year-to-year, new applications must be filed each academic year. Before awarding aid for a new academic year, the Financial Aid Office must determine whether the students are making satisfactory academic progress toward their program of study. The criteria for determination includes the student's cumulative GPA, number of credits earned, and the percent of credits earned out of all credits attempted while enrolled at CCC. This evaluation is made once a year at the conclusion of the spring term. The standards for federal, state, and institutional programs offered at CCC are explained below.

Federal Assistance

In order to be making satisfactory academic progress for all federal financial aid programs offered at CCC, the student must earn a minimum cumulative GPA of 2.00 and complete at least 67% of the credits attempted at CCC. Students who fail to meet either standard at the time of evaluation may be eligible for consideration on a probationary period. Students who fail to meet either standard at the end of the probationary period will be placed on federal financial aid suspension, during which time they are ineligible to receive funds from any federal program. Reinstatement is possible once the student is in compliance with both standards.

State Assistance

In order to be making satisfactory academic progress for the FSAG and FRAG (state) programs, the student must earn a minimum cumulative GPA of 2.00 **and** complete at least 24 hours of credit during the academic year (12 hours if enrolled for either the fall or spring terms but not both). Students who fail to meet the GPA standard at the time of evaluation will continue to receive assistance on a probationary basis. Students failing to meet this standard at the conclusion of the probationary period will be placed on state financial aid suspension for one academic year. Reinstatement is possible if the student is making satisfactory progress at the next evaluation period. Students who fail to meet the 24-hour standard at the time of evaluation will become ineligible to receive monies through these state programs for one academic year. Reinstatement is possible if the student is making satisfactory progress at the next evaluation period.

In order to maintain eligibility for the Florida Academic Scholars fund, students must maintain a 3.00 cumulative GPA. In order to maintain eligibility for the Florida Medallion Scholars and Florida Gold Seal Vocation Scholars funds, students must maintain a 2.75 cumulative GPA. Florida Academic Scholars who fail to meet the academic standard at the time of evaluation but who do meet the standard for the Medallion Scholar's program may qualify for this award for the up-

FINANCIAL AID

coming academic year. Students should consult the Financial Aid Office for continued eligibility requirements for other state-of-Florida financial aid programs.

Institutional Assistance

In order to be making satisfactory academic progress for institutional financial aid programs offered at CCC, other than the President's and Transfer Academic scholarships, students must earn a minimum cumulative GPA of 2.000 and complete at least 67% of the credits attempted at CCC. Students who fail to meet either standard at the time of evaluation may be eligible for consideration for a probationary period. Students who fail to meet both standards at the end of the probationary period will be placed on institutional financial aid suspension, during which time they are ineligible to receive funds from any institutional program. Reinstatement is possible once the student is in compliance with both standards.

In order to be making satisfactory academic progress for the Honors, President's and Transfer Academic scholarship programs, the student must maintain at least a 3.500 cumulative GPA and complete at least 67% of the credits attempted at CCC. Students who fail to meet either standard at the time of evaluation will become ineligible to receive funds from these programs for one academic year. Reinstatement is possible one time if the student is in compliance with both standards at a future evaluation period. **A student who withdraws or who is expelled from the College for administrative reasons forfeits all institutional assistance, and such credits are removed from his or her account.**

Appeals Process

Students who feel that mitigating circumstances existed which adversely affected their ability to maintain satisfactory academic progress resulting in financial aid suspension may request a formal review of their eligibility. Events which may be considered for this review include but are not limited to extended illness, accident, death in the family, personal tragedy, active military orders, or other situations beyond the student's control which prevented him from meeting the minimum standards. A student wishing to appeal a suspension must submit a written appeal to the Financial Aid Committee no later than 30 days after the date of the suspension notice. The appeal must clearly state the circumstances which prevented the student from meeting the standards and include all appropriate supporting documentation. The Financial Aid Committee will review the appeal and determine if eligibility will be reinstated. Written notification of the Committee's decision is provided to the student within 30 days of the date of appeal.

APPLYING FINANCIAL AID CREDITS

Financial Aid Need was defined earlier as the difference between the published Cost of Attendance and the Effective Family Contribution as determined by the needs analysis formula. Once determined, the College will apply approved financial aid against the need in the following order:

1. Federal grants and scholarships
2. State funds
3. Externally funded private funds
4. CCC academic scholarships
5. All other CCC scholarships
6. Federal and state loans

Clearwater Christian College reserves the right to adjust all College-funded assistance so that the combination of funds and other sources of aid (excluding loans and cash payment) **DO NOT EXCEED** tuition, room and board, and other fees payable to the institution. This adjustment will be made at the end of the drop/add period.

FOREVER AND
Oh! I wish I were like Jesus Christ my
savior
That's one thing I'd really like to
be if I were like Jesus Christ

Everyone would love me

ACADEMIC INFORMATION

The following section outlines the academic policies affecting prospective and enrolled students. Information on the available academic degrees, majors and minors, requirements for graduation, registration, and other academic-related matters are provided in detail. Prospective students should familiarize themselves with related policies regarding transfer of credit, enrollment status, and entry testing programs.

DEGREES OFFERED

Clearwater Christian College is a four-year undergraduate institution offering two baccalaureate degrees: the Bachelor of Arts (B.A.) and the Bachelor of Science (B.S.). These degrees are designed to be completed in four years. The actual duration for one's course of study is dependent on the student's course load, scheduling difficulties, remedial or repeated coursework, or additional majors and minors selected. Students enrolled in education programs in which requirements for Teacher Certification are established by the State of Florida are required to adjust their program to meet the current Department of Education requirements as these rules change.

The College also offers two associate degrees: the Associate of Arts (A.A.) and the Associate of Science (A.S.). These degrees are designed to be completed in two years. A One-Year Bible Certificate is also available.

MAJORS OFFERED

A major program requires students to take a minimum of 36 semester hours in one or more related discipline areas above the freshman level as indicated by the course prefix code leading to the bachelors degree. Major programs are designed so that there is a logical sequence of requirements with appropriate prerequisites in place. The majority of program offerings in all majors must include study at the 300-400 level. The following major programs are available (degree in parenthesis):

ACADEMIC INFORMATION

DIVISION OF BIBLICAL STUDIES

- Bible (B.A.)
- Church Ministries (B.A. or B.S.)
- Pastoral Studies (B.A.)

DIVISION OF BUSINESS STUDIES

- Accounting (B.S.)
- Administrative Office Management (B.S.)

- Information Systems Management (B.S.)
- Secretarial Science (A.S.)

DIVISION OF EDUCATION

- Biology Education (B.S.)
- Business Education (B.S.)
- Elementary Education (B.S.)
- English Education (B.S.)
- Mathematics Education (B.S.)
- Music Education (B.S.)
- Physical Education (teaching track) (B.S.)
- Social Studies Education (B.S.)
- Special Education—Exceptional Student Education K-12 (B.S.)

DIVISION OF FINE ARTS

- Church Music (B.A. or B.S.)
- Communication Arts (B.A.)
- Music (B.A. or B.S.)

DIVISION OF HUMANITIES

- English (B.A.)
- General Studies (A.A. or B.S.)
- History (B.A.)
- Humanities (B.A.)
- Interdisciplinary Studies (B.A. or B.S.)
- Pre-Law (B.A.)

DIVISION OF SCIENCE

- Biology (B.S.)
- Mathematics (B.S.)
- Physical Education (B.S.)
- Pre-Medicine (B.S.)
- Psychology (B.A. or B.S.)

The specific course requirements for each of these majors are listed under the section entitled Academic Programs.

MINORS OFFERED

An academic minor requires a minimum of eighteen semester hours of coursework in a specific concentration. At Clearwater Christian College every baccalaureate graduate earns a minor in Bible except for students who major in Bible, Church Ministries, or Pastoral Studies and students who major in Interdisciplinary Studies with a concentration in Bible. These courses are part of the core curriculum. Students who desire to earn academic minors in addition to the one they will earn in Bible may choose from those listed below:

- Accounting
- Biblical Languages
- Biology
- Business Administration
- Chemistry
- Church Ministries
- Coaching
- Communication Arts
- Computer Information Science
- English
- Information Systems Management
- History
- Mathematics
- Missions
- Music
- Psychology
- Secretarial Science
- Special Education—Exceptional Student Education

The minors in accounting, business, church ministries, and missions are comprised of courses in two related discipline areas totaling 18 hours. Students may add an academic minor or track to their major according to the chart on the opposite page. The number in each box refers to the number of credit hours required to complete the minor or track. Course requirements for academic minors are listed under the section entitled Academic Programs.

GRADUATION REQUIREMENTS

In order to receive a degree from Clearwater Christian College, all candidates for graduation are required to meet the following requirements.

Course Requirements

Students who earn a baccalaureate degree are required to complete at least 128 semester hours of credit (64 hours for Associate degrees) with an overall cumulative grade point average (GPA) for all work attempted at Clearwater Christian College of 2.000. Exception: Education majors must earn a minimum GPA of 2.500; pre-med and pre-law majors must maintain a GPA of 3.500. A minimum of 25% (32 semester hours for bachelors degree programs) of the general education and major course requirements must be earned at Clearwater Christian College. A minimum grade of C- is required for satisfactory completion of all courses identified as a major course requirement.

Winterim and Summer Sessions

In addition to the fall and spring semesters, students may take advantage of the winterim and summer sessions. Each session offers students the opportunity to move their academic program along at an accelerated rate. Students may enroll for three hours during the winterim and up to seven semester hours during the summer sessions.

Residence Requirement

To be eligible to receive either a baccalaureate or an associate degree, a student must complete the last 24 semester hours of study at Clearwater Christian College unless permitted by the vice president for academic affairs or the registrar.

Testing Requirement

Education majors and minors are required to pass the College Level Academic Skills Test (CLAST). Minimum passing scores are dependent on the standards in effect at the time when students take the exam at their initial attempt. Education majors are also required to pass the Florida Teacher Certification Exam and the General Knowledge Exam. Additionally, all graduates are required to take an end-of-program content area exam such as the Major Field Test, Graduate Record Examination, Medical College Admission Test, Law School Admission Test, or Certified Professional Secretaries exam. All these tests are described beginning on page 70.

ACADEMIC INFORMATION

Miscellaneous Requirements

In addition to those listed above, all candidates for graduation must maintain satisfactory Christian Service involvement throughout their college career and be in good standing with the Offices of Student Affairs and Administrative Services.

The faculty, administration, and board of directors review the list of candidates for graduation during the spring term of each year. Degrees are conferred at the annual Commencement in May. Students who finish all requirements for graduation during the fall semester and who do not plan to return for graduation may receive their diploma within 90 days of completion upon request.

Senior Evaluation

All students who have been accepted into their major and who anticipate graduation (program completion) within three semesters must make an appointment with the Office of the Vice President for Academic Affairs for a Senior Evaluation. At this time, the student's entire academic record to date is reviewed. All outstanding course and testing requirements which must be completed before graduation are identified and specific plans made to finish these requirements on schedule.

Application for Graduation

In the fall term prior to each spring Commencement, all students who plan to be graduated must complete an Application for Graduation and submit a \$125 fee. This form must be completed in order for a student's name to be added to the graduation roster. Late fees are added to the initial charge if the form is submitted after the stated deadline.

Post-Graduation Completion

Students may participate in the Commencement program if they have six or fewer hours remaining in their programs and if these courses are available in summer school at Clearwater Christian College. Students requesting exceptions to taking the classes at CCC must appeal in writing to the registrar. The letter of appeal should give the reason for the incomplete course work and specific plans to finish during the summer of 2004. Students must complete a *Transient Request Form* before enrolling in a course at another institution during the summer.

Clearwater Christian College recognizes three dates per year as official dates for completion of a degree. These dates coincide with the final day of the fall semester, the final day of the spring semester, and a summer date in mid-August.

- To be considered for a December graduate date, all course work must be completed by the final day of the fall semester and official transcripts for transient work must also be submitted by this date.

- To be considered for a May graduation date, all course work must be completed by the final day of the spring semester of Commencement; and transcripts for transient work done prior to the spring semester must be received in the Registrar's Office by the last day of the drop/add period in the spring. Students who are not able to provide official transcripts verifying completion of transient course work by this date will be deferred to the August graduation date. Students taking transient work during the spring semester of Commencement will also be deferred to the August graduation date.
- Students who have six or more hours outstanding at the time of Commencement will be deferred to the August graduation date.

GENERAL EDUCATION REQUIREMENTS

The following coursework has been identified as the general education requirements for the appropriate degree program. These courses represent the courses common to all majors. The general education requirements are often referred to as the academic core. The course requirements reflect the liberal arts distinctive of our educational program. General education and major course requirements are interwoven together in a checklist format by suggested terms of enrollment in a later section of the catalog.

REGISTRATION

Registration Opportunities

Students who are accepted for admission, readmission, or are eligible to continue their enrollment at Clearwater Christian College can register for classes during the designated periods. The College offers three registration periods prior to the start of each academic term: *early registration*, *registration prior to start of class*, and *late registration*. *Early registration* is available during a given time period well in advance of the approaching academic term. Eligible students are able to meet with their academic advisor to determine course selections and to submit a registration form to the Registrar's Office for consideration. Students who complete all registration concerns during the designated period can forego some of the inconveniences associated with registration.

Registration prior to the start of classes indicates a final opportunity for students to make course selections. This opportunity is usually the last day before classes start for the term.

Late registration is identified as the first week of classes. Eligible students can make course selections at that time but are subject to a late registration fee of \$100. **NO STUDENT MAY REGISTER FOR CLASSES AFTER THE FIRST WEEK OF CLASSES.** Late registration is permitted only during the first day of classes for summer sessions.

To be considered registered, a student must a) submit an approved registration form to the Registrar's Office, b) satisfy the registration concerns of the Office of Student Affairs, and c) make satisfactory arrangements with the Business Office regarding payment of accounts. Dates for each registration period are listed in the Calendar of Events. Procedures are available from the Registrar's Office prior to the start of each registration period.

Changes After Registration

After submitting an initial registration form, it may become necessary to make changes. All changes are made by submitting an approved DROP/ADD form to the Registrar's Office. Courses dropped prior to and during the first week of classes will result in an adjustment of the student's academic schedule and account in the Business Office. Courses may be dropped after the first week of classes by submitting an approved Class Withdrawal form to the Registrar's Office. However, when classes are dropped after the first week of school, the student is both financially and academically responsible for the class. Financial responsibility includes the payment of applicable tuition and course fees. Academic responsibility indicates the reality that the dropped course will appear on the student's official record with the appropriate withdrawal grade of *W*, *WP*, or *WF*. *W* is given as the

ACADEMIC INFORMATION

grade for courses dropped between the first and seventh weeks of classes. *WP* and *WF* are given as the grade for courses dropped after the seventh week. *W* and *WP* grades carry no quality points but do not adversely affect the student's grade point average. The *WF* grade is equivalent to an *F* grade and will adversely affect the student's grade point average. Students who fail to officially withdraw from a course will automatically invoke the penalties of the College's Class Attendance Policy. A student withdrawn under this policy shall receive the grade that he has earned when his withdrawal is reported by the professor. The DROP/ADD policy is modified for summer sessions.

Course Cancellations

In the event that a scheduled course must be cancelled prior to the start of a term, every effort will be made to contact students who have already registered for the course to inform them of the change. Alternate scheduling solutions are recommended as appropriate. Classes will not be cancelled for graduating seniors unless an acceptable alternative course is available.

English Composition

Students are required to take ENG 102 *English Composition II* before enrolling in 300- or 400-level courses. They are strongly encouraged to enroll in ENG 101 or ENG 102 at the time they enter the College if they have not already completed the courses.

CHANGE OF MAJOR

Students usually indicate their academic majors and minors at the time of application. Those wishing to alter their choices may do so at any point during their enrollment by submitting a CHANGE OF MAJOR form to the Registrar's Office. Students who change majors or add additional majors or minors should discuss these changes with their advisor and other appropriate academic personnel. Some changes may extend the student's enrollment in college or affect financial aid.

Students who add or change majors or minors are required to follow those program requirements of the catalog in effect at the time when the Registrar's Office receives written notice of the change. Students who interrupt their enrollment for two or more consecutive semesters will be required to meet the newest catalog requirements available at the time of their re-enrollment.

PLACEMENT PROGRAM

The purpose of the College's Placement Program is to determine the entry level of new students, freshmen, and applicable transfer students, in appropriate college

ACADEMIC INFORMATION

English and mathematics courses. Placement decisions are made by evaluating standardized test results and/or results on institutional placement exams. The English and Mathematics Placement Exams are administered on a regular basis prior to each term of enrollment. Dates for these exams can be obtained through the admissions office.

ACADEMIC ADVISING

Each student is assigned an academic advisor at the time of initial registration. The role of the advisor in the academic life of the student is to provide the proper guidance throughout the course of study in the student's chosen major field. The first step in the registration process is to meet with an advisor to update progress and to plan for the upcoming terms. The role in guidance played by the advisor is not limited to scholastic achievement and work load. At Clearwater Christian College, students often find their academic advisors an indispensable source for spiritual guidance and direction.

ACADEMIC INFORMATION

STUDENT CLASSIFICATION

Academic Load

For tuition purposes and financial aid, students enrolled for 11 semester hours or less are considered part-time students. Students enrolled for 12 semester hours or more are considered full-time students. For summer sessions, enrollments of 3 semester hours or more are considered full-time. All others are considered half-time. Since all baccalaureate programs require a minimum of 128 semester hours for completion, an academic load of 16 semester hours is considered a normal full-time load. No student is allowed to register for more than 20 semester hours (or more than two courses during summer school) without approval from the Vice President for Academic Affairs or Registrar. Students should seek to maintain a balance between academic pursuits, work, and other acceptable extracurricular activities. For financial aid purposes, part-time enrollments are further broken into the following categories: less than half-time (1 to 5 hours of enrollment); half-time (6 to 8 hours); and three-quarters time (9 to 11 hours).

Degree or Non-Degree Seeking

Degree-seeking students take coursework leading to a specific major or degree. To be eligible for most financial aid programs, students must be degree seeking. Non-degree-seeking students may take coursework for credit or audit.

Hour Classification

Students are classified according to the number of credits completed toward earning a degree.

<u>Classification</u>	<u>Cumulative Hours Completed</u>
Freshman	0 - 29
Sophomore	30 - 59
Junior	60 - 89
Senior	90 or above

Cumulative hours are based on all college work completed, whether at CCC or elsewhere, even if these credits do not apply toward the degree program selected by the student.

TRANSIENT ENROLLMENT

Students enrolled as degree seeking may be permitted to attend another college to complete general requirements as a transient student. The process begins by submitting a Transient Enrollment Form to the Registrar for approval **prior** to registration. Transient credit is treated the same way as transfer credit. Students will not be given permission to enroll as a transient student for a course that is currently being offered at CCC. **Degree-seeking students are required to complete their final 24 hours of credit at Clearwater Christian College.**

RESERVE OFFICER TRAINING CORPS (ROTC)

Clearwater Christian College students who are interested in participating in a Reserve Office Training Corps (ROTC) program with either the United States Army or United States Air Force may do so under an agreement between the College and these specific branches of the military. The ROTC curriculum includes 12-16 hours of classroom instruction by active duty officers over a two- or four-year period. The two-year or Basic Course consists of four semesters of classroom instruction of one hour each week. While enrolled, the student can also expect to participate in appropriate physical fitness and leadership experiences each week. Students enrolled in the Basic Course will not incur any required military service.

Both military branches offer alternative experiences for the completion of Basic Course requirements for transfer students and individuals with previous military experiences. The four-year or Advanced Course is designed to prepare the student who desires to be a professional military officer in either the Reserve, National Guard, or Active service. The academic program consists of four semesters of classroom instruction of three hours each week. While enrolled, the student can also expect to participate each week in appropriate physical fitness, leadership lab, and field training experiences. In addition, the student is required to participate in an extended summer encampment. Interested students should contact the specific ROTC office for other specific requirements for commissioned officers. Both ROTC branches will provide the student with uniforms and offer financial assistance for college in the form of two-, three-, and four-year scholarships that cover tuition, books, lab fees, and certain other academic expenses to qualified participants.

Clearwater Christian College students register for ROTC courses through the College during normal course registration. Course titles are listed below and descriptions are located in the back section of this catalog. All ROTC course instruction and leadership laboratories are conducted through the specific ROTC office at the University of South Florida (USF) in Tampa. CCC students should contact the Dean of Enrollment Services for further information before contacting the specific

CREDIT AND GRADING SYSTEM

Clearwater Christian College awards credit on a *semester hour basis*. One semester hour of credit represents a total of 15 clock hours of instruction given over a designated period of enrollment. Fall and spring terms usually last 15 weeks, including a week of examinations. Summer sessions last about 3 weeks.

ACADEMIC INFORMATION

Instructors at Clearwater Christian College use a letter grade system in evaluating the performance of students. Letter grades are given a numerical value based on a 4.000 scale. Quality points are determined by multiplying the number of credits a course is assigned times the numerical value assigned the grade received by the student. Grade point averages are determined by dividing the total number of quality points by the total number of credits attempted. Not all grades affect a student's academic grade point average. The following scale is used by instructors in converting numerical percentage into letter grades and quality point values.

<u>Grade</u>	<u>Percentage Range</u>	<u>Quality Points</u>
A (Excellent)	94 - 100	4.000
B (Good)	85 - 93	3.000
C (Average)	75 - 84	2.000
D (Poor)	70 - 74	1.000
F (Failure)	0 - 69	0.000
WF (Withdrew Failing)	NA	0.000
WP (Withdrew Passing)	NA	NA
W (Withdrew)	NA	NA
I (Incomplete)	NA	NA
S (Satisfactory)	NA	NA
U (Unsatisfactory)	NA	NA
P (Pass)	NA	NA
R (Repeated Course)	NA	NA
AU (Audited Course)	NA	NA

Grade slips are released the week after the seventh week of classes and at the conclusion of the term of study. Grade slips and academic transcripts list the individual courses attempted by term enrolled, hours earned, credit hours used in computing GPA's, quality points earned, and term/cumulative totals.

Incomplete Grades

Students who do not complete the requirements of a specific course by the end of the academic term in which the course is being taken may receive a grade of *I*. This grade will remain on the student's transcript until the work has been completed and replaced by the appropriate academic grade of *A*, *B*, *C*, *D*, or *F* at the deadline set by the class instructor or within 30 days of the term's conclusion, whichever comes first.

ACADEMIC INFORMATION

Academic Forgiveness Policy

This policy permits students to repeat courses in order to earn a higher grade. The grades of all courses that were repeated will remain on the transcript but will be noted with an asterisk. Only the course attempted in which the highest academic mark and its respective quality points was earned will be used in the overall grade point calculation shown on the official transcript. The highest grade will be posted on the transcript showing both the grade and an *R* signifying that the course was repeated. Courses repeated at other institutions do not count toward the forgiveness policy.

Remedial Courses

The following courses, ENG 099 Basic English, MAT 099 Basic Algebra, MUS 098 and 099 Basic Music Theory, are considered remedial courses. Students who are academically deficient in one or more of these areas may be required to register for one of these courses to remediate their weakness. Students must earn a minimum academic grade of C- in order to progress to the next course in sequence. Credits earned are not applicable to the student's program of study. Quality points earned are applicable in the consideration of term and cumulative GPA's.

Academic Progress

Students must demonstrate through their scholastic record that they are making satisfactory academic progress toward a degree in order to enroll for classes and to receive financial assistance. Satisfactory progress for enrollment purposes is based solely on coursework attempted at Clearwater Christian College. At the conclusion of each academic term, the registrar will review the student's progress and a decision regarding continued enrollment will be made. If at the end of a given term, the student's cumulative GPA is 2.000 or above, he is considered making satisfactory academic progress and becomes eligible to re-enroll for classes for the upcoming term of study.

Academic Probation

If a student's cumulative GPA falls below 2.000 at the end of an academic term, he will be placed on **academic probation**. For this purpose, an academic term is defined as a fall or spring semester, or a summer in which a student attempts twelve (12) semester hours of credit. Other than students who are accepted under a probationary status, a student will not be considered for academic probation status until he has completed a total of twelve (12) hours of course work at CCC.

Academic probation is intended to alert students to unsatisfactory progress and to reestablish progress that will allow continuation of a degree program. The probationary period will consist of the student's next term of enrollment as defined above. During this period the student will be ineligible to participate in intercollegiate athletics, fine arts productions, student leadership, and independent study or web-based courses. Students on academic probation will be required to have a reduced course load and work schedule and must meet regularly with an academic advisor to review progress. Moreover, these students must get the permission of the registrar or the vice president for academic affairs before taking personal days that require class absences.

At the end of the probationary period, the administration will review the student's progress.

1. If the student's GPA has increased to 2.000 or above, the student will be removed from academic probation.
2. If the student's term GPA is above 2.000, but his cumulative GPA is still below 2.000, he will be allowed to continue enrollment under academic probation status.

ACADEMIC INFORMATION

3. If the student fails to achieve a term GPA of 2.000, he will be considered to have made unsatisfactory progress and will be under **academic suspension**. He becomes ineligible to enroll for the following fall or spring semester.
 - a. Students who have been suspended may apply for readmission after one semester. If admission is granted, the student will be under academic probation and must earn term GPAs of 2.000 each semester in order to continue.
 - b. If a student enrolls in summer school and brings his cumulative GPA above 2.000, his probationary status may be removed for the fall semester.
 - c. Students dismissed twice because of unsatisfactory academic progress are not permitted to re-enroll for one academic year.
4. Appeals regarding academic probation or suspension may be made in writing to the vice president for academic affairs.

CONFIDENTIALITY OF STUDENT RECORDS

Under the provisions of the Family Educational Rights and Privacy Act of 1974, the College has developed policies which recognize the rights of students to inspect their educational records. The policy regarding the release of educational records is available upon request from the Registrar's Office.

TRANSFER CREDIT POLICY

Clearwater Christian College will accept transfer credits earned at other institutions under the following conditions:

1. The grade earned is C- or better.
2. Courses transferred are applicable to the program of study the student is pursuing at Clearwater Christian College.
3. The credit must be earned through a regionally accredited, degree-granting institution. Credits earned through institutions that are not regionally accredited may be transferable once the transfer student has earned at least 30 semester hours with a 2.000 GPA at Clearwater Christian College.
4. Completed work is presented on an official transcript.

Only credits are transferred, not quality points. Quarter hours are converted into semester hours using the formula: one quarter hour of credit equals 2/3 semester hours of credit.

Clearwater Christian College will consider credit earned through approved training programs authorized by all branches of the United States Armed Forces in accordance with the Guide to the Evaluation of Educational Experiences in the Armed Services.

Advanced standing is based upon the number of credits transferred. Sophomore standing requires 30 semester hours, junior standing requires 60 semester hours, and senior standing requires 90 semester hours. No credit is awarded based upon life experience.

Clearwater Christian College participates in an Articulation Agreement with Florida community colleges. A student completing an associate of arts degree at a Florida community college may transfer up to 64 credit hours toward a four-year program at CCC. These transfer hours will satisfy the general core requirements for any major. Please consult the registrar for specific guidelines related to the Articulation Agreement. After a student has completed 90 hours, the College will not accept correspondence course work in transfer.

TESTING PROGRAM

College Entrance Examination (SAT or ACT)

One of the components used in making placement and certain financial aid decisions is the results from either the SAT or ACT college entrance examination. Students should submit standardized test results to the Admissions Office well in advance of the first term of their attendance. For those who have not taken the test, the College's Admissions Office administers the Residual ACT examination to qualified students by appointment. The fee for this campus administration is \$30 and must be paid in advance. Students are encouraged to take the SAT or ACT again, if necessary, to raise their scores to an acceptable level.

Placement Examinations

Placement examinations are administered during orientation periods to most new students. Students who have earned at least an SAT verbal score of 440 or an ACT English score of 20 will be exempt from taking the English Placement Exam. Those earning at least an SAT math score of 440 or an ACT math score of 20 will be exempt from taking the Math Placement Exam. Results are used to direct students to the level of English or math instruction best suited for them.

College Level Academic Skills Test (CLAST)

The CLAST is designed by the state of Florida to measure the communication and computation skills expected of students completing their sophomore year in college. CLAST includes four subtests: essay, writing, reading, and mathematics. Objective test items are used to measure writing, reading, and mathematics skills. The essay portion is designed to measure writing skills. On-campus test administrations are scheduled each year during the months of October and February for education majors and students pursuing a teaching track (minor). Passing scores from the CLAST are required before permission is granted to begin the Student Teaching Internship.

College Level Examination Placement (CLEP)

Advanced Placement (AP)

International Baccalaureate (IB)

CLEP is a means by which students may earn college credit by obtaining a minimum score on an examination. CLEP is administered nationwide in many colleges and universities. Passing standards required by Clearwater Christian College are available through the registrar's office. CLEP credit may not be received after completion of 60 hours of credit.

The Advanced Placement (AP) program is administered at the high school level. At the conclusion of a given academic course, AP students are encouraged to take a subject area test. Many colleges award college credit based on test results. AP scores of 3 or 4 will receive three semester hours of credit in the related subject area. A score of 5 will receive six semester hours in the related subject area. Credit for IB exams is offered for scores of 4 or 5. Information on AP, including passing standards required by Clearwater Christian College, is available through the registrar's office. The College accepts a maximum of 24 semester hours of credit through CLEP, Advanced Placement, and International Baccalaureate program.

Clearwater Christian College follows the State Board of Education guidelines in awarding credit for International Baccalaureate (IB) work. A score of four in a subject area will earn three semester hours of credit, and a score of five will earn six semester hours of credit. Scores below those listed will not earn credit.

Graduate Record Examination (GRE)

Many graduate and professional schools and fellowship sponsors require that their applicants take the GRE. Scores on either the GRE General Test, a subject test, or both are used to supplement undergraduate records and other indicators of students' potential for graduate study. The scores provide a common measure for comparing the qualifications of applicants from a variety of colleges and universities with different standards. They also contribute toward making the evaluation of grades and recommendations a fairer process. Students majoring in administrative office management, communication arts, general studies (B.S.), humanities, interdisciplinary studies, or physical education (exercise science, sports management, or sports ministry tracks) are required to take the GRE in their senior year. Applications for the GRE are available from the Office of the Vice President for Academic Affairs.

Florida Teacher's Certification Examination (FTCE)

A passing score on the Florida Teacher's Certification Examination (FTCE) is required by the State Department of Education for individuals desiring teacher certification with the state. Senior education majors and students pursuing a teaching track are required to take this examination during their senior year between August and April. The test is administered four times a year at sixteen off-campus locations, including St. Petersburg and Tampa. Applications are available from the Office of the Vice President for Academic Affairs and the Director of Teacher Education. The test includes a Professional Education portion (evaluates knowledge of social and psychological foundations of education, teaching methodology, curriculum, testing, and evaluation strategy), and a Subject Area Examination (evaluates knowledge of academic subject area within the teaching field).

ACADEMIC INFORMATION

Major Field Test (MFT)

Medical College Admission Test (MCAT)

Law School Admission Test (LSAT)

The MFT is required of students majoring in accounting, business administration, biology, church music, English, history, mathematics, music, and psychology. The tests are modified versions of the GRE Subject Tests. The results aid the institution in outcomes assessment and curriculum improvement. The test measures factual knowledge, the ability to analyze and solve problems, and to understand relationships, and to interpret material in a major field. The MFT is administered on campus during the fall term.

The MCAT is required of students majoring in pre-medicine and the LSAT is required of students majoring in pre-law. These tests are administered off-campus, and registration materials are available from the Office of the Vice President for Academic Affairs.

Students majoring in Bible, church ministries, or pastoral studies will take an end-of-program content exam prepared by the Division of Biblical Studies.

Music Theory Placement Test

Anyone entering the music or church music major must take a music theory placement test on campus during the orientation days before fall registration. The result determines whether the student should enroll in MUS 123 Music Theory I or in a remedial level course, MUS 098/099 Basic Music Theory.

MILITARY SERVICE POLICY

Tuition refunds or credits are provided for students called to active military service during the term of their enrollment. Equitable arrangements will be made to see that these students earn academic credit for their suspended term of attendance whenever possible. Room and board expenses will be pro-rated based upon the actual period of enrollment.

SCHOLASTIC RECOGNITIONS

Dean's List Award

The Dean's List Award is for full-time students who have completed all coursework for the semester and who have earned a grade point average (GPA) between 3.500 and 3.899 at the conclusion of either the fall or spring term.

President's List Award

The President's List Award is for full-time students who have completed all coursework for the semester and who have earned a grade point average (GPA) of 3.900 or above at the conclusion of either the fall or spring term.

Graduation Honors

The following graduation honors are reserved for those candidates for the baccalaureate degree who have earned a cumulative grade point average (GPA) of 3.700 or better according to the scale below:

summa cum laude	3.900 - 4.000
magna cum laude	3.800 - 3.899
cum laude	3.700 - 3.799

Release of Academic Records

Requests for academic records to be released to a third party will be permitted once the following information has been received: a written request that includes the student's current home address, the address where the transcript is to be sent, the date of the request, dates of attendance, social security number, and original signature. A \$5 fee must be submitted with the request, and the student's account must be paid in full.

ACADEMIC PROGRAMS

The following section describes the majors and minors available to students who attend Clearwater Christian College. Programs are listed by the six academic divisions.

Division of Biblical Studies
Division of Business Studies
Division of Education

Division of Fine Arts
Division of Humanities
Division of Science

Division and program descriptions explain the objectives for each academic area. The program checklists outline course requirements in sequence. Students are encouraged to follow this format as closely as possible. Though slight variance may be necessary from time to time, the sequence is designed to enable the student to complete the program with a minimum of schedule conflicts. The registrar will attempt to maximize the number of credits which transfer from other colleges. However, since each college offers courses which are considered unique, CCC reserves the right to require students to take certain courses in residence. Course descriptions are given in the next catalog section.

Purpose

The Division of Biblical Studies provides a basic foundation in Bible doctrine and related subjects, as well as a general survey of the Bible for the entire student body of the College. It also offers a curriculum with courses designated to train students for various ministries which require Bible knowledge and tools for Bible study and teaching.

Description of Division of Biblical Studies

All CCC students are affected by this division, since *graduates automatically earn a minor in Bible*. All majors receive instruction in Bible survey, systematic theology, modern religious issues, and other Bible and ministry oriented courses.

The minor in *Church Ministries* enables students to understand better the work and function of the local church. The minor in *Missions* serves as a basic introduction to students who are seeking God's leading regarding the mission field. The *One-Year Bible Certificate* presents students with the opportunity to build a solid Bible foundation in two semesters.

Bachelor of Arts in Bible

Students pursuing a solid undergraduate program in a liberal arts college setting will find this program outstanding preparation. Graduates are encouraged to follow up their training at this level with a seminary degree if they are called into the gospel ministry. Others will find this program invaluable preparation for a wide variety of Christian ministries.

Purpose

The purpose of the Division of Business Studies is to develop and educate individuals for professional qualifications and managerial leadership positions, both in Christian ministry and the business world. The courses are taught from a Christian perspective with a focus on preparing students to attain a proficiency in their chosen ministry, field, or profession while seeking God's direction in life.

Description of Division of Business Studies

The Division is committed to Christian academic leadership and teaching excellence in degree programs for business. This commitment extends to maintaining and developing majors of distinction and prominence among Christian liberal arts colleges. The Division is dedicated to integrate the students' Biblical studies and college life experiences into their business studies. International business, information technology, business strategy and leadership are taught as integral parts of each business program. The Division's faculty and its business constituents are committed to help mentor each student and business graduate in his or her career development and give support and accountability in ministry activities.

CPA Track

In Florida, students who plan to become a Certified Public Accountant must complete 30 semester hours primarily in accounting and business courses beyond the B.S. in Accounting and take the Uniform CPA Examination. This major meets the state of Florida course requirements. An attractive aspect of this major is an Accounting Internship assignment in a local accounting firm.

The CPA Track is open to students who earn a GPA of at least 3.0 in their freshman and sophomore years. Students must maintain a 3.0 GPA throughout the entire program to continue. Interested students should see their advisor early in their freshman year to plan this program.

Certification as a Certified Public Accountant is a matter regulated by individual states, and the requirements for taking the Uniform Certified Public Accountant Examination vary from state to state. Many states require 30 hours of course work beyond the baccalaureate program. Students in the CPA track should contact their state board of accountancy for details regarding course, examination, and licensing requirements.

The following courses are required beyond the B.S. in Accounting to take the CPA exam in Florida.

The major in Physical Education (teaching track) is also listed in the Division of Science.

Purpose

The Division of Education, through its Teacher Education Program (TEP), is committed to training quality teachers who will have a Christian philosophy of education. The Division seeks to prepare students with requisite skills, methods, and strategies which have proven effective and to equip them thoroughly with the necessary knowledge base for their respective subject area specialties.

Description of Division of Education

Clearwater Christian College's foundational beliefs are fixed upon the infallible and inerrant Word of God. The Division of Education's philosophy addresses two foci: the preparation, spiritually and professionally, of individuals whose focus is the teaching profession and training teachers whose philosophical underpinnings are based on an accurate understanding of Biblical principles and truths. Graduates of the Division of Education are prepared to serve God effectively in both the Christian and public schools.

ACADEMIC PROGRAMS

Requirements for Entrance into the Teacher Education Program (TEP)

In order to be eligible to enter the Teacher Education Program of Clearwater Christian College, a student must have earned 60 semester hours and have a cumulative GPA of 2.50 or better from credits earned at CCC and must pass all subsections of the College Level Academic Skills Test (CLAST). Transfer students with 60 or more credits must earn a GPA of 2.50 or better in their first full year (30 semester hours) of attendance and also must pass all subsections of the CLAST. Students on disciplinary probation will not be accepted into the TEP.

Students who reach their 60th semester hour without a GPA of 2.50 will be deferred by the registrar from being considered for acceptance into the TEP. These students have one semester to improve their cumulative GPA to at least a 2.50. Those who succeed will be considered by the education division for acceptance into the TEP. Those who do not earn a 2.50 after this additional semester will not be allowed to continue to register for education courses and will be advised to change their major. Students may continue to retake any subsection of the CLAST until successful completion.

Student Teaching Internship

The Student Teaching Internship is the culmination of the student's training. To qualify for the internship, education major and minor students must

- a. pass all four subtests of the CLAST;
- b. maintain a minimum GPA of 2.50 (cumulative);
- c. complete all course requirements for their degree program;
- d. be admitted into the Teacher Education Program;
- e. complete a Senior Evaluation with the Office of Academic Affairs.

During the students' last semester, the director of clinical field experiences places students in Hillsborough and Pinellas County public and non-public schools for the fourteen-week clinical experience as required by EDU 460 *Student Teaching Internship (Level III)*. The internship course is 12 semester hours, affording full-time student status during that semester. Students may request a school internship placement, but the arrangements must be made by the director of clinical field experiences, not by the student. Internship placements will be within a 25-mile radius of CCC. No student may be employed by a school while their internship is in progress. Students on disciplinary probation will not be permitted to enroll in the internship. All interns must successfully demonstrate the 12 Accomplished Practices and the 30 Florida Generic Teaching Competencies to complete the TEP. While in the internship, students are expected to limit their overall academic load, work, and extra-curricular activities.

State Program Approval

The Teacher Education Program (TEP) is approved by the State of Florida Department of Education. This recognition enables graduates of Clearwater Christian College to move freely to other states and be able to be state certified to teach outside Florida. State approval of teacher education programs recognizes a serious commitment on the part of institutions to quality programs for the preparation of educational personnel and to state goals to improve student performance by improving the knowledge and performance of their teachers. If additional information regarding approved programs is needed, it can be obtained from the Office of Professional Training Services, Florida Department of Education, Tallahassee, Florida 32399-0400.

Participation in the Teacher Education Program is required of all students anticipating a major or minor from the Division of Education. In the event provisions of the TEP are modified by the College due to changes in the program made by the State of Florida Teacher Certification Office, students will be required to meet the revised requirements. Students transferring in may require additional semesters to complete all program requirements.

Program Completion Requirements

To complete this program, education majors and minors must

1. satisfactorily complete all academic courses outlined in their program of study while earning a minimum grade point average of 2.500;
2. pass all sections of the College Level Academic Skills Test (CLAST) prior to beginning their Student Teaching Internship; and
3. pass the professional education and subject area examination portions of the Florida Teacher Certification Examination (FTCE).

The following programs have been state approved:

Biology – *grades 6-12*
 Business – *grades 6-12*
 Elementary Education – *grades 1-6*
 English – *grades 6-12*
 Mathematics – *grades 6-12*

Music – *grades K-12*
 Physical Education – *grades 6-12*
 Social Studies – *grades 6-12*
 Special Education—Exceptional
 Student Education – *grades K-12*

In addition to state certification, the teacher education programs offered at Clearwater Christian College are designed to meet the certification requirements with the American Association of Christian Schools (AACCS), the Association of

ACADEMIC PROGRAMS

Christian Schools International (ACSI), and the Florida Association of Christian Colleges and Schools (FACCS).

English for Speakers of Other Languages (ESOL) Endorsement

Students who are majoring in elementary education, special education—exceptional student education, or English education and plan to graduate in 2004 or following will receive an ESOL endorsement. The ESOL endorsement satisfies the state of Florida requirements for certification.

Bachelor of Science in Biology Education

Purpose

The purpose of the Division of Fine Arts is to provide students with an opportunity to learn music and communication arts and to develop performance skills in music, drama, and interpretive speech. Students are given a broad base of knowledge in music and communication arts. Students interested in performance are trained to perform skillfully and artistically on the public platform in school, church, or elsewhere. Applied music lessons and performance opportunities (vocal, instrumental, dramatic, and interpretive speech) are available to all students, regardless of major.

Description of Division of Fine Arts

The Division of Fine Arts includes studies in both performance and non-performance areas. *Music* majors present public recitals in their junior and senior years. While some *communication arts* majors study non-performance areas, many communication arts students perform poetry, prose, and drama in general student fine arts recitals. Many fine arts students become involved in all-college productions.

Students learn both theory and practice, including private studio lessons for music students. Theoretical and performance skills gained in the classroom are applied ultimately on the public platform on campus, in church, school, and elsewhere.

ACADEMIC PROGRAMS

Bachelor of Science in Church Music

The Church Music major prepares students for performance opportunities, work in church or school, and graduate studies. Individual instruction is provided in voice, piano, organ, composition, and orchestral instruments as well as group instruction in choir and ensembles. This major gives students opportunities to express their talents in concerts, solos, and recitals. **Prospective music majors must audition in person prior to registration.**

Bachelor of Arts in Communication Arts

A major in Communication Arts proposes to help students learn the human communication process and to develop their communication skills. A combination of theory and practice helps students understand how to communicate effectively in various situations. Communication skills are a crucial characteristic for major career choices. A major in Communication Arts will heighten a student's competence in every professional category. Some professions require additional education on the graduate level.

ACADEMIC PROGRAMS

Bachelor of Science in Music

The major in Music provides an intense musical concentration preparing students for performance opportunities, graduate studies, and teaching. Individual instruction is offered in voice, piano, organ, composition, and orchestral instruments in addition to group instruction in choir, vocal, and instrumental ensembles. This major gives musicians ample opportunity to express their God-given talents in public concerts, chapel solos, and recitals. **Prospective music majors and transfer students must audition in person prior to registration.**

Purpose

The purpose of the Division of Humanities is to assist in providing the foundation of a liberal arts education to prepare the student to seek knowledge for its own sake and to place it in a Biblical framework. The primary goal is the pursuit of truth so that the mind, the reason, and the power to reflect are exercised. Programs offered within the division are designed to send students to their sacred and secular duties well-prepared and fortified with Christian character.

Description of Division of Humanities

The courses offered by this division form a major part of the foundation of the liberal arts education and lead to six academic majors including five bachelor degree programs. Majors leading to a Bachelor of Arts require instruction at the intermediate level in a foreign language and a course in philosophy. This requirement assumes that the student will have taken two years or more of language at the high school level and will be ready to resume language studies at the college level in Spanish or French.

Bachelor of Arts in English

The major in English seeks to develop in the student the ability to think, write, and speak clearly and effectively. In addition, faculty strive to help the student understand, enjoy, and evaluate literature by becoming acquainted with the works of the world's major writers as well as those writers' social and intellectual backgrounds. This major is especially profitable for students wishing to enter the Christian ministry or become English teachers, librarians, or lawyers. It is also for those desiring a general humanities background. Students may enter the English major upon submission of a writing portfolio approved by the English Department. Students are to submit the portfolio upon completion of sixty hours.

ACADEMIC PROGRAMS

Associate of Arts in General Studies

The A.A. degree program in General Studies offers a core curriculum in liberal arts. This program is designed for the individual who will use the degree as a stepping stone into a four-year program at Clearwater Christian College or another four-year institution. It is designed for the above-average student seeking to gain Biblical foundations in his study of the liberal arts before he or she enters advanced studies in an academic program not currently available at CCC.

ACADEMIC PROGRAMS

Bachelor of Arts in History

There is an ever-present need in our society for well-informed citizens with a thorough knowledge of historical trends and social forces which shape society. History majors are trained to understand and interpret these forces. The College offers a B.A. program in history to provide students with a Biblical approach to this field of study. Facts are examined, and conclusions are formed by students motivated by a love of learning and a love for history. Graduates from this major are prepared for graduate studies in education, political science, law, and a host of other fields. Undergraduate training in history can be a springboard to many professions where critical thinking skills and disciplined inquiry are valued.

Bachelor of Arts in Humanities

The Humanities major includes study in the traditional liberal arts disciplines of history, literature, language, philosophy, Bible, fine arts, and rhetoric (speech). Our program satisfies the student whose interest is to pursue a major which does not include a special concentration in any one of these areas. Whether or not this program is followed up with an advanced degree in a specialized field of study, the major in Humanities is preparatory for many directions in life.

Purpose

The purpose of the Division of Science is to help students understand the magnificence and meaning of God's creation through the study of the natural sciences. The basic courses in this division are a part of general education courses required for all students. The division teaches the contrast between data and opinion, as well as the difference between data and the interpretation of data. It also teaches the student to apply the sciences to practical problems.

Description of Division of Science

The programs include the natural sciences, the mathematical sciences, and the exercise and sport sciences which form a department around their respective major fields of study. Bachelor of Science programs do not require a foreign language. The major in Psychology offers the option of a B.A. or B.S. degree, depending upon the student's needs and interests.

ACADEMIC PROGRAMS

Bachelor of Science in Biology

The Bachelor of Science in Biology includes a depth of lecture, library, laboratory, and field work in a breadth of science courses designed to prepare students for advanced training and careers in such high impact fields as health and environmental sciences. There is continual reference throughout our Science programs to the relationship between God's world and God's Word.

Bachelor of Science in Mathematics

The purpose of the mathematics major is to offer courses which provide a solid foundation in mathematical science consistent with a Christian world view. The major in mathematics seeks to acquaint the student with the principles and techniques of mathematics and to encourage the development of logical thinking through the student's use of these techniques. This major provides the mathematical background for students preparing for graduate school in a mathematical discipline, a career in engineering, economics, statistics, or actuarial science.

ACADEMIC PROGRAMS

Bachelor of Science in Physical Education

The major in Physical Education is designed to prepare students for various careers in exercise science and sport. All physical education majors are required to take thirty-four (34) hours of core courses along with a chosen area of concentration including *teaching, exercise science, sports management, or sports ministry*. A coaching minor is also available in the department.

All physical education majors are required to take the following core courses:

PHE 151	Introduction to Physical Education	2
PHE 211	Teaching Team Sports	2
PHE 212	Teaching Individual and Dual Sports	2
PHE 271	Prevention and Care of Athletic Injuries	3
PHE 304	Conditioning and Fitness	3

PHE 478	Exercise Physiology	3
SCI 104	General Biology	3
SCI 204	Anatomy and Physiology I (with lab)	4
	TOTAL	34

In addition to the core courses, all physical education majors must select at least one track of concentration depending on individual career goals. (Checklists outlining the required courses for each concentration, including the core courses, are available on pages 122-125.)

Bachelor of Science in Physical Education

The Physical Education major with an exercise science track is designed to prepare the student who is interested in pursuing a physical education career outside of teaching. This track also prepares students for graduate level study in the areas of exercise physiology, biomechanics, nutrition, and entry-level positions in corporate or private fitness centers and sport medicine clinics.

Bachelor of Science in Pre-Medicine

Pre-medicine is an interdisciplinary major including those courses in biology, chemistry, physics, and mathematics which are usually expected of applicants to medical schools and which are tested on the Medical College Admissions Test. High school students anticipating a pre-med major should complete high school trigonometry, physics, and chemistry. The major is suitable for those preparing for para-medical careers (medical technology, nursing, physician's assistants, etc.) and offers excellent preparation for masters and doctoral programs in the life sciences. Students must have a 3.50 GPA for admission into the major in pre-med and throughout their program.

ACADEMIC PROGRAMS

Bachelor of Science in Psychology

Psychology studies the inner part of man. God also examines the inner part of man and calls him into accountability. Therefore, God's people must study psychology on the basis of His Word. This major examines scientific research in psychology from the Scriptural perspective and refutes humanistic philosophy which is typically imposed upon this evidence. The psychology program provides students who choose to pursue graduate studies with a broad and sound foundation in psychology. Students called to both local and foreign ministries will find psychology courses valuable in many situations.

A TI-83 calculator is recommended for this course. **3 credits.**

MAT 140 COLLEGE ALGEBRA

A study of sets, properties of real numbers, algebraic expressions and polynomials, solving equations and inequalities, various relations, and functions and their graphs. Entrance is determined by scores from a recent administration of the ACT or SAT and College placement decisions or satisfactory completion of MAT 130. A TI-83 calculator is required for this course. **3 credits.**

MAT 145 LIBERAL ARTS MATHEMATICS

This course will include topics related to mathematical logic, sets and systematic counting, probability, statistics, and geometry. The history of mathematics, critical thinking skills, problem solving and appropriate use of technology will be incorporated throughout the course. At least one-third of the course will be devoted to geometry. **3 credits.**

MAT 148 PRECALCULUS MATHEMATICS

Prerequisites: MAT 130 or an appropriate score on the mathematics placement test. This course is designed to prepare the student for Calculus I. It includes a study of functions and their graphs, exponential and log functions, the trigonometric functions and their graphs, trigonometric identities, solving trigonometric equations, the Law of Sines and Law of Cosines, rational functions, and solving polynomial equations. A TI-83 calculator is recommended for this course. **3 credits.**

MAT 150 PROBABILITY AND STATISTICS

Descriptive statistics, introductory probability theory, random variables, discrete and continuous probability distributions, sampling distributions, confidence intervals, and hypotheses testing. A TI-83 calculator is required for this course. **3 credits.**

MAT 161 CALCULUS I

Prerequisite: MAT 148 or test equivalent. A study of functions and limits, differentiation of single variable, and associated applications. Entrance is determined by scores from a recent administration of ACT or SAT and College placement decisions. **3 credits.**

MAT 162 CALCULUS II

Prerequisite: MAT 161. Methods of integration and differentiation, sequences and series, Taylor series and polar coordinates. **3 credits.**

MAT 261 CALCULUS III

Prerequisite: MAT 162. Functions of more than one variable, multiple integrals and partial differentiation, non-rectangular coordinate systems, line integrals, and vector calculus. **3 credits.**

MAT 320 FOUNDATIONS OF GEOMETRY

Prerequisite: MAT 140. An introduction to the theory of Euclidean and non-Euclidean geometry. Appropriate for prospective teachers. **3 credits.**

MAT 340 HISTORY OF MATHEMATICS

Prerequisites: MAT 161, 162. Chronological study of the evolution of mathematical thought from primitive counting to modern ideas of the twentieth century. **3 credits.**

COURSE DESCRIPTIONS

MAT 360 DISCRETE MATHEMATICS

Prerequisite: MAT 140. An introduction to finite mathematics and discrete models, logic, algorithms, inductions, combinations, Boolean algebra. Emphasis on discrete rather than continuous aspects. **3 credits.**

MAT 370 LINEAR ALGEBRA

Prerequisites: MAT 162. A study of systems of linear equations, matrices, and vector spaces with their properties. **3 credits.**

MAT 380 DIFFERENTIAL EQUATIONS

Prerequisites: MAT 261. A study of first order linear and non-linear differential equations, higher order linear equations and applications. **3 credits.**

MAT 390 INTRODUCTORY NUMBER THEORY

An investigation of properties of the integers, including the Euclidean and division algorithms, prime factorization, Diophantine equations, congruences, and classical theorems of number theory. **3 credits.**

MAT 430 MATHEMATICAL STATISTICS

Prerequisites: MAT 161, 162. A Calculus-based study of probability and statistics. Probability density functions, conditional probability and independence, special probability distributions. Sampling distributions, estimations, and hypotheses testing. **3 credits.**

MAT 460 ABSTRACT ALGEBRA

An introduction to abstract algebraic structures including groups, rings, integral domains, and fields, and their applications. **3 credits.**

MAT 470 TOPOLOGY

An introduction to topological spaces and their structure with emphasis on separation axioms, continuity, metric spaces, and homology. **3 credits.**

MAT 475 ADVANCED TOPICS IN MATHEMATICS

Prerequisite: MAT 380. The department will choose topics to be covered which will best prepare students to begin graduate studies in mathematics. Possible topics include topology, abstract algebra, partial differential equations, differential geometry, group theory, measure theory and probability, computation and logic, and mathematical computation. **3 credits.**

MAT 480 MATHEMATICAL COMPUTATION

A survey of technology and procedures being used to aid computation in a number of mathematical fields such as calculus, algebra, differential equations, linear algebra, geometry, numerical analysis, statistics, number theory, and mathematical programming. **3 credits.**

MAT 490 ADVANCED CALCULUS

Prerequisite: MAT 261. The theory behind the differential and integral calculus in real Euclidian spaces and an introduction to complex variables and the differentiation and integration of complex valued functions. **3 credits.**

MAT 491 MATHEMATICS SEMINAR

Interaction of faculty with advanced students in areas of mathematical study. Required of all Mathematics majors. **3 credits.**

Courses in Missions

MIS 101 PERSONAL EVANGELISM

Scriptural methods of witnessing and leading souls to a personal acceptance of Christ as Savior and of basic teaching needed in the discipleship of new believers. A program of Scripture memorization, reading of biographies of personal workers, and opportunities for practical experiences in personal work are included. **2 credits.**

MIS 201 HISTORY AND PHILOSOPHY OF MISSIONS

An introduction to the Biblical basis for missions. The course includes a study of the missionary call, qualifications, of and preparation for missionary life and activity, the lives of key missionary pioneers, a study of the origin, history, progress, and fields of service in the world. **3 credits.**

MIS 301 MISSION PRINCIPLES, POLICIES & PRACTICES

A survey of mission principles, policies, and practices in relation to the local church, the mission agency, and fellow missionaries/nationals on the field. A look at the practical concerns that arise during all stages of the missionary/mission endeavor. **3 credits.**

MIS 320 CROSS CULTURAL ISSUES

An examination of cross cultural issues including, but not limited to culture shock, ethnocentrism, and stereotypes as well as deep and surface culture. This course is designed to promote an understanding of and sensitivity to cultural differences for individuals who intend to pursue careers as Christian teachers, missionaries, and other workers who desire to serve in this country and abroad. Applications and awareness of these concepts in the multicultural classroom are addressed in the course. **3 credits.**

MIS 401 MISSIONARY FIELD EXPERIENCE

Prerequisite: Faculty approval. A minimum three-week experience on a selected mission field under the direction of a qualified missionary field director in co-ordination with a fundamental mission agency. Fee dependent on approved experience. **3 credits.**

Courses in Applied Music

MUA 000, 001 PIANO, VOICE, INSTRUMENTAL PERFORMANCE

Group instruction and performance for all applied music students in piano or voice each semester. Piano = 000; Voice = 001. **0 credit.**

APPLIED MUSIC - PRINCIPAL PROFICIENCY*

The principal applied music proficiency field is designed for music majors and considered the student's major concentration. The student is required to study and perform representative repertoire from the Baroque, Classical, Romantic, and Modern periods. A proficiency

jury is required at the end of the first semester. A freshman assessment test is required at the end of the second semester. A sophomore platform test is required at the end of the student's second year to determine admission into the major. For the junior and senior years, a proficiency jury is held at the end of each semester. In addition, a recital is required of the student during the junior and senior years. **Each course awards one semester credit for successful completion.** Course numbers below are assigned for the various types of instruction available. In the eighth and final semester, students participate in a two-hour recital course.

Bassoon: *MUA 145, 146, 245, 246, 345, 346, 445, and 446*
Cello: *MUA 181, 182, 281, 282, 381, 382, 481, and 482*
Clarinet: *MUA 141, 142, 241, 242, 341, 342, 441, and 442*
Composition: *MUA 197, 198, 297, 298, 397, 398, 497, and 498*
Flute: *MUA 133, 134, 233, 234, 333, 334, 433, and 434*
French Horn: *MUA 161, 162, 261, 262, 361, 362, 461, and 462*
Guitar: *MUA 189, 190, 289, 290, 389, 390, 489, and 490*
Harp: *MUA 163, 164, 263, 264, 363, 364, 463, and 464*
Oboe: *MUA 137, 138, 237, 238, 337, 338, 437, and 438*
Organ: *MUA 125, 126, 225, 226, 325, 326, 425, and 426*
Percussion: *MUA 193, 194, 293, 294, 393, 394, 493, and 494*
Piano: *MUA 115, 116, 215, 216, 315, 316, 415, and 416*
Saxophone: *MUA 149, 150, 249, 250, 349, 350, 449, and 450*
String Bass: *MUA 185, 186, 285, 286, 385, 386, 485, and 486*
Trombone: *MUA 157, 158, 257, 258, 357, 358, 457, and 458*
Trumpet: *MUA 153, 154, 253, 254, 353, 354, 453, and 454*
Tuba: *MUA 169, 170, 269, 270, 369, 370, 469, and 470*
Viola: *MUA 177, 178, 277, 278, 377, 378, 477, and 478*
Violin: *MUA 173, 174, 273, 274, 373, 374, 473, and 474*
Voice: *MUA 105, 106, 205, 206, 305, 306, 405, and 406*

NOTE: All principal proficiency lessons have a \$440 course fee per lesson (50-minute lesson).

APPLIED MUSIC - SECONDARY PROFICIENCY*

The secondary applied music proficiency field is designed for music majors and is taken in conjunction with the student's principal proficiency. Minimum proficiency is required and proven through examination. Piano principals are required to study secondary voice or an orchestral instrument. Vocal and all other instrumental principals are required to study secondary piano. **Each course awards one semester credit for successful completion.** Course numbers below are assigned the available instruction.

Piano: *MUA 113, 114, 213, 214, 313, 314, 413, and 414*
Voice: *MUA 103, 104, 203, 204, 303, 304, 403, and 404*

COURSE DESCRIPTIONS

NOTE: All secondary proficiency lessons have a \$220 course fee per lesson (25-minute lesson).

APPLIED MUSIC - NON-MUSIC MAJOR*

These applied courses are designed for the non-music major who is interested solely in developing skill for personal enrichment. Instruction is tailored to take students from their level of entry to a designated level of improvement. **Each course awards one semester credit for successful completion.** Course numbers below are assigned for the various types of instruction.

Bassoon: *MUA 143, 144, 243, 244, 343, 344, 443, and 444*
Cello: *MUA 179, 180, 279, 280, 379, 380, 479, and 480*
Clarinet: *MUA 139, 140, 239, 240, 339, 340, 439, and 440*
Composition: *MUA 195, 196, 295, 296, 395, 396, 495, and 496*
Flute: *MUA 131, 132, 231, 232, 331, 332, 431, and 432*
French Horn: *MUA 159, 160, 259, 260, 359, 360, 459, and 460*
Guitar: *MUA 187, 188, 287, 288, 387, 388, 487, and 488*
Harp: *MUA 165, 166, 265, 266, 365, 366, 465, and 466*
Hymnplaying: *MUA 117, 118, 217, 218, 317, 318, 417, and 418*
Oboe: *MUA 135, 136, 235, 236, 335, 336, 435, and 436*
Organ: *MUA 121, 122, 221, 222, 321, 322, 421, and 422*
Percussion: *MUA 191, 192, 291, 292, 391, 392, 491, and 492*
Piano: *MUA 111, 112, 211, 212, 311, 312, 411, and 412*
Saxophone: *MUA 147, 148, 247, 248, 347, 348, 447, and 448*
String Bass: *MUA 183, 184, 283, 284, 383, 384, 483, and 484*
Trombone: *MUA 155, 156, 255, 256, 355, 356, 455, and 456*
Trumpet: *MUA 151, 152, 251, 252, 351, 352, 451, and 452*
Tuba: *MUA 167, 168, 267, 268, 367, 368, 467, and 468*
Viola: *MUA 175, 176, 275, 276, 375, 376, 475, and 476*
Violin: *MUA 171, 172, 271, 272, 371, 372, 471, and 472*
Voice: *MUA 101, 102, 201, 202, 301, 302, 401, and 402*

NOTE: All non-music major lessons have a \$220 course fee per lesson (25-minute lesson).

*Students enrolling in any applied music course are required to enroll in the appropriate performance class. Performance classes meet regularly as announced by the music department.

COURSE DESCRIPTIONS

Courses in Music

All entering music majors and minors and transfer students will take a music theory placement test prior to or during the first scheduled meeting of MUS 123 or 125. The result of this test will determine whether they may enroll in MUS 123 or whether they must enroll in MUS 098.

- MUS 098, 099** **BASIC MUSIC**
Covers rudiments of music pertaining to notation, intervals, keys, scales, sight-singing, and ear-training. Entrance is determined by score on Theory Placement Test. A minimum grade of C- is required for satisfactory completion. Not applicable toward graduation requirements. **1 credit each.**
- MUS 123, 124** **MUSIC THEORY I & II**
Fundamentals of music and basic harmony. Some instrumental or vocal background desirable. **2 credits each.**
- MUS 125, 126** **AURAL THEORY I & II**
Sight-singing and ear training, including rhythmic, melodic, and harmonic dictation and elementary keyboard harmony. Must be taken concurrently with MUS 123, 124. **1 credit each.**
- MUS 160-163** **COLLEGE CHOIR**
Open audition to all who love to sing serious music. The choir presents a major Christmas work, periodically ministers in Sunday church services, and participates in an extended tour during the spring semester. Extra time commitment is expected. A maximum of four credits may be applied toward graduation requirements. Choir fee: \$30. **1 credit.**
- MUS 170-173** **CHORALE**
A select mixed ensemble chosen by audition. Represents the College through performances in high school assemblies, local churches, and civic organizations. A maximum of four credits may be applied toward graduation requirements except for Church Music and Music majors. **1 credit.**
- MUS 190** **PEP BAND**
The Pep Band stirs up the crowd at the home basketball games. It meets once a week for one hour just a few weeks before basketball season and will perform all season long. Individuals are selected by audition. A minimum of ten students must register for credit in order for the course to be offered. **1 credit.**
- MUS 223, 224** **MUSIC THEORY III & IV**
Prerequisites: MUS 124, 126. Advanced harmony including secondary dominants and augmented sixth chords. **2 credits each.**
- MUS 225, 226** **AURAL THEORY III & IV**
Advanced sight-singing and ear training with increased emphasis on harmonic dictation in addition to more advanced rhythmic and melodic dictation and keyboard harmony. Must be taken concurrently with MUS 223, 224. **1 credit each.**

COURSE DESCRIPTIONS

- MUS 230-231 DICTION FOR SINGERS**
These courses should be taken concurrently with the first semester of voice study. Pronunciation improvement through study of the International Phonetic Alphabet (IPA). Emphasis on Latin, Italian, German, French, and English pronunciation through class discussion, practice drills, and song preparation. **1 credit each.**
- MUS 250-253 WOODWIND ENSEMBLE**
Group practice and performance of selected music in chapel, in recital, and in local churches. Individuals are selected by audition. A maximum of four credits may be applied toward graduation requirements. **1 credit each.**
- MUS 255-258 BRASS ENSEMBLE**
Group practice and performance of selected music in chapel, in recital, and in local churches. Individuals are selected by audition. A maximum of four credits may be applied toward graduation requirements. **1 credit each.**
- MUS 260-263 STRING ENSEMBLE**
Group practice and performance of selected music in chapel, in recital, and in local churches. Individuals are selected by audition. A maximum of four credits may be applied toward graduation requirements. **1 credit each.**
- MUS 265-268 WIND ENSEMBLE**
Group practice and performance of selected music in chapel, in recital, and in local churches. Individuals are selected by audition. A maximum of four credits may be applied toward graduation requirements. **1 credit each.**
- MUS 270-273 ORCHESTRA**
Group practice and performance of various orchestral literature, primarily for annual Christmas concerts and spring musical productions. A maximum of four credits may be applied toward graduation. **1 credit each.**
- MUS 275-278 FLUTE CHOIR**
Group practice and performance of selected music in chapel, in recital, and in local churches. Individuals are selected by audition. A maximum of four credits may be applied toward graduation requirements. A minimum of ten students must register for credit in order for the course to be offered. **1 credit each.**
- MUS 313, 314 MUSIC HISTORY I & II**
Prerequisites: MUS 124, 126, HUM 202. A survey of the historical development of musical styles and the literature representative of those styles including listening and score study. MUS 313 covers medieval, renaissance, and baroque styles and MUS 314 covers classic, romantic, and modern styles. **3 credits each.**
- MUS 323 FORM & ANALYSIS**
Prerequisites: MUS 224, 226. A study of the development of form in music beginning with simple two-part forms, 16th-century counterpoint, and concluding with sonata-allegro form. Most of the class work consists of music analysis by the student. **2 credits.**

COURSE DESCRIPTIONS

- MUS 324 ORCHESTRATION & ARRANGING**
Prerequisites: MUS 124, 126. Basics of instrumentation including transpositions, ranges, and technical limitations of orchestral instruments. Principles of arranging apply primarily to choral arrangements of hymns. **2 credits.**
- MUS 332 PIANO PEDAGOGY AND LITERATURE**
Prerequisites: MUS 124, 126. A study of the methods, techniques, and basic literature for teaching piano. Required of all piano principal students. **2 credits.**
- MUS 334 VOCAL PEDAGOGY AND LITERATURE**
Prerequisite: MUS 124, 126. A study of the methods, techniques, and basic literature for teaching voice. Required of all voice principal students. **2 credits.**
- MUS 341 BRASS TECHNIQUES**
Prerequisites: MUS 124, 126. Basic class instruction in brass instrument pedagogy. **1 credit.**
- MUS 342 PERCUSSION TECHNIQUES**
Prerequisites: MUS 124, 126. Basic class instruction in percussion instrument pedagogy. **1 credit.**
- MUS 351 ELEMENTS OF CONDUCTING**
Prerequisites: MUS 124, 126. Basic time-beating gestures and patterns, both traditional and modern. Basic baton techniques and expressive gestures; cues, fermatas, cut-offs, tempo changes; conducting terminology; and basic score reading. **1 credit.**
- MUS 352 CHORAL CONDUCTING**
Prerequisites: MUS 124, 126, 351. Application of basic conducting techniques specifically to choral music and to interpreting the choral score. Conducting recitative; choral style; consonants and vowels; breathing; tone quality and intonation; balance; attack and release; seating charts; and basic choral score reading. **1 credit.**
- MUS 353 INSTRUMENTAL CONDUCTING**
Prerequisites: MUS 124, 126, MUS 351. Application of basic conducting techniques specifically to instrumental music and to interpreting band and orchestral scores. Problems of intonation, balance, attack, and release and of string, woodwind, brass and percussion instruments. The instruments in the score; clefs; bowings; instrument ranges; seating charts; and basic score reading. **1 credit.**
- MUS 354 CHORAL LITERATURE**
Prerequisites: MUS 124, 126, HUM 202. A survey of choral literature through all the style periods of music history. Major emphasis is the examination of shorter and longer forms of sacred choral works. **2 credits.**
- MUS 356 CHURCH MUSIC ADMINISTRATION**
Prerequisites: HUM 202, instructor's approval. Philosophies of music in worship based on the Scriptures and our Christian heritage; organizing and administering a church music program; the responsibilities of the minister of music. **2 credits.**

COURSE DESCRIPTIONS

- MUS 358 EVANGELISTIC SONGLEADING**
Fundamentals of basic conducting as it applies to leading congregational singing. **1 credit.**
- MUS 364 HYMNOLOGY**
Prerequisites: MUS 124, 126, HUM 202. A survey of hymn history and development of hymnody from Biblical times to the present day. **2 credits.**
- MUS 401 CHURCH MUSIC PRACTICUM**
Prerequisite: Senior status. Senior Church Music majors will be assigned a local church in which to serve as assistant minister of music under the supervision of a music faculty member. This is to provide valuable on-the-job training to the future church music director in the areas of worship leadership, song leading, choir directing, and possibly orchestra directing and piano and/or organ playing. **0 credit.**
- MUS 423 COUNTERPOINT**
Prerequisites: MUS 224, 226. The study of composition for examples and principles of counterpoint with particular emphasis on counterpoint techniques represented in Bach's works. Emphasizes fundamental principles of tonal functions, voice leading, harmonic formulae, and compositional devices to create original examples of two- and three-part counterpoint and canon. **2 credits.**
- MUS 441 STRING TECHNIQUES**
Prerequisites: MUS 124, 126. Basic class instruction in string instrument pedagogy. **1 credit.**
- MUS 442 WOODWIND TECHNIQUES**
Prerequisites: MUS 124, 126. Basic class instruction in woodwind instrument pedagogy. **1 credit.**
- MUS 451, 452 MUSICAL COMPOSITION I AND II**
Prerequisites: MUS 224, 226. Designed to train the student to compose in two, three and four voices with emphasis on the melody. One requirement will be to compose a church hymn. The student will also learn to apply harmony learned in previous courses by harmonizing original melodies. How to make the most out of the music cell, the row, and other creative melodic devices. Group and individual lessons. **1 credit each.**
- MUS 492 MUSIC SEMINAR**
Prerequisites: MUS 224, 226, 314, HUM 202. Capstone course reviewing major areas of music study. Required of all senior music majors. Interaction of faculty with advanced students in an area of musical study. Requires formulation of a written personal philosophy of music. **2 credits.**
- MUS 495 MUSIC RECITAL**
Senior Music recital. Students are graded on an S/U basis. Recital fee: \$150. **0 credit.**

COURSE DESCRIPTIONS

Courses in Physical Education

- PHE 109 CONCEPTS OF LIFETIME FITNESS (M/W)**
Required of all students. This course is designed to prepare the student to evaluate, develop, and maintain a personal level of health-related fitness. Special emphasis is placed upon participation in aerobic activities. **1 credit.**
- PHE 151 INTRODUCTION TO PHYSICAL EDUCATION**
Introduction to physical education as a profession, including an overview of the fields of study within physical education. **2 credits.**
- PHE 211 TEACHING TEAM SPORTS**
This course enables the student to analyze the mechanics, develop teaching cues, and provide for error detection and correction of team sport skills. This course is reserved for the physical education major. **2 credits.**
- PHE 212 TEACHING INDIVIDUAL AND DUAL SPORTS**
This course enables the student to analyze the mechanics, develop teaching cues, and provide for error detection and correction of individual and dual sport skills. This course is reserved for the physical education major. **2 credits.**
- PHE 271 PREVENTION & CARE OF ATHLETIC INJURIES**
Studies the principles and procedures for the immediate and long-term prevention, treatment, and care of athletic-related injuries. Red Cross certification is given. Course fee: \$40. **3 credits.**
- PHE 279-280 EXERCISE SCIENCE PRE-PRACTICUM**
These courses are designed to provide each student with practical experience on campus in the exercise science area, specifically athletic training. The student will assist with training room sessions, sport practices, and or games. Graded on an S/U basis. **0 credit.**
- PHE 304 CONDITIONING AND FITNESS**
Methods of instruction are given in the area of nutrition, conditioning, and fitness. Emphasis is placed on the role of exercises and personal fitness. Evaluation of physical fitness is analyzed and studied. **3 credits.**
- PHE 305 NUTRITION**
A study of the nutrients; their sources, functions, and utilization; their relationship to health and development. Examines the need for reliable nutrition information, education, and dietetics. **3 credits.**
- PHE 310 PRINCIPLES AND PSYCHOLOGY OF COACHING**
An introduction to the area of coaching. Includes the study of psychosocial factors related to sport performance. **2 credits.**

COURSE DESCRIPTIONS

- PHE 311-319 THEORY AND PRACTICE IN COACHING SPORTS**
Discussions of positions, strategy of offense, defense, and team play. Emphasis on developing Christian character in student athletes. **2 credits each.**
311 Volleyball 317 Baseball
313 Basketball 319 Softball
315 Soccer
- PHE 320 COACHING PRACTICUM**
A field experience assisting with a college or high school sports team. Advanced departmental approval is required. Graded on a credit/no credit basis. **2 credits.**
- PHE 340 MOTOR LEARNING AND DEVELOPMENT**
An overview of motor development along with the study of theories, principles, and concepts that increase the capability of a person in performing a motor or sport skill. The student will be involved in lectures and laboratory experiences in motor learning and performance. **3 credits.**
- PHE 371 ADVANCED ATHLETIC TRAINING**
Prerequisite: PHE 271. Care and prevention of athletic injuries. Advanced analysis and practiced application of the principles of sports medicine and athletic injuries. An in-depth study of the role and techniques of the athletic trainer. Course fee: \$40. **3 credits.**
- PHE 378 KINESIOLOGY**
Prerequisites: SCI 104, 204. Examines the anatomical origins, insertions, and innervations of muscles. Specific emphasis is on anatomical development and muscle physiology. **3 credits.**
- PHE 379-380 EXERCISE SCIENCE PRE-PRACTICUM**
These courses are designed to provide each student with practical experience on campus in the exercise science area, specifically athletic training. The student will assist with training room sessions, sport practices, and or games. Graded on an S/U basis. **0 credit.**
- PHE 472 ORGANIZATION AND ADMINISTRATION OF PHYSICAL EDUCATION AND ATHLETICS**
Prerequisite: PHE 151. Studies of the organizational and administrative duties and problems related to physical education and athletic programs in the school. **2 credits.**
- PHE 473 SPORTS MANAGEMENT PRACTICUM I**
A field experience introducing the student to the organization and administration of a sports center, athletic department, health club, etc. Advanced departmental approval is required. Graded on an S/U basis. **2 credits.**
- PHE 474 SPORTS MANAGEMENT PRACTICUM II**
A field experience for the student to assist the organization and administration of a sports center, athletic department, health club, etc. Advanced departmental approval is required. Graded on an S/U basis. **2 credits.**

COURSE DESCRIPTIONS

PHE 476 SPORTS MINISTRY PRACTICUM I

Departmental approval is required. A field experience introducing the student to the organization and administration of a sport-related ministry. Graded on an S/U basis. **2 credits.**

PHE 477 SPORTS MINISTRY PRACTICUM I

Department approval is required. A field experience for the student to assist in the organization and administration of a sport-related ministry. Graded on an S/U basis. **2 credits.**

PHE 478 EXERCISE PHYSIOLOGY

Prerequisites: SCI 104, 204. Studies acute and chronic adaptations of various bodily systems to exercise. **3 credits.**

PHE 479 EXERCISE SCIENCE PRACTICUM I

A field experience introducing the student to an area of exercise science such as a sports medicine clinic, physical therapy center, etc. Advanced departmental approval is required. Graded on an S/U basis. **2 credits.**

PHE 480 EXERCISE SCIENCE PRACTICUM II

A field experience in assisting and applying concepts and principles in the area of exercise science such as a sports medicine clinic, physical therapy center, etc. Advanced departmental approval is required. Graded on an S/U basis. **4 credits.**

Courses in Philosophy

PHI 201 INTRODUCTION TO PHILOSOPHY

A study of the issues of philosophy centered in such classical problems as truth, knowledge, origins, values, and religious experience. Includes a survey of the leading systems of philosophy. All systems are compared and contrasted with the Christian world view based on divine revelation. **3 credits.**

Courses in Political Science

POS 231 AMERICAN CONSTITUTIONAL GOVERNMENT

A historical study of the origins, framing, and ratification of the U.S. Constitution with an emphasis on the structure of American government and the development of the distinctly American theory and practice of constitutionalism. **3 credits.**

POS 349 HISTORY OF U.S. PRESIDENTIAL ELECTIONS

See HIS 349. **3 credits.**

POS 492 POLITICAL SCIENCE INTERNSHIP

One semester field experience in Washington, D.C., offered in conjunction with a government agency or political organization. **6 credits.**

Courses in Psychology

- PSY 210 GENERAL PSYCHOLOGY**
Prerequisite to all other courses in psychology. A survey of the field including the biological roots of behavior, perception, learning, motivation, emotion, and social behavior. Introduces specialized fields of psychology. **3 credits.**
- PSY 215 INTERMEDIATE PSYCHOLOGY**
Prerequisite: PSY 210. An intermediate study of neurophysiology, sensation, perception, cognition, learning, memory, and language, including an emphasis on the endocrine system and emotions. Through critical thinking, students will filter all content through a Scriptural frame of reference, especially in the review of theories of developmental, social, and clinical psychology. **3 credits.**
- PSY 220 BIBLICAL COUNSELING TRAINING**
Prerequisites: PSY 210 and Psychology major or permission of professor. Teaches how to examine one's emotions and relationships Biblically. Compares and contrasts Biblical and humanistic ways of handling life's problems. **3 credits.**
- PSY 230 INTERMEDIATE PSYCHOLOGY PRACTICUM**
Prerequisites: PSY 210, 220. Intermediate Practicum is an exposure to the task of Biblical counseling. This course is designed to assist the student with the development of a helping framework with a Biblical foundation. The student will develop skills needed to aid others in managing the problem situations of their lives more effectively. Opportunity will be afforded to observe and perhaps experience counseling situations through volunteering at an approved organization. **3 credits.**
- PSY 240 ADOLESCENT PSYCHOLOGY**
Prerequisites: PSY 210, 220. Studies the emotional and interpersonal dynamics of human beings between the developmental characteristics of childhood dependency and adult commitments, such as marriage and career. **3 credits.**
- PSY 250 MARRIAGE AND THE FAMILY**
Prerequisites: PSY 210, 220, 240. Examines the characteristics which foster commitments for a lifetime and the foundations for raising strong, healthy children. **3 credits.**
- PSY 260 CHILD PSYCHOLOGY**
Prerequisites: PSY 210, 220, 240, 250. Studies the physical, spiritual, cognitive, emotional, and social development of human life from birth through late childhood. **3 credits.**
- PSY 272 EDUCATIONAL PSYCHOLOGY**
See EDU 272. **3 credits.**
- PSY 330 CLINICAL AND COUNSELING PSYCHOLOGY**
Prerequisites: PSY 210-250 (unless waived by psychology department). The principal approaches to counseling are considered. Methods in group and individual counseling; theories and procedures used in clinical and counseling psychology. **3 credits.**

COURSE DESCRIPTIONS

PSY 340 NEUROPHYSIOLOGY

Prerequisites: PSY 210-250 (unless waived by psychology department). Studies the historical roots and methods of neurophysiology; neurons, synapses, neurotransmitters; as well as the anatomy of the nervous system—including the visual, auditory, olfactory, vestibular, and somesthetic systems. **3 credits.**

PSY 350 ABNORMAL PSYCHOLOGY

Prerequisites: PSY 210-250 (unless waived by psychology department). Studies the cause of personality disorganization including neurotic and psychotic behavior and their origin, classification, and symptoms. Surveys diagnosis, therapy, and prevention. **3 credits.**

PSY 450 PSYCHOLOGY PRACTICUM

Prerequisite: Senior standing in the psychology department; departmental approval. The student gains practical experience in a specialty area by doing volunteer work in an approved organization. This knowledge will be reinforced with classroom sharing and instruction one to three hours per week and supervised field work a minimum of five hours per week. **3 credits.**

PSY 460 EXPERIMENTAL PSYCHOLOGY

Prerequisites: PSY 210-250. An introduction to the research process including the basic nature of research, simple research designs, and statistics for the behavioral sciences, with an emphasis on laboratory skills and reporting. Required for graduate work in psychology. Lab fee: \$35. **3 credits.**

PSY 465 SOCIAL PSYCHOLOGY

Prerequisites: PSY 210-250. A scientific study of how people think about, influence, and relate to one another, with an emphasis on attitudes and beliefs. **3 credits.**

PSY 470 PERSONALITY THEORY

Prerequisites: PSY 210-250. Studies the organization, classification, and dynamics of personality. **3 credits.**

PSY 471-474 DIRECTED STUDY IN PSYCHOLOGY

Prerequisite: Department approval. This course is tailored to fit the special needs of the students involved. Course descriptions may vary with the course needs. **471 = 1 credit; 472-474 = 2 credits each.**

PSY 491 PSYCHOLOGY SEMINAR

Prerequisites: PSY 210-470. Reviews major areas of study within the field of psychology, evaluating the student's knowledge of major concepts throughout the field. **3 credits.**

Courses in Science

SCI 104 GENERAL BIOLOGY I

An introduction, with laboratory experiences and Christian-creationist perspective, to the major concepts in life science that affect our society and concept of self: DNA and chemical effects on living cells; reproduction and life before birth; disease, aging, and death; ecology; origin and history of life on earth; understanding the scientific enterprise. **3 credits.**

COURSE DESCRIPTIONS

SCI 105 GENERAL BIOLOGY II

Prerequisite: SCI 104. A continuation of SCI 104. Laboratory SCI 195 required.
3 credits.

SCI 106 PHYSICAL SCIENCE

An introduction to the fundamentals of matter and energy, emphasizing the Biblical teaching of a literal six-day creation for interpreting scientific data. This course is designed for non-science and elementary education majors with a laboratory component incorporated into the course. **3 credits.**

SCI 107 EARTH SCIENCE

An introduction to the fundamentals of geology and astronomy, emphasizing the Biblical teaching of a literal six-day creation and a universal Flood for interpreting scientific data.
3 credits.

SCI 151 MEDICAL TERMINOLOGY

Introduction to biomedical terminology through the study of prefixes, suffixes, and root words. **1 credit.**

SCI 194 BIOLOGY I LAB

Lab work in biology. Lab fee: \$40. **1 credit.**

SCI 195 BIOLOGY II LAB

Lab work in biology. Lab fee: \$40. **1 credit.**

SCI 201 GENERAL PHYSICS I WITH LAB

Prerequisite: MAT 140 or equivalent. Basic principles and laboratory work. Topics include force balances, Newton's laws of motion, conservation of momentum, properties of fluids, phase changes, and gas laws. Laboratory required. Lab fee: \$40. **4 credits each.**

SCI 202 GENERAL PHYSICS II WITH LAB

Prerequisite: SCI 201 or equivalent. A continuation of General Physics I (SCI 201). Topics include acoustics, electricity and magnetism, electromagnetic radiation, optics, and radioactivity. Laboratory required. Lab fee: \$40. **4 credits.**

SCI 204 ANATOMY AND PHYSIOLOGY I WITH LAB

Prerequisite: SCI 104. This course consists of a study of the structures and functions of the human body. This semester covers cells, tissues, the integument, skeletal system, muscular system, nervous system, and endocrine system. Laboratory required. Lab fee: \$40.
4 credits.

SCI 205 ANATOMY AND PHYSIOLOGY II WITH LAB

Prerequisite: SCI 204. A continuation of SCI 204. Covers digestion, the respiratory system, circulatory system, urinary system, reproduction, and development. Laboratory required. Lab fee: \$40. **4 credits.**

COURSE DESCRIPTIONS

SCI 210 HISTORY AND PHILOSOPHY OF SCIENCE

Prerequisites: SCI 104, 106 or 107. The history of science beginning with the earliest human history recorded in Genesis chapter 1; the divine mandate for science (Genesis 1:28) and the philosophical underpinnings of secular and Biblically-based science are emphasized. **3 credits.**

SCI 251 GENERAL CHEMISTRY I WITH LAB

Prerequisite: High school Algebra II or MAT 140 may be taken concurrently. Basic principles and laboratory work. Topics include the mole concept, stoichiometry, solutions, gas thermochemistry, quantum theory, and chemical bonding. Laboratory required. Lab fee: \$40. **4 credits.**

SCI 252 GENERAL CHEMISTRY II WITH LAB

Prerequisite: SCI 251 or equivalent. A continuation of General Chemistry I (SCI 251). Topics include chemical equilibrium, acids and bases, reaction equilibrium and reaction rates, electrochemistry, nuclear chemistry, and introductory organic chemistry. Laboratory required. Lab fee: \$40. **4 credits.**

SCI 304 BOTANY WITH LAB

Prerequisite: SCI 104. Anatomy and physiology of seed plants and a systematic survey of all major plant groups, living and fossil, including laboratory and field work. Laboratory required. Lab fee: \$40. **4 credits.**

SCI 305 INVERTEBRATE ZOOLOGY WITH LAB

Prerequisite: SCI 105. A systematic survey, with extensive laboratory and field work, of the major invertebrate groups, contrasting creationist and evolutionist concepts of phylogeny and the meaning of the taxonomic hierarchy. Laboratory required. Lab fee: \$40. **4 credits.**

SCI 306 ORGANIC CHEMISTRY I WITH LAB

Prerequisite: SCI 252 or equivalent. Nomenclature, structure, physical properties, reactions, and preparation of carbon compounds. Laboratory required. Lab fee: \$40. **4 credits.**

SCI 307 ORGANIC CHEMISTRY II WITH LAB

Prerequisite: SCI 306. A continuation of Organic Chemistry I (SCI 306) with special emphasis on compounds of biological importance. Laboratory required. Lab fee: \$40. **4 credits.**

SCI 320 ECOLOGY

Prerequisite: SCI 104. A study of ecology emphasizing the interrelationships of various systems and man's stewardship of the earth's resources. **3 credits.**

SCI 321-322 FIELD BIOLOGY

Field study emphasizing the biology and related geology of selected sites in the United States. Course fee: includes travel and camping expenses; varies with the location of the site. **2 credits each.**

SCI 329 MARINE BIOLOGY

Prerequisites: SCI 105, 305. A study of marine life in natural environments with emphasis on ecological factors and relationships. Course fee: \$125 plus scuba option. **3 credits.**

COURSE DESCRIPTIONS

- SCI 330 MICROBIOLOGY WITH LAB**
Prerequisites: SCI 104, 194. The study of microbes, especially bacteria, with emphasis on laboratory skills broadly useful in medical and environmental sciences. Laboratory required. Lab fee: \$40. **4 credits.**
- SCI 375 PALEONTOLOGY**
Prerequisites: SCI 105, 106, 305. The study of fossils including an extended field trip, with emphasis on field collection techniques, identification, and biosystematic relationships. Course fee: \$75. **3 credits.**
- SCI 402 CELL BIOLOGY**
Prerequisite: SCI 105, 252. This course will integrate molecular biology, DNA structure, RNA structure and activity into cell biology. This will include cell morphology as well as physiology. These areas will include distribution of proteins, membrane structure, activities of mitochondria, microtubule and genetic inheritance. Other topics may be introduced as time permits. **3 credits.**
- SCI 410 GENETICS WITH LAB**
Prerequisite: SCI 105. Molecular, neo-Mendelian, and population genetics, including DNA, meiosis, and problem solving, concluding with a discussion of the limits of hereditary variability and the nature and origin of species. Laboratory required. Lab fee: \$35. **4 credits.**
- SCI 420 BIOCHEMISTRY**
Prerequisite: SCI 104, 105, 205, 251, 252. The study of the chemical and physical properties of the major constituents of cells and body fluids. This includes the mechanisms and utilization of amino acids, carbohydrates, lipids, proteins, and nucleic acids. Also included are enzymes, bioenergetics, and nutrition. **3 credits.**
- SCI 479 SCIENCE SEMINAR**
Prerequisite: Senior status in biology or pre-med majors. Special topics and content review in the science programs. **1 credit.**
- SCI 480 SENIOR RESEARCH**
Prerequisite: five laboratory courses and approval of cooperating faculty. Research culminating in a written scientific report. Lab fee: \$40. **2 credits.**
- SCI 481-482 DIRECTED STUDY IN SCIENCE**
Prerequisite: department approval. This course is tailored to fit the special needs of the students involved. Course descriptions may vary with the course needs. **4 credits each.**
- SCI 491 ORIGINS SEMINAR**
Prerequisites: Senior status. Capstone course. Topics in origins research from a creationist perspective. **1 credit.**

COURSE DESCRIPTIONS

Courses in Secretarial Science

SEC 101 OFFICE PROCEDURES

Students develop ability and skill in a variety of office responsibilities. Covers duties expected of a secretary in the normal operations of a business office including the use of modern office equipment. Course fee: \$10. **3 credits.**

SEC 107 KEYBOARDING/WORDPROCESSING I

Students learn the touch system of keyboarding and develop accuracy, rhythm, and speed. Presents form, arrangement, and style of business letters and other business documents. Course fee: \$40. **3 credits.**

SEC 108 KEYBOARDING/WORDPROCESSING II

Prerequisite: SEC 107. Experience in typing a wide variety of cards, envelopes, reports, manuscripts, forms, and general correspondence. Course fee: \$40. **3 credits.**

SEC 210 OFFICE TECHNOLOGY

Prerequisites: SEC 107, 108. The operation of standard and newly emerging business equipment found in modern offices, including technology associated with reproductions, storage and retrieval, data distribution such as transcriptions equipment, word processors, electronic calculators, and computer-related functions such as specialized software, telephone, video conferencing, electronic mail, FAX, photocopiers. Course fee: \$20. **3 credits.**

SEC 300 MEDICAL TRANSCRIPTION

Prerequisites: SEC 107, 210. An overview of common medical office terminology, documents, and procedures. Course fee: \$12. **2 credits.**

SEC 310 RECORDS MANAGEMENT

Prerequisite: SEC 108. An introduction to the comprehensive field of records management, emphasizing the principles and practices of effective records management for manual and automated records systems. **2 credits.**

SEC 315 LEGAL TRANSCRIPTION

Prerequisites: SEC 107, 108, 210. An overview of common legal office terminology, documents, and procedures. Course fee: \$12. **2 credits.**

Courses in Special Education

SED 200 INTRODUCTION TO EXCEPTIONAL STUDENTS

Examines the foundations of special education, including historical perspectives, current trends and issues, and service delivery models. It provides elementary and special education majors with recommended procedures for teaching children who have learning disabilities, behavior disorders, hearing impairments, visual impairments, mental retardation, physical challenges, and those who are gifted and talented. **3 credits.**

- SED 331 STRATEGIES FOR TEACHING STUDENTS WITH SPECIFIC LEARNING DISABILITIES**
Prerequisite: SED 200. Instructional strategies will be analyzed for teaching students with specific learning disabilities. Topics include teaching basic skills, the adaptation of existing curriculum, and principles in the development, implementation, and evaluation of the individualized educational plan (IEP). **3 credits.**
- SED 341 STRATEGIES FOR TEACHING STUDENTS WITH MENTAL RETARDATION**
Prerequisite: SED 200. Instructional strategies for teaching children with mental handicaps will be discussed. Topics include special approaches to teaching academic, adaptive, and social skills, key principles in the development, implementation, and evaluation of the individualized educational plan (IEP). Students will have experiences with adaptive and assistive technologies. **3 credits.**
- SED 410 TESTS & MEASUREMENTS OF EXCEPTIONAL STUDENTS**
Prerequisite: SED 200. Investigation of formal and informal evaluation techniques and the interpretation, application, and communication of results. Emphasis is placed on the use of assessment information for educational programming and individualization of instruction. **3 credits.**
- SED 420 BEHAVIOR AND EDUCATIONAL MANAGEMENT OF EXCEPTIONAL STUDENTS**
Prerequisite: SED 200. Provides an analysis of classroom organization, behavior management, and consultation skills. Emphasis is placed on spiritual principles of nurturance, child training, and discipline. **3 credits.**
- SED 421 STRATEGIES FOR TEACHING STUDENTS WITH BEHAVIOR DISORDERS AND EMOTIONAL HANDICAPS**
Prerequisite: SED 200. Instructional strategies will be explored for teaching children and youth with emotional or behavioral disorders. Topics include the development and implementation and evaluation of the individualized education plan (IEP), motivational strategies, technology, and Biblical models for self-discipline. **3 credits.**
- SED 430 PERSONAL DEVELOPMENT OF EXCEPTIONAL STUDENTS**
Prerequisite: SED 200. Students will learn methods of teaching social and personal skills to exceptional students. Topics include interpersonal relationships, goal setting, individual responsibility, interest inventories, career awareness, vocational training, and transition planning for adult living. **3 credits.**

PERSONNEL

Clearwater Christian College is committed to employing qualified, dedicated personnel to achieve the goal of training men and women who are academically and spiritually prepared for the vocations God has for their lives.

The College Board of Directors is comprised of professionals and leaders in full-time Christian ministries and businesses. The College president is responsible to implement Board policies and for the overall operation of the College. The National Advisory Board, a group of pastors and Christian laymen, is a non-voting entity that provides additional support from the Christian community. College administrators are responsible to lead their respective departments under the direction of the president. Faculty provide the instructional program and share the responsibility of implementing the educational and spiritual objectives of the College. Staff members serve in an academic support capacity to see that administrative and instructional goals are achieved. All personnel are selected on the basis of their personal relationship with Jesus Christ, their qualifications, and their unique vocational or ministerial experiences.
